LAW ENTRANCE EXAMS

Usha Albuquerque &
Nidhi Prasad

Lawyers affect our everyday lives in countless ways. They are involved in everything from buying a home, to writing a will, to prosecuting and defending criminals. They counsel, strategize, problem-solve, write, advocate, negotiate - the list is endless.

Law, for a layman, means a system of rules and guidelines, legally enforceable. But as a profession, it means lots more and encompasses various fields such as litigation, media, IP, academics, etc. The role of a lawyer in today's era has completely evolved and moved many moons away from black robes and white collars to swanky corporate offices and jobs in movies and the media. As law incorporates diverse fields, it opens various options for law graduates. The demand for savvy law school graduates, with the requisite skills to handle key positions at leading organizations across

diverse sectors, has surged dramatically.

Law as a profession is in great demand these days. Besides being financially lucrative, Law is an adventurous and exciting career option.

Lawyers advice clients about their legal rights and recommend course of action in a meticulous manner. They also counsel clients and pre-legal documents, such as wills and contracts and conduct negotiations on legal matters and may represent clients in court and tribunal proceedings.

Academic excellence does not count for success in this

profession. Professional competency acquired through experience and practice with lawyers is the main benchmark of success.

There are various areas of specialization in this field which one can choose from like: Civil Law, Criminal Law, Corporate Law, Taxation Law Labor Law, International Law, Family Law, Constitutional Law, Administration Law, Patent Law etc.

What Lawyers Do?

A lawyer is a person who practices law, as a paralegal, advocate, barrister, attorney, counselor. Lawyers advice

clients and provide solutions to legal issues at both private and public level. They interpret laws, rules and regulations and prepare legal documents. They argue and debate at the courts and take decisions on legal matters. As a lawyer one is expected to apply abstract law theories to solve problems of clients in diverse set of situations.

Earlier law was a family profession - with sons and daughters following into the family legal practice. But the scene has changed today, and anyone having the traits and passion for this field can opt for the course and achieve their dreams. The legal profession, that third wing of the democratic system, is once again one of the more respectable careers, and so, highly sought after that the buzz is that lawyers are not only making news, but much money too. The black coat doesn't only have to do the rounds of musty civil courts, today's lawyer can choose the

sophistication of corporate boardrooms also.

COURSES AVAILABLE: One can either pursue a 5-year integrated B.A. LL. B (Hons) course after passing class XII examinations or a 3-year law course after graduation in any discipline. Many universities offer integrated courses such as B.B.A. - LL. B, B. Com - LL. B and even B.Tech - LL.B.

SKILLS REQUIRED

Primarily, skills such as an inquisitive nature, attention to detail, logical reasoning, persuasiveness, sound judgment and writing ability are significant for success as a professional in law. While these skills remain necessary but today, more skills are required to practice law competently. Some of these are:

- Oratory skills
- Reading habit
- Command over language
- Team work
- Emotional Intelligence

INDIAN PHARMA AND HEALTH SECTOR EMERGING AS A SUBSTANTIAL JOB CREATOR

Dr. Ranjeet Mehta
& Ms Ankita Rani

Hhealth care is one of the significant indicators of any country's overall development and status of health care indicates the nature of development of a country. Pharmaceutical companies are working consistently towards improvement of health care among people. Pharmaceutical products or drugs are one of the important components of health care management and its expenses. The increase in the income of individuals and change in lifestyle are contributing to increase in the expenses of health care management of an individual. The global pharmaceutical market size is estimated to reach USD 1.4 trillion and the Indian pharmaceutical market size is estimated as USD 55 billion by the year 2020. The Indian pharmaceutical sector is expected to grow with faster compound annual growth rate (CAGR) compared to global growth rate during the period 2015-2020.

Indian pharma sector is

expected to see double digit growth in 2018 as health awareness improves and life spans increase. Drug makers and hospitals are expected to see upward trend in hiring across roles, looking to recruit for the roles such as diagnostics and administration. Growth in lifestyle and non communicable diseases demand more healthcare professionals and creating more jobs and vacancies in pharma sector. Recruitment firms predicted that thousands

of job vacancies are available in pharma for freshers across job roles. The rise in collaboration between Indian and global pharma companies will help to improve innovation and scale which resulted in growth in recruitment and eliminate layoffs. The Pharma Industry has contributed significantly in creating a rich talent pool of researchers, scientists, doctors and project managers, the experts said at the meet, organised by the Organisation of

Pharmaceutical Producers of India (OPPI).

Globally as well as in India, the pharmaceutical industry is rapidly undergoing changes. The pace of this transformation has made it important for us to invest in developing young talent and adapting to their needs. As Generation Y begins to play a more important role in the workforce, the pharmaceutical industry will also need to adjust to the changing workplace dynamics and cultivate a strong image as an 'employer of choice'. A digital wave is sweeping across the \$17 billion Indian pharmaceutical industry and companies are dumping old ways of marketing for newer technology, a survey of 20 top drug makers in the country has found. This new technology ranges from scientific detailing to doctors to using newer algorithms for better insights into issues like patient compliance. The trend matches a similar switch in China over the last few years. The pharma industry's marketing spends through digital platforms is

GOODS AND SERVICES TAX

Attention :
Suppliers, Recipients & Transporters of goods!

E-WAY BILL SYSTEM

is now operational for
SMOOTHER, SWIFTER & EASIER
inter-State movement of goods.

IMPORTANT POINTS TO BE NOTED BY SUPPLIERS/RECIPIENTS OF GOODS

- ◆ E-way bill for inter-State movement of goods has been implemented from 1st April, 2018.
- ◆ You can register on the portal of e-way bill namely <http://ewaybillgst.gov.in> by using your GSTIN.
- ◆ E-way bill is required to be generated only where the value of the consignment exceeds Rs. 50,000/- which includes tax, but doesn't include value of exempted goods.
- ◆ In case of movement of goods on account of job-work, the supplier or the registered job-worker is required to generate the e-way bill.
- ◆ Supplier can authorize the transporter, courier agency and e-commerce operator to fill even PART-A of e-way bill on his behalf.
- ◆ If the distance between the principal place of business of the supplier to the place of business of the transporter is less than 50 Km, PART-B of the e-way bill is not required. Only PART-A of e-way bill is required to be filled.
- ◆ Time period for the recipient to communicate his acceptance or rejection of the consignment would be the validity period of the concerned e-way bill or 72 hours, whichever is earlier.
- ◆ Where the goods are transported by railways or by air or vessel, the e-way bill shall be generated by the registered supplier or registered recipient only and not by the transporter, and the same can be generated even after the commencement of the movement of the goods.
- ◆ E-way bill number can be assigned by the supplier/recipient or transporter to another registered or enrolled transporter.

IMPORTANT POINTS TO BE NOTED BY TRANSPORTERS OF GOODS

- ◆ You can register now on the portal of e-way bill namely <http://ewaybillgst.gov.in> by using your GSTIN. If you don't have GSTIN, then you can enrol on the portal without GSTIN too.
- ◆ No e-way bill is required if the value of the goods in an individual consignment is less than Rs. 50,000/-, even if the total value of all such consignments in a single conveyance is more than Rs. 50,000/-.
- ◆ Railways have been exempted from generation and carrying of e-way bill. But Railways are required to carry invoice or delivery challan etc. However, e-way bill has to be produced by the recipient before the delivery of the goods by the Railways.
- ◆ If the goods cannot be transported within the validity period of the e-way bill, the transporter may extend the validity period in case of transshipment or in case of circumstances of exceptional nature.
- ◆ Transporters can generate consolidated e-way bills in FORM GST EWB-02.
- ◆ Where the goods are transferred from one conveyance to another, details of conveyance should be updated by the transporter in Part B of FORM GST EWB-01.
- ◆ Once verified by any tax officer, the same conveyance will not be subject to a second check in any State or Union Territory, unless and until, specific information concerning the same is received.
- ◆ The validity of e-way bill is one day up to 100 km (20 km in case of Over-dimensional Cargo). For every 100 km or part thereof, it is one additional day. So if the distance to transport the cargo is 500 km, the transporters have 5 days to transport the cargo with valid e-way bill. Validity of one day will expire at midnight of the day immediately following the date of generation of e-way bill.

Common Law Admission Test (CLAT) Exam-2016

LEGAL APTITUDE

Follow the instructions carefully and choose the most appropriate option:
The question number 1- in this section consist of legal proposition(s) (hereinafter referred to as 'principle') and facts. Such principles may or may not be true in the real and legal sense, yet you have to conclusively assume them to be true for the purpose of this section. In other words, in answering the following question. Further, you must not assume any facts other than those stated in the question. The objective of this section is to test your interest towards study of law, research aptitude and problem solving ability, even if the 'most reasonable conclusion' arrived at may be absurd or unacceptable for any other reason.
To answer a question, the given principle is to be applied to the given facts so as to arrive at most reasonable conclusion.

Q.1 Principle : Intentional application of force to another person is action able in law.
Facts : 'P' and 'D' are unknown to each other. When 'P' is about to sit on a chair, 'D' intentionally pulls it away as a result of which 'P' falls on the floor and is injured.

Q. 3 Principle : Where a person lawfully does anything for another person, or delivers anything to him, not intending to do so or to provide gratuitously, and such other person takes the benefits of that; the latter is bound to compensate the former for something done or thing provided, or to restore, the thing so delivered.
Facts: Trader 'A' delivers certain eatables at 'B's house by mistake. 'B' consumed the eatables without asking anything. Which of the following derivations is correct?

Ans.

- 'B' is bound to pay 'A' for the eatables.
- 'B' can be made liable to pay for the eatables, only if 'A' establish as an express contract between 'A' and 'B'.
- 'B' is not bound to pay 'A' for the eatables.
- It is the discretion of 'B' to make payment to 'A'

Q. 4 Principle : Consent is a good defence in a civil action for tort

but the act should be the same for which consent was given.
Facts : 'B' was formally invited by 'A' to his house. 'B' after sitting for some time in drawing room, moved to the bed room of the house. 'A' sued 'B' for trespass.

Ans.

- 'B' has interfered with privacy of 'A'.
- 'B' has committed no trespass as he entered the house with 'A's consent.
- 'B' has offended 'A' by moving to bed room.
- 'B' has committed trespass as there was no consent of 'A' for entry in the Bed room.

Q. 5 Principle : Whoever takes away any moveable thing form the land of any person without that person's consent, he is said to have committed theft.
Facts : During his visit to the house of 'C', 'A' asked 'B' the son of 'C', to accompany 'A' to the forest. Neither 'A' nor 'B' informed 'C' in this regard. 'B' accompanied 'A' to the forest.

Ans.

- 'A' has committed theft as soon as he entered the house of 'C'.
- 'A' has not committed theft.
- A' has committed theft.
- 'A' has not committed theft till 'B' did not accompany him.

Q. 6 Principle: The communication of a proposal is complete when it comes to the knowledge of the person to whom it is made.
Facts : 'A' sent a letter making a proposal to 'B' to purchase the house of 'B'.

Ans.

- The communication of proposal is complete when 'B' reads the letter.
- The communication of proposal is complete when A sent the letter.
- The communication of proposal is complete when B's wife received it.
- The communication of proposal is complete when B's wife handed over the letter to 'B'.

Q. 7 Principle: Law does not penalise for wrongs which are of trivial nature.
Facts: In the course of a discussion, 'A' threw a file of papers at the table which touched the hands of 'B'.

Ans.

- 'A' is liable for his act, as the file touched 'B's hand.
- 'A' is liable for his act, as it assaulted 'B'.
- 'A' is liable for insulting 'B'.
- 'A' is not liable for his act, as it was of trivial nature.

Q. 8 Principle: Copyright law protects only work. 'Work' means cinematographic film but does not include performance by an actor in a cinematographic film.
Facts: Alia Bhatt acted in a movie

Ans.

- The acting of Alia Bhatt can be protected under copyright law as professional work.
- The acting of Alia Bhatt cannot be protected under copyright law.
- The acting of Alia Bhatt can be protected under copyright law only as an artistic work.
- The acting of Alia Bhatt can be protected as film producer's work.

Q. 9 Principle: Import means bringing some consignment into India from a foreign country.
Facts: A consignment from Sri Lanka entered the territorial waters of India. However, this consignment never crossed the Indian custom barrier nor did it enter into the stream of commerce in India.

Ans.

- The consignment will only be imported into India when it enters into the stream of commerce in India.
- The consignment was not imported into India.
- The consignment was imported into India.
- The consignment will only be imported into India when it crosses the Indian custom barrier.

Q.10 Principle: A person is said to have committed assault when an apprehension is caused in the mind of a person that he is about to use physical force against his body.
Facts: 'A' abuses 'B' while he was sitting in a moving train, by aggressively shaking his fists when 'B' was standing on the railway platform at a distance.

Ans.

- 'A' has caused apprehension of assault in the mind of 'B'.
- 'A' has committed assault against 'B'.
- A has not committed assault against 'B'.
- 'A' has caused fear of assault in the mind of 'B'.

Q.11 Principle: Sale of liquor is illegal. All agreements relating to prohibited items do not exist in the eyes of law.
Facts: 'A' entered into an agreement with 'B' for the sale of liquor. 'A' failed to supply the agreed quantity of liquor to 'B'.

Ans.

- 'B' can bring a legal action against 'B'.
- 'A' can bring a legal action against 'B'.
- 'B' cannot bring any legal action against 'A'.
- 'A' and 'B' can initiate appropriate legal proceeding against each other.

Q.12 Principle: Nothing is an offence which is done by a child under twelve years of age, who has not attained sufficient maturity of understanding to judge the nature and consequences of his conduct on that occasion.
Facts: Himesh, 11 years old boy, picks up a gold ring worth Rs 5000/- lying on a table in his friend's house and immediately sells it for Rs 2000/- , and misappropriates the money.

Ans.

- Himesh would not be protected under the principle stated above because, irrespective of the age, stealing is an offence.
- Himesh would be protected under the principle stated above because he is below 12 years of age.
- Himesh would be protected under the principle stated above because his acts show that he was not sufficiently mature to understand the nature and consequences of his conduct.
- Himesh would not be protected under the principle stated above because his acts show that he was sufficiently mature to understand the nature and consequences of his conduct.

Q.13 Principle: One who dishonestly misappropriates or converts to his own use or sells any movable property belonging to another, is guilty of the offence of misappropriation.
Facts: 'A' takes property belonging to 'Z' out of Z's possession, in good faith, believing when he takes it, that the property belongs to him self. Subsequently, 'A', on discovering his mistake, without disclosing the actual facts, dishonestly sells the

property to a stranger.

Ans.

- 'A' may be guilty of theft but not for misappropriation.
- 'A' is guilty of an offence of misappropriation.
- 'A' is not guilty because when he took the property, he believed in good faith that it belonged to him.
- 'A' is not guilty as the property can be recovered from the stranger.

Q.14 Principle: Letters or words not describing quality of things can be registered as a trade mark.
Facts: Ram made an application for registration of alphabet 'B' written in a fancy style as trade mark to be applied on packets and cartoons of shoes manufactured by him.

Ans.

- The alphabet 'B' can be registered as trade mark because it describes the quality of things.
- The alphabet 'B' cannot be registered as trade mark because it is an English letter.
- The alphabet 'B' can be registered as trade mark.
- The alphabet 'B' cannot be registered as trade mark because it belongs to humanity.

Q.15 Principle: Defamation is the publication of a statement which tends to lower reputation of a person in the estimation of other members of the society generally.
Facts: 'A' writes a highly offensive and derogatory letter about 'B', and sends it directly to 'B' in a sealed cover.

Ans.

- 'A' is liable to 'B' for defamation, as the letter is highly offensive and derogatory and is directly sent to 'B'.
- A' is not liable to 'B' for defamation, since there is no publication to any other person in whose estimation the reputation of 'B' could be brought down.
- 'A' is liable to 'B' for defamation, as the letter is highly offensive and derogatory.
- 'A' is liable to 'B' for defamation, as it has hurt his (B's) self-esteem.

Q.16 Principle: Existence of all the alleged facts is relevant, whether they occurred at the same time and place or at different times and places.
Facts: 'A', a citizen of England, is accused of committing murder of 'B' in India by taking part in a conspiracy hatched in England.

Ans.

- Only the fact that 'A' citizen of England is accused of committing murder of 'B' in India is relevant.
- 'A' citizen of England cannot be tried in India.
- Only the fact that 'A' is accused of conspiracy hatched in England is relevant.
- The facts that 'A' citizen of England is accused of commission of murder in India and of conspiracy hatched in England are relevant facts.

Q.17 Principle: An agreement without free consent can be enforced only at the option of the party whose consent was not free.
Facts: 'A' obtains the consent of 'B' to enter into an agreement by putting a gun on the head of B's girl friend.

Ans.

- 'B' can enforce the agreement.
- 'B' cannot enforce the agreement.
- Neither 'A' nor 'B' can enforce the aggrement.
- 'A' can enforce the agreement.

estimated to shoot up nearly 50% in the next two years to touch Rs 220 crore, Bengaluru-based market research firm Indegene's study shows. Mobile apps and social media are set to play a bigger role in this growth, the study that is part of a larger report on global digital marketing trends found. This will help India catch up with tech-savvy emerging markets peers like China, where nearly half the companies are expected to allocate more than a fifth of their marketing budget to digital marketing by 2018. Pharmacompanies in India have already begun switching to new technology, as new launches show.

The pharmaceutical segment is seen as an integral part of the Indian healthcare market, which is estimated to be worth Rs. 10,000 crore and growing at a CAGR of 22.9 per cent. Globally, the Indian pharma market is the third largest in terms of volume and 13th in terms of value. By 2020 genericsmedicines will occupy 70 per cent market share followed by over-the-counter 21 per cent and patented drugs capturing 9 per cent market share.

Keeping in mind the surge in the pharmaceutical sector, one must not neglect certain aspects of the Indian sector which is highly unorganised and fragmented in nature. It has nearly 25,000 companies and only 330 are organised. Total employable candidates with B.Pharm degrees were 42.3 per cent in 2016 as against those 40.62 per cent in 2015. Also as per the industry-wise hiring targets for women in pharma and healthcare sectors, the total target is about 38.67 per cent women as per the India Skill Report and the total employability of women is only about 28.28 per cent which calls for the need of gender diversity to be maintained in the pharmaceutical industry.

Indian pharmaceutical sector is estimated to account for 3.1 - 3.6 per cent of the global pharmaceutical industry in value terms and 10 per cent in volume terms. India's pharmaceutical exports stood at US\$ 16.8 billion in 2016-17 and are expected to grow by 30 per cent over the next three years to reach US\$ 20 billion by 2020, according to the Pharmaceuticals Export Promotion Council of India (PHARMEXCIL). Export of pharmaceutical items reached Rs. 696.84 billion (US\$ 10.76 billion) during April 2017. Indian companies received 304 Abbreviated New Drug Application (ANDA) approvals from the US Food and Drug Administration (USFDA) in 2017. The country accounts for around 30 per cent (by volume) and about 10 per cent (value) in the US\$ 70-80 billion US generics market.

India is the largest provider of generic drugs globally with the Indian generics accounting for 20 per cent of global exports in terms of volume. Of late, consolidation has become an important characteristic of the Indian pharmaceutical market as the industry is highly fragmented. India enjoys an important position in the global pharmaceuticals sector. The country also has a large pool of scientists and engineers who have the potential to steer the industry ahead to an even higher level. Presently over 80 per cent of the antiretroviral drugs used globally to combat AIDS (Acquired Immuno Deficiency Syndrome) are supplied by Indian pharmaceutical firms.

Major Government Initiatives in Pharma and Healthcare Sector in India

Some of the major initiatives taken by the government of India to promote the

pharmaceutical and Healthcare sector in India are as follows:

- The Union Cabinet has given its nod for the amendment of the existing Foreign Direct Investment (FDI) policy in the pharmaceutical sector in order to allow FDI up to 100 per cent under the automatic route for manufacturing of medical devices subject to certain conditions. The drugs and pharmaceuticals sector attracted cumulative FDI inflows worth US\$ 15.59 billion between April 2000 and December 2017, according to data released by the Department of Industrial Policy and Promotion (DIPP).
- In March 2018, the Drug Controller General of India (DCGI) announced its plans to start a single-window facility to provide consents, approvals and other information. The move is aimed at giving a push to the Make in India initiative.
- The Government of India unveiled 'Pharma Vision 2020' aimed at making India a global leader in end-to-end drug manufacture. Approval time for new facilities has been reduced to boost investments.
- Introduction of mechanisms such as the Drug Price Control Order and the National Pharmaceutical Pricing Authority to deal with the issue of affordability and availability of medicines.
- The launch of the flagship national insurance scheme for 100 million families and upto 500 million beneficiaries up to Rs 5 lakh a year to create the world's largest public health insurance scheme augers well for secondary and tertiary care in India.
- Government of India launched new National Health Policy (NHP) after 15 years the last health policy was approved. The plan aims to strengthen India's healthcare system. The policy proposes to increase the public health expenditure by 2.5 percent of the GDP from the current 2 percent GDP spending on healthcare. The policy aims to reduce the maternal mortality rate, infant and child death rate due to many non-communicable and infectious diseases. Elimination of leprosy by 2018, kala-azar and lymphatic filariasis by 2017 is targeted in the policy. The policy aims to achieve the global target for HIV/AIDS by 2020 the goals include 90% of all people living with HIV know their status, 90% of all people living with HIV received sustained antiretroviral therapy, and the viral in 90% of those receiving antiretroviral therapy is suppressed.
- Healthcare services like ePharmacy, eDiagnostics launched by Government can remove many malpractices of the healthcare industry and make it accessible to

- even those in remote areas having little access to healthcare. The introduction of electronic health record (EHR), national knowledge network for tele-education, teleconsultations and digital library are some vital digital intervention for nation's health. Connecting digitally to specialized doctors from anywhere increases the reach of the professionals to the patients.
- Door-to-Door Screening for Chronic Diseases is a massive free door-to-door screening for the early detection and treatment of cancer, heart disorders, and diabetes. This programme targets the critical age group of 30 to 69 year old people. The health of working age population is critically important for a developing country like India. The improvement in their health, the chance of survival and productivity is essential to eliminate poverty and growth and development of the country.
- The Prime Minister launched rotavirus vaccine, Rotavac of Bharat Biotech- first indigenously developed and manufactured vaccine in 2015. Every year, diarrhoea caused by rotavirus kills about 80,000 children under 5 years of age. Bharat Biotech also launched the first indigenously developed H1N1 swine flu vaccine under the brand name HNVAC™. It is also developing vaccines for the mosquito-borne diseases like malaria and chikungunya. This will have significant impact in healthcare and many other major reforms can be expected from this government that will propel the healthcare and pharmaceutical sector of India to develop a healthier India.
- Pradhan Mantri Bhartiya Janaushadhi Pariyojana- This is a campaign launched by the Department of Pharmaceuticals, Govt. Of India, to provide quality medicines at affordable prices to the masses through special kendra's known as Pradhan Mantri Bhartiya Jan Aushadhi Kendra. Pradhan Mantri Bhartiya Jan Aushadhi Kendra (PMBJAK) have been set up to provide generic drugs, which are available at lesser prices but are equivalent in quality and efficacy as expensive branded drugs.
- BPPI (Bureau of Pharma Public Sector Undertakings of India) has been established under the Department of Pharmaceuticals, Govt. of India, with the support of all the CPSUs for co-coordinating procurement, supply and marketing of generic drugs through Pradhan Mantri Bhartiya Jan Aushadhi Kendra (PMBJK).
- The Ministry of AYUSH was formed on 9th November 2014 to ensure the optimal development and propagation of AYUSH systems of health care. Earlier it was known as

the Department of Indian System of Medicine and Homeopathy (ISM&H) which was created in March 1995 and renamed as Department of Ayurveda, Yoga and Naturopathy, Unani, Siddha and Homoeopathy (AYUSH) in November 2003, with focused attention for development of Education and Research in Ayurveda, Yoga and Naturopathy, Unani, Siddha and Homoeopathy.

- The new Ayushman Bharat scheme, aimed at addressing health holistically, will also generate lakhs of jobs, particularly for women.

Finally, Pharmaceutical and healthcare sector is likely to witness an over 20 percent growth in hiring this year and also expected to generate around 1,34,000 jobs according to the India Skills Report 2016. As per estimates the pharma industry currently employs about 5.5-5.7 lakh people. This increase can be attributed to the initiatives by the government. A good investment in the pharma, life science and healthcare sectors is showing positive signs. Going forward, better growth in domestic sales would also depend on the ability of companies to align their product portfolio towards chronic therapies for diseases such as cardiovascular, anti-diabetes, anti-depressants and anti-cancer. Indian government has taken many steps to reduce costs and bring down healthcare expenses. Speedy introduction of generic drugs into the market has remained in focus and is expected to benefit the Indian pharmaceutical companies. In addition, the thrust on rural health programmes, lifesaving drugs and preventive vaccines also augurs well for the pharmaceutical companies. As per a report, in spite of prevailing challenges in the Indian pharma sector, 58,000 additional job opportunities are likely to be created as the industry is expected to grow up to 45 per cent by 2025.

India is a rapidly developing economy with a very small super-rich class, fast expanding middle class and 22 per cent still under the poverty line. India has to talk of health in terms of infant mortality rates (IMR), maternal mortality ratios (MMR) and life expectancies. India still imports around 80-85 per cent of its medical technology. With judicious plans and efficient implementation, the private sector and government need to work hand in hand as one team to make further progress and make India one of the global hubs of innovation and manufacturing in healthcare particularly medical technology. Metro and Tier-I markets would make significant contributions to this growth, driven by rapid urbanization and greater economic development. Rural markets will grow the fastest driven by step-up from current poor levels of penetration. The hospital segment will increase its share and influence, growing to 25 per cent of the market in 2020. This will create ample opportunities for jobs in pharma and medical sector. India has enough fundamental strength that will help foster this vision. It can be concluded that the Pharma and Health Sector is set to reach new heights of growth with a huge domestic market, technical expertise, plentiful natural and financial resources as well as a large pool of entrepreneurs who will contribute to Pharma and Healthcare sector in India.

BASIC INGREDIENTS FOR EXAM PREPARATION

- Persistence towards studies
- Dedication to their preparation
- Clear objective towards your career and life ahead
- Hard work and clarity of basic concepts of your study programme

TIPS TO CRACK CLAT

- Time management and accuracy is the most important factor in CLAT. CLAT paper has negative marks so the test taker needs to make sure that they do not attempt questions which they are not sure of.
- Online mock tests are available therefore taking mock online test will help in improving the time management skills.
- English language skills are important in securing good score therefore students must have a habit of reading English newspapers and magazines to improve language skills. They should concentrate on Current affairs and read newspapers, watch news channels, to get updated
- Revise topics daily.

Hard work beats talent when talent doesn't work hard.

Good Luck!

News Digest

NATIONAL

- Prime Minister Narendra Modi has said, the Maritime sector in India, with its rich history, has the potential to power the nation's transformation. On National Maritime Day on April 5, Mr Modi in a tweet affirmed the government's commitment to harness the maritime strengths for the nation's prosperity. He said, the government's efforts for a vibrant maritime sector is inspired by Dr Babasaheb Ambedkar. The Prime Minister said it was Babasaheb who gave top most importance to Jal Shakti, waterways, irrigation, canal networks and ports.

The Indians have been critical of it along with several global stars such as Danish star Viktor Axelsen and two-time Olympic champion Lin Dan of China.

DR. BHIM RAO AMBEDKAR : THE GREAT UNIFIER

Swadesh Singh

Poised between the new and old, redundant and revolutionary, predictable and unforeseen, a living and dynamic society like India is bound to experience conflict as well as harmony. It negotiates its way through these polarities to move ahead, gradually leaving behind and overcoming problems that had been rooted in the society for years. A serious problem, however, emerges when some of these problems are used by vested interests to create instability that threatens national security and integrity.

Ambedkar: Inalienable part of our socio-political discourse.

The most remarkable development of recent times has been that Ambedkar is now an inalienable part of our socio-political discourse. India gained political freedom in 1947 and political equality through the Constitution that gave equal voting rights to every adult. It then became imperative to achieve the other objectives enshrined in the Constitution and Dr. Bhim Rao Ambedkar emerged as an important figure with his repeated emphasis on socio-economic freedom and equality of every citizen. Even during the freedom struggle he said that there would be no meaning of freedom if the depressed classes continued to be exploited.

Ambedkar envisioned a transformative future which India now needs if it truly wants to take a quantum jump to a modern, progressive and developed society.

Recognition to Resources

In India, it is time that resources and values get distributed among all equitably. In recent decades more and more youths have emerged as graduates who cannot fit into the limited government jobs. At this juncture, entrepreneurship emerges as an option where educated and trained youth, end up as job providers and not job seekers. The Dalit Indian Chamber of Commerce and Industry (DICC) is an initiative in this direction.

The government led by Prime Minister Shri Narendra Modi is making all efforts to create an ecosystem for entrepreneurship. Stand up India, Venture capital fund for Scheduled Castes and MUDRA are a few of the schemes that have benefitted the weaker sections of the society in recent years.

Dr. BR Ambedkar becomes all the more relevant in these times.

Caste-less Society

Ambedkar dreamt of a caste-less

"So long as you do not achieve social liberty, whatever freedom is provided by the law is of no avail to you."

-Dr B.R. Ambedkar

14 April : Ambedkar Jayanti

"Democracy is not merely a form of Government. It is primarily a mode of associated living, of conjoint communicated experience. It is essentially an attitude of respect and reverence towards our fellow men"

-Dr B.R. Ambedkar

society. It requires us to think, with all honesty, about the pending caste questions and come up with a time-bound framework for a qualitative transformation of our society as a whole. The quality of our growth depends on social cohesiveness.

Integrating India

Ambedkar's thoughts were a great unifier. He always thought about the unity and integrity of this country. First as a freedom fighter and later as constitution framer he tried to unite the country in every possible way. He was of the view that caste is the greatest hurdle in the unity and prosperity of this civilisation.

During the freedom struggle he worked for the downtrodden and depressed classes of the society. He talked about freedom of India from social inequality and untouchability. Dr. Ambedkar became the voice of those who were a part of the deprived sections known as Scheduled Castes. Without their emancipation, Indian freedom struggle could not be deemed to be complete. The Indian national struggle in the first half of the century was not merely a struggle to wrest political power from foreign rule but also a struggle to lay the foundation of a modern India by purging the society of outmoded social institutions, beliefs and attitudes. Ambedkar's struggle constituted a part of the internal struggle, one of the divergent and sometimes conflicting currents all of which helped to secure 'freedom' from external and internal

oppression and enslavement. The process of internal consolidation of the nation strengthened and broadened the social base of Indian nationalism.

Socio-political Unity

Ambedkar had immense faith in the bright future and evolution of this country. He took up the caste question by linking the social question of caste with the political question of democracy and nationalism. Such an effort to prioritise society over polity and then linking them together was unprecedented in India. According to Ambedkar, 'Without social union, political unity is difficult to be achieved. If achieved, it would be as precarious as a summer sapling, liable to be uprooted by the gust of a hostile wind. With mere political unity, India may be a State. But to be a State is not to be a nation and a State, which is not a nation, has small prospects of survival in the struggle for existence.'

Ambedkar's Faith in 'Bharat'

Ambedkar had faith in ancient Indian institutions and texts except caste. He was convinced with the spiritual aspect of Indian texts and codes but not with its ritualistic aspects which had developed in last 1200 years. He talked about annihilation of Caste and not Dharma. He understood the importance of Dharma in India and when the time of conversion came as he had declared earlier, he chose Buddhism.

Dr. Ambedkar pointed out that

historic roots of democracy in India go back to pre-Buddhist India. A study of the Buddhist Bhikshu Sanghas discloses that the Sanghas were nothing but Parliaments and knew all the rules of Parliamentary procedure known to modern times. Although these rules of Parliamentary procedure were applied by the Buddha to the meetings of the Sanghas, he must have borrowed them from the rules of the political assemblies functioning in the country in his time.

Dr. Ambedkar emphasized that Hindus need not 'borrow from foreign sources' concepts to build a society on the principles of equality, fraternity and liberty. They 'could draw for such principles on the Upanishads.' Even in riddles in Hinduism, he points out that Hinduism has the potential to become the spiritual basis of social democracy.

Uniting State through Constitution

Ambedkar was the author who made 'Directive Principles' as part of the constitutional scheme. When it was criticized that the directive principles could not be enforced in a court of law, Ambedkar answered that though they were not enforceable, the succeeding majority political party in Parliament or Legislative Assembly would be bound by them as an inbuilt part of their economic program in the governance, despite their policy in its manifesto and are bound by the Constitution.

Ambedkar made it a point to add the word 'fraternity' in the Preamble to the Constitution in order to inculcate the sense of common brotherhood of all Indians, of Indians being one people; it is the principle which gives unity and solidarity to social life.

Dr. Ambedkar in his very first speech in the Constituent Assembly on 17 December 1946 had emphasised the need to create a strong Centre in order to ensure that India's freedom was not jeopardised as had happened in the past on account of a weak central administration. His view was hailed by the Assembly and later came to be reflected in the Emergency Provisions of the Constitution. Undoubtedly the states are sovereign in normal times but by virtue of these provisions, the Centre becomes all-powerful and assumes control over all affairs of the nation whenever a situation arises which poses a danger to the security of the state.

There is no doubt that Ambedkar was vehemently opposed to the unjust social stratification in India. He was a national leader who understood the problems of the most exploited communities and tried to bring them into the mainstream. He expanded the social base of Indian nationalism which helped first to attain freedom and later to put the country on path of progress. Today, when all thought converges around inclusive politics, Ambedkar has become more relevant than ever.
