VOLUME 18

NUMBER 4

October 2019

CODEN: IJBNA 18(4)(2019)285-360

ISSN: 0972-5849 (print)

0975-0967 (online)

CONTENTS

Review

- House of industrially important bioactive metabolites: A review on actinobacteria 293
Naushin Bano, Saba Siddiqui, Kulsoom Bano, Mohammad Amir and Roohi*

Papers

- Physicochemical properties of free and calcium alginate immobilized alkaline pectin lyase from *Bacillus cereus* 305
Pooja Kohli, Akshita Mehta, Ashwant Singh and Reena Gupta*
- Quantification of classical swine fever virus load by one-step TaqMan real-time RT-PCR assay 315
Gitika Rajbongshi,* Nagendra Nath Barman, S. K. Das and Elina Khatoon
- Salinity mediated enhancement in protein and pigment content in *Spirulina (Arthrospira) platensis* 323
Prabhath, G P W A, Shukla S P*, Kumar K, Nuwansi, K K T
- Molecular phylogeny and spectral characteristics of selected soil crust cyanobacteria from tea gardens of Darjeeling (India) 330
Dhanesh Kumar, Sukumar Bhakta* and Siba Prasad Adhikary
- A study on the differentiation of filamentous cyanobacterial isolates using DNA fingerprinting approach 337
Yogesh Negi, Sunil Sharma, Ninni Sutradhar, Samrat Adhikari
- In vitro* regeneration, callus induction and rhizogenesis in *Ficus krishnae*: An rare endangered plant 346
Tanveer Ahmad Khan, Divya Pathak, Pooja Sharma, Mehjabeen Ansari and Rajneesh K. Agnihotri*
