Volume 10

Number 1

January-June 2020

## Contents

|   |   |       |
|---|---|-------|
| Grid Storage Scheduler  | <i>Sonal Jain and Roshan Lal Hiranwal</i>           | 1-6   |
| Digit Recognition System using Back Propagation Neural Network  | <i>Devinder Singh and Baljit Singh Khehra</i>       | 7-15  |
| Cloud Computing - The Next Generation Computing   | <i>Ashish Saravag and Chander Kant</i>              | 17-19 |
| Bluetooth Quality Issues, Threats and Security Tips   | <i>Pawan Kumar</i>                                  | 21-23 |
| An Optimal Approach to Alleviate the Problem of Over-Segmentation   | <i>Pawanpreet Kaur and Amit Kamra</i>               | 25-28 |
| Mobile Cloud Computing as a Future of Mobile Multimedia Database  | <i>Amreen Khan and KamalKant Ahirwar</i>            | 29-31 |
| Multimodal Interface for Disabled Persons   | <i>S.A. Chhabria and R.V. Dharaskar</i>             | 33-38 |
| Image Viewer and Editor [IVE] - from Web Perspective  | <i>Rajdeep Chowdhury</i>                            | 39-41 |
| Power Saving Strategies in Wireless Sensor Networks   | <i>Pranali D. Tembhurne (Nandeshwar)</i>            | 43-47 |
| Comparative Analysis of Robust Iris Recognition System using Log Gabor Wavelet and Laplacian of Gaussian Filter | <i>Bhawna Chouhan and Shailja Shukla</i>            | 49-52 |
| Wavelet Filter Bank Based Robust Speech Enhancement   | <i>L.M. Kadam, D.S. Aldar, B.B. Godbole</i>         | 53-57 |
| Design of Second-Order Sigma-Delta Modulator using CMOS Technology  | <i>Nitin Sachdeva</i>                               | 59-62 |
| Cooperative Diversity and Partner Selection Techniques in Wireless Networks                                     | <i>Yuvraj Patil and Rajan Chilel</i>                | 63-66 |
| Exploring the Hidden Web: A Review  | <i>Anuradha and A.K. Sharma</i>                     | 67-68 |
| Web Services: Composition and Integration for Easy Use  | <i>Shweta Roy and Ranjit Singh</i>                  | 69-74 |
| Web Crawler - An Overview   | <i>S.S. Dhenakaran and K. Thirugnana Sambanthan</i> | 75-77 |
| Alignment Solutions for Operational Planning In E-Management System for an Educational Institution              | <i>Ashok B. Kulkarni and Valeri Pougatchev</i>      | 79-84 |
| Comparison of Data Mining and Auditing Tools  | <i>Simmi Bagga and G.N. Singh</i>                   | 85-87 |
| Second Generation Curvelet Shrinkage Model Based Image Denoising  | <i>B. Chinna Rao and M. Madhavi Latha</i>           | 89-95 |
