

In case this DVD does not work properly, write to us at support@elys.in for a free replacement.

Recommended System Requirements: P4, 1GB RAM, DVD-ROM Drive

198 →

Solus 3

A Linux distribution built from scratch. The OS has been designed for home or office use on desktops/laptops.

Elive 3.0

A replacement for your conventional operating system. It is more intuitive, faster, virus-protected and cost-free. It's a powerful OS even for slow computers.
