New Delhi (INDIA)

Indian Journal of **CIVIL MECHANICAL ENGINEERING**

Volume 8

Number 1

January-June 2018

Contents

- Design and Development of Heat Exchangers for an Energy Efficient Furnace for Ferrous Foundries 1-10
R. K. Jain, S. K. Bajpayee and B.D.Gupta
- "World Class Construction of Industrial Project for Indian Construction Industries" 11-17
Achieving Safety, Quality and Productivity using Integration Trilogy
S. Chockalingam and T. Sornakumar
- Long-Term Structural Integrity of Steel Stacks: Proposed Tools for Inspection & Maintenance 19-21
Manoj Kr. Gupta, V. K. Bajpai and T. K. Garg
- Performance and Emission Characteristics of a CI Engine Fueled with Methyl Esters of Rubber Seed Oil 23-29
D. F. Melvin Jose and B. Durga Prasad
- Property Evaluation of as Cast and Heat Treated Aluminium 7075 Alloy Based Composites Reinforced with Hematite Particulate 31-34
N. V. Yoganand Murthy, D. Abdul Budan and H. B. Niranjan
- Performance Investigation of Artificially Roughened Duct Used in Solar Air Heaters 35-41
Tarun Mahajan, Ranjit Singh and Brij Bhushan
- Analysis of Change Parameter after Implementation of Enterprise Resource Planning: A Case Study 43-46
S. Sindhu and S. K. Moulick
- Effect of Demand Variability on Job Shop Performance: A Simulation Study 47-54
Rishu Sharma and Suresh Garg
- Effect of LPG Substitution and Injector Opening Pressure on the Performance and Emissions of a Dual Fuel Engine 55-59
N. Kapilan, T. P. Ashok Babu and R. P. Reddy
