MAKING INDIA A GLOBAL DRONE HUB

The Government of India on 26th January, 2022, notified the Drone Certification Scheme (DCS), building on the momentum unleashed by the Drone Rules of 25th August 2021 that significantly eased regulations around the use of drones in India. The objective of this DCS is to provide the minimum requirements for airworthiness-safety and security requirements- for drones and enable their evaluation for certification. This is another step in making India a drone hub of the world by 2030. *In an interview with Durga Nath Swarnkar for Employment News, Shri Amber Dubey Joint Secretary in Ministry of Civil Aviation and head of the Drones Division, spoke in detail about how the Government has been working to establish a globally-leading drone ecosystem in India, which will create the physical and digital infrastructure to support safe, efficient and secure operation of drones in the Indian airspace.*

Question: What are the categories of drones that can be used for non-military purpose?

Amber Dubey: Unmanned Aircraft System (UAS) or drones are

INTERVIEW

categorised into the following three categories, namely - aeroplane, rotorcraft and hybrid. In simple terms, an aeroplane has fixed wings (like a typical Air India or Indigo Aircraft) and rotorcraft have two or more sets of rotating wings (like a helicopter). The hybrid drone is a combination of the two- wherein the vertical lift may be provided by vertical-axis rotors and

forward motion may be through one or more propellers.

The aeroplane, rotorcraft and hybrid drones are further sub-categorised as remotely piloted aircraft system, model remotely piloted aircraft system and autonomous unmanned aircraft system.

Drones offer tremendous benefits to almost all sectors of the economy. These include - agriculture, mining,

infrastructure, surveillance, emergency response, transportation, geo-spatial mapping, defence, and law enforcement to name a few.

Drones can be significant creators of employment and economic growth due to their reach, versatility, and ease of use, especially in India's remote and inaccessible areas.

One may struggle to think of an area where drones *cannot* be used. The drone technology is expected to be as ubiquitous as mobiles, computers and the internet.

Question: Please tell us briefly about the key sectors that have successfully adopted drone technology in India?

Amber Dubey: Agriculture-Spray-drones are helping farmers in optimizing the use of inputs (seed, fertilizers, water), to react more quickly to threats (weeds, pests, fungi), to save time crop scouting (validate treatment/actions taken), to improve variable-rate prescriptions in real time and estimate yield from a field. Use of drones saves our farmers from the harmful effects of chemical exposure to their eyes, lungs and skin.

Drones may be used to analyse the health of any vegetation or crop, as well

The use of Unmanned Aircraft Systems/Unmanned Aerial Vehicles most commonly known as Drones for a variety of applications in military, civil and commercial domains has become common. In India, the military forces have been using drones for a variety of missions including surveillance and reconnaissance, border patrols, tracking enemy movements and to conduct search and rescue missions. In the last few years, use of drones in civil and commercial sectors for a diverse set of applications has gained traction.

The drone space reached its inflection point in 2013 when Amazon announced that it would seek to experiment with drones to make deliveries. Since then, we have seen an explosion in the usage of drones and drone-based services in the retail and commercial space. Drones are being explored extensively across an array of industries, including, but not limited to, construction, real estate, e-commerce, agriculture, utilities

and energy, financial services, and media and entertainment.

Exploration of commercial drone solutions – catching up with global trends

The drone space in India is catching up with that in other nations and gaining considerable momentum. According to 6 Wresearch, the Indian UAV market is poised to grow at a CAGR (compound annual growth rate) of 18% during 2017–23 in

terms of revenue. Although these numbers will continue to be led by the long range UAV segment, medium and mini-UAVs are also poised to register healthy growth. Data provided by the Stockholm International Peace Research Institute (SIPRI) indicates that

with 22.5% of the world's UAV imports, India tops the list of drone-importing nations. These are numbers primarily for military purposes, but commercial drones are showing healthy growth as well. A study conducted by BIS Research had predicted that the market for commercial end-use of drones might supersede the military market by 2021, cumulatively hitting approximately US\$ 900 million.

While business enterprises have jumped to the opportunity of manufacturing and operating drones, the need for skilled manpower to propel this emergent industry has also grown by leaps and bounds.

TYPES OF JOBS IN DRONE INDUSTRY

Drone Pilot/Remote Operator: If you want to become a drone pilot, you need to get your

MAKING INDIA A GLOBAL DRONE HUB

as field areas infested with weeds, diseases, and pests, and the precise amounts of chemicals needed to combat these infestations can be applied based on this assessment, lowering the overall cost for the farmer.

Rural property mapping (SVAMITVA Scheme) - Under the revolutionary SVAMITVA Scheme, the government is using drone technology to map each residential property in each of the 6.6 lakh villages in India. This is the largest such drone-based property mapping project in the world. Rural property owners are given a digital property card that helps them carry out property transactions or raise loans with ease and transparency. Lakhs of digital property cards have been issued by December 2021.

Mining - In mining, drones have several applications like mine surveying, inventory management, stockpile estimation and hot spot detection etc. Mine surveying can be done using drones to provide detailed information about the sites before starting with mining projects and document their progress to visualize changes in site overtime.

Drones can access highly-toxic hard-to-reach areas for providing better insights for mine planning. In coal mines, drones can be used to detect hot spots in coal stockpiles to assess potential spontaneous combustion areas and enable personnel take preemptive measures. Drones can further aid in watershed management, blast planning, haul-route surface optimization and emergency response.

Surveillance - Drone surveillance helping in capturing still images and video to gather information about specific targets, which might be individuals, groups or environments. Drone surveillance enables surreptitiously gathering information about a target as captured from a distance or altitude.

Defence - Drones can identify security and terrorism-related challenges and pinpoint vulnerable areas that are prone to various risks. Drones are the modern-day force multiplier that can enhance the capabilities of security forces to contain terror and to counter the emerging challenges in defence and homeland security.

Law enforcement - Drones are being rapidly adopted by various law enforcement agencies throughout the world because of the several advantages.

Drones are faster than conventional vehicles when used as first responders. They can reach a location within minutes after receiving an emergency request, and aerially assess the situation before human responders arrive.

The conventional method of deploying a manned helicopter is expensive and time-consuming, and may not be suitable for situations that require an immediate response.

Drones can save lives. Drones can be equipped with various attachments depending on the task; these payloads can be controlled by a single officer from a safe distance. This is useful in dangerous situations like counter-insurgency, hostage rescue, car-chase, etc. where a police officer can engage a perpetrator from a safe distance without risking the officer's life.

Drones are a potent public safety tool. Drones can cover a large area easily, and they can be equipped with thermal sensors. These make them effective in search and rescue operations.

Question: Please tell us about India's ambition to become a drone manufacturing hub.

Amber Dubey: Given its traditional strengths in innovation, information technology, frugal engineering and its huge domestic demand, India has the potential of becoming a global drone hub by 2030.

The Central Government has carried out a series of reform measures such as the release of:

- Liberalised Drone Rules, 2021 on 25th August 2021
- Drone Airspace Map on 24th September 2021
- Production-Linked Incentive (PLI) scheme for drones on 30th September 2021

- UAS Traffic Management (UTM) Policy Framework on 24th October 2021
- All application forms on the online single window DigitalSky Platform on 26th January 2022
- Certification scheme for drones on 26th January 2022

These initiatives are intended to provide additional fillip to the fast-growing drone sector in India.

Question: Is there any specific provision for drone manufacturers in the Production Linked Incentive (PLI) Scheme? How does the drone industry stand to benefit from the scheme?

Amber Dubey: All manufacturers of drones and drone components whose annual sales turnover is above the following threshold shall be eligible for claiming PLI:

Indian MSME and startups		Indian Non-MSME	
Drone (INR Cr)	Component (INR Cr)	Drone (INR Cr)	Component (INR Cr)
2	0.5	4	1

The total incentive is INR 120 crore spread over three financial years which is nearly double the combined turnover of all domestic drone manufacturers in FY 2020-21.

The PLI rate is 20% of the value addition, one of the highest among PLI schemes. The rate is kept constant at 20% for all three years, an exceptional treatment for drones.

The value addition shall be calculated as the annual sales revenue from drones and drone components (net of GST) minus the purchase cost (net of GST) of drone and drone components.

Minimum value addition norm at 40% of net sales for drones and drone components instead of 50%, an exceptional treatment for drones.

In case a manufacturer fails to meet the threshold for the eligible value addition for a particular financial year, she will be allowed to claim the lost incentive in the subsequent year if she makes up the shortfall in the subsequent year.

Question: What is the provision of Foreign Direct Investment (FDI) in drone industry? What kind of investment forecast do you currently have for this sector?

Amber Dubey: Drone Rules, 2021 does not have any restriction on foreign shareholding in Indian commercial drone companies. It is expected that Indian drone companies may receive an FDI of over INR 2,000 crore over the next three years.

Question: As specified in the New Drone Rules -2021, Drone Corridors are to be developed to facilitate cargo deliveries. What is the current status of the project?

Amber Dubey: National Unmanned Aircraft System Traffic Management (UTM) Policy Framework was released on 24th October 2021 to enable complex operations of drones and increase the overall safety in the UTM airspace.

Current Air Traffic Management (ATM) systems have not been designed to handle the traffic from unmanned aircraft. Integration of unmanned aircraft in the Indian airspace using conventional means may require unmanned aircraft to be

PRADHAN MANTRI RASHTRIYA BAL PURASKAR-2022

29 Children from Across India Win in Different Categories

29 Children have been conferred the Pradhan Mantri Rashtriya Bal Puraskar (PMRBP) 2022, selected from all regions of the country for their exceptional achievements in Innovation, Social Service, Scholastic, Sports, Art & Culture, and Bravery. There are 15 boys and 14 girls among the awardees belonging to 21 States and UTs.

In view of the unprecedented circumstances emerging due to COVID-19 situation in the country, it was not possible to organise a physical ceremony at New Delhi. In order to felicitate and motivate the exceptional works of children, a function was held virtually on the occasion of National Girl Child Day on 24th January 2022 and also as part of Azadi Ka Amrit Mahotsav. The Awardees of PMRBP 2022 as well as the awardees of last year

(2021) along with their parents and concerned District Magistrate of their respective district joined the event from their district headquarters. Prime Minister Shri Narendra Modi interacted virtually with the winners. Union Women and Child Development Minister Smt Smriti Zubin Irani and Dr. Munjpara Mahendrabhai, Minister of State were among those present on the occasion.

Digital Certificates

The digital certificates were presented to the winners using a blockchain-driven technology developed by IIT Kanpur under the National Blockchain Project. The digital certificates are stored in digital wallets installed on the mobile devices of the recipients. The digital certificates issued using the blockchain driven technology are unforgeable, globally verifiable, selectively disclosable and sensitive to user content. Prime Minister Shri Narendra Modi gave the digital certificates to the winners of PMRBP 2021 and 2022 (total 61).

Cash Prize

The cash prize of Rs.1,00,000/- each was given to the awardees of PMRBP 2022 which was transferred online to their bank accounts.

Awardees of Pradhan Mantri Rashtriya Bal Puraskar-2022

S.No.	Name	Category	State
1	Gauri Maheshwari	Art & Culture	Rajasthan
2.	Remona Evette Pereira	Art & Culture	Karnataka
3.	Deviprasad	Art & Culture	Kerala
4.	Syed Fateen Ahmed	Art & Culture	Karnataka
5.	Daulas Lambamayum	Art & Culture	Manipur
6.	Dhritishman Chakraborty	Art & Culture	Assam
7.	Gurugu Himapriya	Bravery	Andhra Pradesh
8.	Shivangi Kale	Bravery	Maharashtra
9.	Dhiraj Kumar	Bravery	Bihar

29.	Anvi Vijay Zanzarukia	Sports	Gujarat

Although every child is precious and his or her achievements have to be appreciated, there are some whose achievements will serve as an inspiration to many others. Towards this end, the Pradhan Mantri Bal Shakti Puraskar is given by the Government

of India every year to recognize exceptional achievements in different fields. Also, to recognize the contribution of dedicated individuals and institutions, whose tireless efforts complement the actions taken by the Government of India for the welfare of children, the Bal Kalyan Puraskar was instituted and is given in two categories - Individual and Institution.

Any child with an exceptional achievement in the fields of innovation, scholastic achievements, social service, arts & culture, sports and bravery can apply for the award. Also, any person who knows about a meritorious achievement by a child can recommend this child for the award. A high-level committee selects the winners after careful consideration of each application. Applications

can be filled through the dedicated web portal of the Ministry of Women and Child Development (nca-wcd.nic.in). The portal is now receiving applications for Pradhan Mantri Rashtriya Bal Puraskar 2023.

Rising High, the Drone Way

INTERVIEW

Employment News spoke to Shri Manish Bajpai, Director, Daybest Research Private Limited. The Indian Council for Medical Research (ICMR) had collaborated with Daybest for the Drone Response and Outreach in North East (i-Drone) in October 2021. It was for the first time that a "Make in India" drone was used in South Asia to transport COVID vaccine over an aerial distance of 15 kilometers in 12 to 15 minutes from the Bishnupur district hospital to Karang Island in the middle of Loktak lake, Manipur for administration at the Primary Health Centre.

How did the idea for your venture come about?

Manish Bajpai: After seeing lack of data digitization in rural India which is big roadblock for development, we saw opportunity in developing drones which can carry multiple sensors for agriculture, healthcare and defense.

What kind of customer base do you currently have and what goals have you set for the near future?

Manish Bajpai: Currently, we are mostly working with central and state government agencies, institutions, Farmers Producers Organization (FPO) and Universities. Very soon we will be deploying our aircraft for long range surveillance. We also plan to build a Drone Station in every Panchayat in India on rental model which will give the people and farmers direct access to the technology.

What kind of manpower does your company hire?

Manish Bajpai: We hire for Technical Team which includes Aerospace Engineers, Electrical Engineers. Then our Operational Team needs Flight Supervisors, Drone Pilots, Maintenance Engineers. Our Ground Team includes Field Data Collection Associates - this job is not very much technical.

What is your perception of India's StartUp ecosystem?

Manish Bajpai: The StarUp ecosystem is moving towards the mature stage. Now, Venture Capitals (VC) are easily accessible. Moreover, the governments are buying products/services from Startups. This provides the industry with the much required moral and financial boost.

Your advise to Indian youths seeking to establish a StartUp.

Manish Bajpai: Take one project/product, do intense field work, ground research, make your prototype functional and commercial, and give time. Rome was not built in a day!

What do you forecast for the future of drone delivery in India?

Manish Bajpai: Drone delivery will first gain more traction in hard to access areas like mountains, hills and island. It will eventually become the norm in all other areas.

Tell us about your experience of collaboration with the ICMR for vaccine delivery in the North East.

Manish Bajpai: I am thankful for DG, ICMR for trusting on our capabilities. We learnt a lot while completing this project. As a result, many state governments have shown their interest.

(Interviewed by EN team).

NTPC Limited

(A Govt. of India Enterprise)

Coal Mining Headquarters

Gini Plaza, Oppo. Chutia Police Station, Chutia, Ranchi - 834001, Jharkhand

Employment Notification No. 02/2022

NTPC Limited, India's largest power conglomerate has an installed capacity of 67,907.5 MW with presence in the entire value chain of the power generation business. Commensurate with our country's growth challenges, NTPC has embarked upon an ambitious plan to attain a total installed capacity of 130 GW by 2032. NTPC also owns 7 allotted Coal Blocks with a combined future capacity of 100 MTA.

Applications are invited from energetic and experienced Mining Overman and Mining Sirdar with brilliant academic record to join this organization in its various Coal Mining Projects viz. **Pakri Barwadih Coal Mining Project (Jharkhand), Chatti Bariatu Coal Mining Project (Jharkhand), Kerandari Coal Mining Project (Jharkhand), Dulanga Coal Mining Project (Odisha) and Talaipalli Coal Mining Project (Chhattisgarh)** under Coal Mining Region of NTPC Limited.

To fuel its ambitious growth plan, NTPC is looking for experienced professionals in the areas of **Mining Overman and Mining Sirdar, on fixed term basis, for a period of 03 years or completion of 60 years of age, whichever is earlier.** The qualifying requirements are as under:

A. Mining Overman - 74 posts (on Fixed Term Basis for 03 years)

Qualification: Diploma in Mining Engineering from recognized Institute of repute with Overman Certificate of Competency under CMR issued by DGMS for coal. Valid First Aid Certificate issued by St. Johns Ambulance Association.

Experience Profile: Minimum 05 years of post-qualification working experience in open cast Coal Mines.

Upper Age Limit: 57 years

B. Mining Sirdar - 103 posts (on Fixed Term Basis for 03 Years)

Qualification: Matric/10th Pass with valid Sirdar Certificate of Competency issued by DGMS for Coal and valid First Aid Certificate issued by St. Johns Ambulance Association.

Experience Profile: Minimum one year of post qualification working experience in open cast coal mine.

Upper Age Limit: 57 years

MONTHLY COMPENSATION & BENEFITS:

Mining Overman: Consolidated fixed monthly pay of **Rs. 50,000/-**

Mining Sirdar: Consolidated fixed monthly pay of **Rs. 40,000/-**

In addition, medical facilities and HRA/company accommodation shall be provided as per Company Rules. On official tour, the Company will reimburse TA/DA as applicable to regular employees in equivalent grade.

Period of Engagement: Fixed Term Basis for a period of 3 years or completion of 60 years of age, whichever is earlier for both the posts.

RESERVATIONS

Mining Sirdar

Project	Total	UR	SC	ST	OBC	EWS
Pakri Barwadih/ PB-NW/Badam	37	19	3	9	3	3
Chatti Bariatu/ Kerandari	20	13	1	4	1	1
Dulanga	9	6	1	1	1	0
Talaipalli	37	17	4	11	2	3
Total	103	55	9	25	7	7

Mining Overman

Project	Total	UR	SC	ST	OBC	EWS
Pakri Barwadih/ PB-NW/Badam	21	13	1	5	1	1
Chatti Bariatu/ Kerandari	24	15	2	5	1	1
Dulanga	3	3	0	0	0	0
Talaipalli	26	12	3	8	1	2
Total	74	43	6	18	3	4

SELECTION PROCEDURE: -

- The mode of selection for eligible applicants for both the above posts will be Written Test and Skill Test. The eligible candidates as per age, qualification, experience etc. will be called for the Written Test. The Call letters/Admit Cards will be sent to the eligible candidates through email. NTPC will not be responsible for any loss of email sent due to invalid/wrong email id provided by the candidate.
- Eligible candidates will be required to appear for Written Test, consisting of Multiple-Choice Questions, in any of the Centres as decided by the Company. The tentative Written Test Centres are Ranchi, Raipur, and Bhubaneswar. However, the number of Written Test Centres may increase or decrease at the discretion of the Company, depending upon the number of applications received. The question paper shall be in Hindi and English.
- The candidate, who qualify in the Written Test will undergo a Skill Test, which will be qualifying in nature. The qualifying candidates will be called in the ratio of 1:3 based on merit of the Written Test. However, final selection will be based on marks obtained in the Written Test only.
- On completion of the Selection Procedures, the selected candidates shall be issued Offer of Appointment, on fixed term basis, in phased manner, from the panel, based on requirement of the concerned Coal Mining Project, subject to successful document verification, and on being declared fit in the medical examination.

Stages	Mode of Selection	Maximum Marks
Stage-I	Written Test	100 marks
Stage-II	Skill Test	Qualifying in nature
Total marks		100 marks

GENERAL CONDITIONS: -

- Only Indian Nationals are eligible to apply.
- All qualifications should be from Universities / Institutions recognized and approved in India.
- All computations of age/ experience requirement/ qualification shall be done w.r.t. the last date of receipt of online application as mentioned in the advertisement.
- Candidates claiming to belong to any category shall necessarily have a valid EWS/OBC(NCL)/SC/ST/Disability Certificate, as the case may be, from the Competent Authority. For posts where there are identified vacancies for SC / ST candidates, the total years of post-qualification experience will be relaxed by 1 year.
- Depending on the requirement, the Company reserves the right to cancel / restrict / curtail / enlarge the number of vacancies, if need so arises, without any further notice and without assigning any reason thereof.
- While applying for the post, the applicant should ensure that he / she fulfills the eligibility and other norms mentioned above, as on the specified dates and that the particulars furnished are correct in all respects. In case it is detected at any stage of recruitment that a candidate does not fulfill the eligibility norms and / or that he/ she has furnished any incorrect/false information or has suppressed any material fact(s), his/her candidature will stand automatically cancelled. If any of the above shortcoming(s) is/ are detected even after appointment, his/ her services are liable to be terminated

REPUBLIC DAY 2022-AWARDS & HONOURS

The Republic Day celebration is also the occasion to recognise and honour the brave personnel in the armed forces and police for their exceptional courage in the field, and also to civilians who have performed acts of valour in different situations.

Ashok Chakra: Assistant Sub-Inspector of Jammu and Kashmir Babu Ram who lost his life in an encounter with terrorists at Pantha Chowk in Jammu and Kashmir's Srinagar in 2020 has been awarded the Ashok Chakra posthumously by the President of India, Ram Nath Kovind. His family received the award during the Republic Day Parade. Ashok Chakra is the country's highest peace-time gallantry award. Babu Ram killed three terrorists during an operation in Srinagar on August 29, 2020.

Other Gallantry Awards

The President has approved 384 Gallantry awards and Defence decorations to Armed Forces personnel and others. These include 12 Shaurya Chakras including, 29 Param Vishisht Seva Medals, 4 Uttam Yudh Seva Medals, 53 Ati Vishisht Seva Medals, 13 Yudh Seva

Medals, 3 Bar to Vishisht Seva Medals, 122 Vishisht Seva Medals, 3 Bar to Sena Medals (Gallantry). Besides, 81 Sena Medals (Gallantry), 2 Vayu Sena Medals (Gallantry), 40 Sena Medals for Devotion to Duty, Eight Nao Sena Medals and 14 Vayu Sena Medals have been approved. Out of the total 12 Shaurya Chakra Awardees, 9 of them have been awarded posthumously. Olympian Neeraj Chopra who is a Subedar in the Indian Army has been honoured with Param Vishisht Seva Medal. Neeraj Chopra won the gold medal for India in the javelin throw event at Tokyo Olympics.

Civilian Awards

President Shri Ram Nath Kovind has approved conferment of 128 Padma Awards including 2 duo case (in a duo case, the Award is counted as one). The list comprises 4 Padma Vibhushan, 17 Padma Bhushan and 107 Padma Shri Awards. 34 of the awardees are women and the list also includes 10 persons from the category of Foreigners/NRI/PIO/OCI and 13 posthumous awardees. The Awards are given in various disciplines/ fields of activities, viz.-

art, social work, public affairs, science and engineering, trade and industry, medicine, literature and education, sports, civil service, etc. 'Padma Vibhushan' is awarded for exceptional and distinguished service; 'Padma Bhushan' for distinguished service of high order and 'Padma Shri' for distinguished service in any field. The awards are announced on the occasion of Republic Day every year. These awards are conferred by the President of India at ceremonial functions which are held at Rashtrapati Bhawan usually around March/ April every year.

Police Medals

On the occasion of Republic Day 939 service medals, including 189 for gallantry, were announced for personnel of various central and state police forces. The Union Home Ministry published a list containing names of personnel who have been decorated with the Police Medal for Gallantry (PMG), President's Police Medal for Distinguished Service and Police Medal for Meritorious Service. No one has been given the top category President's Police Medal

For Gallantry (PPMG) this time.

Among the 189 gallantry awards, 134 personnel are being recognized for their gallant action in Jammu and Kashmir region, 47 for their bravery in Left Wing Extremism (LWE) affected areas and one personnel for similar conduct in the north-east region. The highest number of bravery medals, 115, have been awarded to the Jammu and Kashmir Police, followed by 30 to the Central Reserve Police Force (CRPF), 10 to the Chhattisgarh Police, 9 to the Odisha Police, 7 to the Maharashtra Police, 3 each to the border guarding forces of Indo-Tibetan Border Police (ITBP) and Sashastra Seema Bal (SSB), and 2 to the Border Security Force (BSF), among others. Eighty-eight personnel have been awarded the distinguished service medal, while 662 have been given the meritorious service medal.

Forty-two fire service medals, 37 correctional service medals for police personnel and 51 'Jeevan Rakshak Padak' were also announced. The 'Jeevan Rakshak' series of medals are given for meritorious act of human nature in saving the life of a person.

(Source: PIB)

Continued from page 4

without any notice. Canvassing in any form shall disqualify the candidate.

7. The mere fact that a candidate has submitted application against the advertisement and apparently fulfilling the criteria as prescribed in the advertisement would not bestow on him/her the right to be called for interview/ considered further for selection process.
8. Any proceedings in respect of any matter of claim or dispute arising out of this advertisement and / or an application in response thereto can be instituted only in Ranchi and courts / tribunals / forums at Ranchi only shall have sole and exclusive jurisdiction to try any such cause/ dispute.
9. In case any ambiguity/dispute arises on account of interpretation in versions other than English, the English Version will prevail.

HOW TO APPLY: -

Willing candidates should log on to our website <http://www.careers.ntpc.co.in> or visit the "Careers" section at www.ntpc.co.in for applying. No other means/mode of application shall be accepted. Candidates are required to possess a valid email ID. NTPC will not be responsible for bouncing back of any email sent to the candidates.

Candidate belonging to General/EWS/OBC (NCL) category is required to pay a non-refundable registration fee of Rs. 300/-. The SC/ST/PwBD/XSM category & female candidates need not pay the registration fee.

Payment in offline mode: State Bank of India has been authorized to collect the registration fee, in a specially opened account (A/C No. 30987919993) at CAG branch, New Delhi (Code: 09996), on behalf of NTPC. The candidate has to approach the nearby SBI branch with a printout of the "pay-in-slip" which is available on the

application registration portal. The pay-in-slip printed from the portal should only be used for depositing the fee for proper crediting of amount in the allocated account. On receipt of the money, the bank will issue a unique Journal Number and a Branch Code of the bank collecting the money. This journal number and the branch code are to be filled up by the candidate during online registration. NTPC will not be responsible in case a candidate deposits the fee in wrong account.

Payment in online mode: Candidates also have the option to pay the fees online (through Net banking / Debit Card (Rupay Debit Card only) / Credit Card). The online payment option will be available on the website. The candidate is required to make the payment before proceeding for online application. After making successful payment, the Challan number, Bank Reference No., date of payment etc. are required to be filled up in the online application.

Fee once paid will not be refunded under any circumstances. Candidates are therefore requested to verify their eligibility criteria before paying the registration fee. After applying online, candidate is required to download the registration slip generated by the system with unique registration number. Copy of registration slip may be retained by the candidate for future reference. No document is required to be sent to us by post.

It is mandatory that eligible candidates go through the full text of the advertisement and agree to all the conditions given, while applying for the post.

Commencement of online registration of application	24.01.2022
Last date for online registration of application	15.03.2022

TEMPLE ARCHITECTURE IN INDIA

Most of the art and architectural remains that survive from ancient and medieval India are religious in nature. Today when we say 'temple' in English we generally mean a *devalaya*, *devkula*, *mandir*, *kovil*, *deol*, *devasthanam* or *prasada* depending on which part of India we are in. A Hindu temple reflects a synthesis of arts, the ideals of dharma, beliefs, values, and the way of life cherished under Hinduism.

The architectural evolution of the Indian temples took place within the rigid frameworks derived entirely from religious thoughtfulness. The underlying principle in a Hindu temple is built around the belief that all things are one, everything is connected. Therefore the architect was bound to keep to the ancient primary dimensions and strict configurations, which remained unaltered over the period of time.

Basic Form of the Hindu Temple

The basic form of the Hindu temple comprises the following: (i) sanctum (*garbhagriha*, literally 'womb-house'), which was a small cubicle with a single entrance and grew into a larger

**Laxmi Narayan Temple
Chamba**

chamber in time. The *garbhagriha* is made to house the main icon which is itself the focus of much ritual attention; (ii) the entrance to the temple which may be a portico or colonnaded hall that incorporates space for a large number of worshippers and is known as a *mandapa*; (iii) freestanding temples tend to have a mountain-like spire, which can take the shape of a curving *shikhara* in North India and a pyramidal tower, called a *vimana*, in South India; (iv) the *vahan*, i.e., the mount or vehicle of the temple's main deity along with a standard pillar or *dhvaj* is placed axially before the sanctum.

As temples grew more complex, more surfaces were created for sculpture through additive geometry, i.e., by adding more and more rhythmically projecting, symmetrical walls and niches, without breaking away from the fundamental plan of the shrine.

Two broad orders of temples in the country are known—*Nagara* in the north and *Dravida* in the south. Another style, the *Vesara* style of temples, are a selective amalgamation of the *Nagara* and *Dravida* orders.

Every region and period has its own distinct style of images with its regional variations in

iconography. The temple is covered with elaborate sculptures and ornaments that form a fundamental part of its conception. The placement of an image in a temple is carefully planned.

Various forms or aspects of the main divinity are to be found on the outer walls of the sanctum. Subsidiary shrines around the main temple are dedicated to the family or incarnations of the main deity. Finally, various elements of ornamentation are used in distinct ways and places in a temple.

Nagara or North Indian Temple Style

The style of temple architecture that became popular in northern India is known as *nagara*. In North India, it is common for an entire temple

**Vishwanatha Temple
Khajuraho**

to be built on a stone platform with steps leading up to it. Further, unlike in South India, it does not usually have elaborate boundary walls or gateways. While the earliest temples had just one tower or *shikhara*, later temples had several. The *garbhagriha* is always located directly under the tallest tower.

A major type of architectural form in the *nagara* order is the *phamsana*. *Phamsana* roofs do not curve inward, instead, they slope upwards on a straight incline. Another type of the *nagara* building is the *valabhi* type-rectangular buildings with a roof that rises into a vaulted chamber. The edge of this vaulted chamber is rounded, like the bamboo or wooden wagons that would have been drawn by bullocks in ancient times. They are usually called 'wagon-vaulted buildings'.

Central India

The temples found in Central India are usually made of sandstone. Some of the oldest surviving structural temples from the Gupta Period are in Madhya Pradesh. These are relatively modest-looking shrines, each having four pillars that support a small *mandapa* which looks like a simple square porch-like extension before an equally small room that serves as the *garbhagriha*. The temples of the late Gupta Period are built in the *panchayatana* style of architecture where the main shrine is built on a rectangular plinth with four smaller subsidiary shrines at the four corners (making it a total number

of five shrines, hence the name, *panchayatana*).

Contrary to these, the temples of Khajuraho made by the Chandela Kings in the tenth century, have a distinct shape and style. For instance, the Lakshmana temple of Khajuraho has four smaller temples in the

EN EXPLAINS

corners and all the towers or *shikharas* rise upward in a curved pyramidal fashion, ending in a horizontal fluted disc called an *amalak* topped with a *kalash* or vase. The temple also has projecting balconies and verandahs, thus very different from the temples of the late Gupta period.

West India

The stone used to build the temples in the region ranges in colour and type. While sandstone is the most common, a grey to black basalt can be seen in some of the tenth to twelfth century temple sculptures. The most exuberant and famed is the soft white marble which is also seen in some of the tenth to twelfth century Jain temples in Mount Abu and the fifteenth-century temple at Ranakpur.

The Sun temple at Modhera dates back to early eleventh century. The distinct feature of this temple is the massive rectangular stepped tank, called the *suryakund*, in front of it. This hundred-square-metre rectangular pond is perhaps the grandest temple tank in India. A hundred and eight miniature shrines are carved in between the steps inside the tank.

East India

Eastern Indian temples include those found in the North East, West Bengal and Odisha. Terracotta was the main medium of construction, and also for moulding plaques that depicted

**Terracotta Temple
Vishnupur**

Buddhist and Hindu deities in Bengal until the seventh century.

An old sixth-century sculpted door frame from DaParvatia near Tezpur and another few stray sculptures from Rangagora Tea Estate in Assam bear witness to the import of the Gupta idiom in that region. By the twelfth to fourteenth centuries, a distinct regional style developed in Assam. The style that came with the migration of the Tais from Upper Burma mixed with the dominant Pala style of Bengal and led to the creation of what was later known as the Ahom style in and around Guwahati. Kamakhya temple, a Shakti Peeth, is dedicated to Goddess

Kamakhya and was built in the seventeenth century.

The style of the sculptures during the period between the ninth and eleventh centuries in Bengal (including Bangladesh) and Bihar is known as the Pala style, named after the ruling dynasty at the time, while the style of those of the mid-eleventh to mid-thirteenth centuries is named after the Sena kings. While the Palas are celebrated as patrons of many Buddhist monastic sites, the temples from that region are known to express the local Vanga style. Most prominent of these was the shape of the curving or sloping side of the bamboo roof of a Bengali hut. This feature was eventually even adopted in Mughal buildings, and is known across North India as the Bangla roof. In the Mughal period and later, scores of terracotta brick temples were built across Bengal. These had elements of local building techniques combined with older forms reminiscent of the Pala period and with the forms of Islamic architecture.

The main architectural features of Odisha temples are classified in three orders, i.e., *rekhapida*, *pidhadeul* and *khakra*. In general, here the *shikhara*, called *deul* in Odisha, is vertical almost until the top when it suddenly curves sharply inwards. *Deuls* are preceded, as usual, by *mandapas* called *jagamohana* in Odisha. The ground plan of the main temple is almost always square, which, in the upper reaches of its superstructure becomes circular in the crowning *mastaka*. This makes the spire nearly cylindrical in appearance in its length. Compartments and niches are generally square, the exterior of the temples are lavishly carved, their interiors generally quite bare.

The Hills

The temples in the hills of Uttarakhand, Himachal Pradesh and Jammu and Kashmir have unique architecture. Kashmir's temples have a strong Gandhara influence which later mixed with the Gupta and post-Gupta traditions. The Pandrethan temple, built during the eighth and ninth centuries, has a wooden structure with its roof peaked and slants slowly outward due to the propensity of snowfall in the region. The temple is moderately ornamented, moving away from the post-Gupta aesthetics of heavy carving. The hills also had their own tradition of wooden buildings with pitched roofs. The temple at times takes on a pagoda shape. The Karkota period of Kashmir is the most significant in terms of architecture.

Dravida or South Indian Temple Style

Unlike the *nagara* temple, the *dravida* temple is enclosed within a compound wall. The front wall has an entrance gateway in its centre, which is

known as a *gopuram*. The shape of the main temple tower, known as *vimana* in Tamil Nadu, is like a stepped pyramid that rises up geometrically rather than the curving *shikhara* of North India. In the South Indian temple, the word '*shikhara*' is used only for the crowning element at the top of the temple which is usually shaped like a small *stupika* or an octagonal cupola—this is

**Meenakshi Temple
Madurai**

equivalent to the *amlak* and *kalasha* of North Indian temples. In some of the most sacred temples in South India, the main temple in which the *garbhagriha* is situated has, in fact, one of the smallest towers. This is because it is usually the oldest part of the temple.

The Shore temple at Mahabalipuram houses three shrines, two to Shiva, one facing east and the other west, and a middle one to Vishnu who is shown as Anantashayana. This is unusual, because temples generally have a single main shrine and not three areas of worship. This shows that it was probably not originally conceived

**Shore Temple
Mahabalipuram**

like this and different shrines may have been added at different times, modified perhaps with the change of patrons. In the compound there is evidence of a water tank, an early example of a *gopuram*, and several other images. Sculptures of the bull, Nandi, Shiva's mount, line the temple walls.

The magnificent Shiva temple of Thanjavur, called the Rajarajeswara or Brahadeeshwarar temple, was completed around 1009 by Rajaraja Chola, and is the largest and tallest of all Indian temples. Bigger in scale than anything built by their predecessors (the Pallavas, the Chalukyas, or the Pandyas), this Chola temple's pyramidal multi-storeyed *vimana* rises a massive, 70 metre structure, topped by a monolithic *shikhara* which is an octagonal dome-

भारत सरकार (Government of India)

गृह मंत्रालय (Ministry of Home Affairs)

महानिदेशालय - अग्निशमन सेवा, नागरिक सुरक्षा एवं गृह रक्षक

Directorate General Fire Service, Civil Defence & Home Guards

East Block-VII, Level- 7, R.K. Puram, New Delhi- 110066

Subject:- Filling up the Post of " Fire Advisor" in the O/o Director General (FS, CD & HG) in the Ministry of Home Affairs.

It is proposed to fill up one post of **Fire Advisor** in the O/o Director General (FS, CD & HG) in the Ministry of Home Affairs in Pay Level-13 (Rs.123100-215900) on deputation basis (including short term contract) from amongst Officers of Fire Brigades of Central Government or State Government or Union Territories Administration or autonomous bodies or statutory organisation or Public Sector Undertaking or University or recognised research institute:

- (a) (i) holding analogous post on regular basis; or
 (ii) with five years' service in the grade rendered after appointment thereto on a regular basis in post in level 12 (Rs. 78800-209200) of pay matrix or equivalent, in the parent cadre or department; or
 (iii) with ten years' service in the grade rendered after appointment thereto on a regular basis in post in level 11 (Rs. 67700-208700) of pay matrix or equivalent, in the parent cadre or department; **and**
 (b) **Possessing the following educational qualifications and experience:-**
 (i) Bachelor's degree in Fire Engineering from a recognized university or institute.
 (ii) Eleven years' experience in fire prevention or fire protection or fire fighting or fire training in the fire department of any organisation.

Note 1:- The departmental Deputy Fire Adviser in level 11 (Rs. 67700-208700) of pay matrix with ten years' regular service in the grade and having the qualifications and experience specified for deputationists shall also be considered along with outsiders and in case he is selected for appointment to the post, the same shall be deemed to have been filled by promotion.

Note 2:- The departmental officers in the feeder category who are in the direct line of promotion shall not be eligible for consideration for appointment on deputation and similarly, the deputationists shall not be eligible for consideration for appointment by promotion.

Note 3 : The period of deputation [including short term contract (ISTC)] including the period of deputation (ISTC) in another ex-cadre post held immediately preceding this appointment in the same or some other organisation or department of the Central Government shall ordinarily not to exceed five years.

Note 4 - The maximum age-limit for appointment by deputation (including short-term contract) shall be not exceeding fifty-six years as on the closing date of receipt of applications.

2. The application (in duplicate) through proper channel in the given proforma alongwith the complete and up-to-date Confidential Reports/APARS in original or their attested copies duly attested with rubber stamp on each page by an officer not below the rank of Under Secretary for the last five years of the officer, who could be spared immediately in the event of their selection may be sent to the Directorate General Fire Service, Civil Defence & Home Guards, East Block-7, Level-7, R.K. Puram, New Delhi-110066 **within 60 days from the date of publication of this advertisement.** While forwarding the names, an integrity certificate and a certificate that no disciplinary action/proceeding vigilance case in either pending or being contemplated against the Officer may also be attached.

3. Those applicants, who have applied against the earlier advertisement published in Employment News dated 16-22nd October, 2021, are required to re-submit their application for consideration.

4. Officers who volunteer and are sponsored by their Ministry/Department/State Government/UTs Administration, etc., for the post will not be permitted to withdraw their name later.

5. The vacancy circular along with other details are also available at www.dgfscdhg.gov.in.

PRESIDENT'S ADDRESS

President Shri Ram Nath Kovind led the Nation in celebrating the 73rd Republic Day on January 26, 2022. Addressing the nation on the eve of Republic Day, President Shri Ram Nath Kovind said, "When we won independence, the exploitation of colonial rule had left us in utter poverty, but in seventy-five years, we have made impressive progress. New opportunities await the next generation. Our youth have taken advantage of these opportunities and set new benchmarks of success. I am sure that with this energy, confidence and entrepreneurship, our country will continue to march ahead on the path of progress and will definitely secure its rightful place, befitting its potential, in the global community."

HOMAGE AT WAR MEMORIAL

Prime Minister Shri Narendra Modi led the nation in paying solemn tributes to the fallen heroes by laying a wreath at the National War Memorial. Thereafter, the Prime Minister and other dignitaries headed to the saluting dais at Rajpath to witness the Republic Day Parade. As per tradition, the National Flag was unfurled followed by the National Anthem with a booming 21-gun salute.

73rd REPUBLIC DAY HIGHLIGHTS

Shaheedon Ko Shat Shat Naman

At about the same time as Prime Minister Shri Narendra Modi paid homage at the National War Memorial, Next of Kin (NOK) of approximately 5,000 fallen heroes were presented with the Plaque of Gratitude by NCC cadets all over the country as part of the nationwide flagship programme of NCC 'Shaheedon Ko Shat Shat Naman'. The programme will continue till August 15, 2022 during which the NCC cadets will felicitate the NOKs of all 26,466 fallen heroes whose names were etched at the National War Memorial.

Week-long Celebrations

It has been decided that the Republic Day celebrations will now be week-long from January 23-30 every year. The celebrations will commence on 23rd January, the birth anniversary of great freedom fighter Netaji Subhas Chandra Bose and culminate on 30th January, which is observed as Martyrs' Day.

UNIQUE INITIATIVES

Cockpit View of Flypast

In a first, spectators were able to view the stunning footage of the air show taken from cockpits of some of the Indian Air Force aircraft. The IAF had coordinated with public broadcaster Doordarshan to show in-flight videos. A magnificent bird's eye visuals of different aircraft formations flying above the clouds were telecast and also shown on large screens installed at the parade venue. The videos are shared on the Twitter handle of the Spokesperson, Ministry of Defence (Spokes Person MoD).

Kala Kumbh - Huge Scroll paintings to adorn Rajpath

Ten scrolls each of 75 metres in length and 15 ft in height were displayed along the Rajpath during the parade. They were prepared during the 'Kala Kumbh' event jointly organised by Ministries of Defence & Culture.

Vande Bharatam Nritya Utsav

For the first time, dancers who performed during the cultural programme at the parade were selected through a nation-wide competition 'Vande Bharatam', jointly organised by Ministries of Defence and Culture.

Veer Gatha

In another first, Ministry of Defence in collaboration with Ministry of Education organized nationwide 'Veer Gatha' competition to motivate school students to do projects on gallantry award winners. More than eight lakh students from around 4,800 schools across the country participated and shared their inspirational stories through essays, poems, drawings and multimedia presentations. 25 winners were declared.

Static Band Performance by CAPF

Before the commencement of the parade, the contingents of Central Armed Police Forces undertook static band performances in the seating enclosures at Rajpath.

COVID safeguards

No foreign contingent participated in the parade this year in view of the COVID-19 pandemic. Only double vaccinated adults/one dose vaccinated children of 15 years and above were allowed entry at the parade. Children below 15 years of age were not permitted. All social distancing norms were followed and wearing of mask was compulsory.

Special spectators

Special arrangements were made to give opportunity to those segments of society which usually do not get to watch the parade. Some sections of auto-rickshaw drivers, construction workers, sanitation workers and frontline health workers were invited to watch the Republic Day Parade.

THE PARADE

The parade commenced with President Shri Ram Nath Kovind taking the salute. The parade was commanded by Parade Commander, Lieutenant General Vijay Kumar Mishra, Ati Vishish Seva Medal. Major General Alok Kacker, Chief of Staff, Delhi Area was the Parade Second-in-Command. The parade commanders were followed by the proud winners of the highest gallantry awards. They included the winners of Param Vir Chakra and Ashok Chakra.

Indian Army Contingents

First in line was the 61 Cavalry led by Major Mrityunjay Singh Chouhan. The 61 Cavalry is the only active serving horse Cavalry regiment in the world. The 61 Cavalry was followed by 14 Mechanised Columns, six marching contingents and a fly past by Advanced Light Helicopters (ALH) of Army Aviation. One Tank PT-76 & Centurion (On Tank Transporters) & two MBT Arjun MK-I, one APC TOPAS & BMP-I (On Tank Transporter) & Two BMP-II, one 75/24 Towed Gun (On Vehicle) & two Dhanush Gun System, one PMS Bridge and two Sarvatra Bridge System, one HT-16 (On Vehicle) and two Tarang Shakti Electronic Warfare System, one Tiger Cat Missile and two Akash Missile System were the main attraction in the mechanised columns. A total of six marching contingents of the Army participated in the parade.

Past to Present: Soldiers' Uniform and Weapons

The marching contingents displayed the evolution of uniform and personnel weapon of Indian Army over the last 75 years. The contingent of the Rajput Regiment wore the uniform of Indian Army of 1947 and carried the .303 Rifle. The Assam Regiment wore the uniform of 1962 and carried .303 Rifles. The Jammu & Kashmir Light Regiment was in the uniform worn during 1971 and carried 7.62mm self loading Rifle. The contingent of the Sikh Light Regiment and the Army Ordnance Corps wore the present day uniform with 5.56mm INSAS Rifle. The contingent of the Parachute Regiment donned the

new Combat Uniform of Indian Army, unveiled on January 15, 2022 and carried the 5.56mm x 45mm TAVOR Rifle.

Indian Navy Contingent

The Naval contingent comprised 96 young sailors and four officers led by Lt Cdr Aanchal Sharma as Contingent Commander. This was followed by the Naval Tableau which designed with the aim to showcase the multi-dimensional capabilities of the Indian Navy and highlight the key inductions under 'Aatmanirbhar Bharat'. The forward part of the tableau depicted the Naval Uprising of 1946, which contributed in India's struggle for independence. The rear section illustrated the 'Make in India' initiatives of the Indian Navy from 1983 to 2021. A model of New Vikrant was flanked by models of indigenously designed and built warships.

Indian Air Force Contingent

The Indian Air Force contingent comprised of 96 airmen and four officers and was led by Squadron Leader Prashant Swamyathan. The Air Force tableau was titled 'Indian Air Force, Transforming for the Future'. The tableau showcased scaled down models of MiG-21, Gnat, Light Combat Helicopter and Rafale aircraft, as well as the Aslesha radar.

DRDO Tableaux

The Defence Research and Development Organisation (DRDO) displayed two tableaux, signifying the defence technological advancements of country. The tableaux were titled 'Suite of Indigenously Developed Sensors, Weapons and Electronic Warfare Systems for LCA Tejas' and 'Air Independent Propulsion System' developed for the submarines of Indian Navy.

The first tableau displayed an indigenously-developed Advanced Electronically Scanned Array Radar; five different aerial launched weapons and an Electronic Warfare Jammer to further enhance the capabilities of fourth generation LCA (Light Combat Aircraft) Tejas. The second tableau showcased indigenously-developed AIP System for propelling the Indian Naval submarines underwater.

Contingent of ICG, CAPF and Delhi Police

The Indian Coast Guard (ICG) contingent with the theme 'Ready, Relevant and Responsive' was led by Deputy Commandant H T Manjunath. This was followed by the marching contingents of Central Reserve Police Force (CRPF), led by Assistant Commandant Ajay Malik; 15 times winner of best marching contingent, Delhi Police, led by Assistant Commissioner of Police Vivek Bhagat; Central Industrial Security Force (CISF) commanded by Assistant Commandant Mohnish Bagree; Sashastra Seema Bal (SSB) led by Deputy Commandant Nirupesh Kumar and Border Security Force (BSF) Camel Contingent headed by Deputy Commandant Manohar Singh Kheechee also marched past the saluting dais. The National Cadet Corps (NCC) Boys marching contingent, comprising of 100 Senior Division cadets, was led by Senior Under Officer Rupendra Singh Chauhan of the Punjab Directorate. Senior Under Officer Pramila of Karnataka Directorate headed the NCC Girls marching contingent, consisting of 100 Senior Wing Cadets drawn from all 17 Directorates. The marching contingent of National Service Scheme (NSS), comprising of 100 volunteers, was

headed by Baraiya Siddhi Ramesh from Diu Union Territory, Ahmedabad Directorate.

TABLEAUX

12 States/Union Territories and 9 Ministries/Departments showcased their tableaux on various themes under 'Azadi ka Amrit Mahotsav'. The tableaux was followed by cultural performances by 480 dancers chosen through 'Vande Bharatam' and a motorcycle display by Seema Bhawani Motorcycle Team of BSF and Himveers of Indo-Tibetan Border Police (ITBP).

THE FLY PAST

The grand finale and the most spectacular segment of the parade, the Fly Past, for the first time, witnessed 75 aircraft/helicopters of the Indian Air Force displaying a number of formations, as part of 'Azadi ka Amrit Mahotsav'. Vintage as well as current modern aircraft/helicopters like the newly acquired, Rafale, Sukhoi, Jaguar, Mi-17, Sarang, Apache and Dakota displayed different formations, including Rahat, Meghna, Eklavya, Trishul, Tiranga, Vijay and Amrit. The ceremony culminated with the national anthem and the release of Tri-colour balloons. For the first time IAF coordinated with Doordarshan to show cockpit videos during the fly past.

Online Interview for the Award of Junior Research Fellow (JRF)

Defence Bioengineering and Electromedical Laboratory (DEBEL), Bangalore, a premier Institute of Defence Research and Development Organisation (DRDO), is engaged in research and development work in Life Support Systems, Biomedical devices, Environmental Protection Systems and Aircrew Protective Systems. DEBEL is looking for meritorious, young and motivated researchers to pursue a career in these frontier areas. The laboratory is well equipped with state-of-the art infrastructure facilities for undertaking pioneering research and provides an excellent environment for professional growth. DEBEL invites applications from young and meritorious Indian Nationals with requisite qualifications, who desire to pursue defence-related research as Junior Research Fellows. **Selection will be made on the basis of Online interview through Video conferencing.**

कोड Subject Code	संख्या No. of Fellowships	आवश्यक योग्यता Essential Educational Qualification
JRF-01	04	BE/B.Tech in Mechanical Engineering with 1st Division with valid NET/ GATE qualification. OR ME/M.Tech in Mechanical Engineering with 1st Division both at Graduate & Postgraduate level.
JRF-02	02	BE/B.Tech in Biomedical Engineering with 1st Division with valid NET/ GATE qualification. OR ME/M.Tech in Biomedical Engineering with 1st Division both at Graduate & Postgraduate level.
JRF-03	02	BE/ B.Tech in Polymer Science & Technology/Textile Engineering/Textile Technology/Textile Chemistry/ Fibre Science with 1st Division with valid NET/GATE qualification. OR ME/ M.Tech in Polymer Science & Technology/Textile Engineering/Textile Technology/ Textile Chemistry/Fibre Science with 1st Division both at Graduate & Post-graduate level.
JRF-04	03	Master's Degree in Chemistry with 1st division with valid NET qualification. OR BE/ B.Tech in Chemical Engineering with 1st Division with valid NET/ GATE qualification. OR ME/ M.Tech in Chemical Engineering with 1st Division both at Graduate & Postgraduate level.

General Conditions:

- Only candidates possessing the above-mentioned qualification(s) need to apply. All the qualifications acquired should be from recognized Universities/ Institutions. Candidates working in Government/Public sector undertaking/ autonomous bodies should apply through proper channel.
- Upper Age Limit:** 28 years as on the closing date of receipt of applications. The upper age limit shall be relaxable to the candidates belonging to Scheduled Castes, Scheduled Tribes and OBC as per Government of India norms. **The closing date of receipt of applications shall be 15 days after publication of this Advertisement in Employment News.**
- How to apply:** Candidates should download and fill the Application Form in the prescribed format (available on the 'what's new' section of the website www.drdo.gov.in). The signed Application Form along with certificate in support of minimum educational qualification, matriculation certificate/ birth certificate in support of date of birth, **GATE/ NET** Score card (if applicable), valid as on closing date of application, caste certificate (if applicable) should be scanned in a **single PDF file [File name should be: Subject Code_Your Name_Date of Email]** and emailed to hrd.debel@debel.drdo.in, before the closing date. Incomplete/ partially filled applications are liable to be rejected.
- Screening of the applications will be carried out by a duly constituted Screening Committee and the shortlisted candidates will be interviewed through **web-based video conference over internet** and the schedule of interview will be intimated beforehand via email. Therefore, the candidates should possess an active email ID and check the same periodically till the selection process is completed. Only candidates shortlisted by the Screening Committee will receive communication for further selection procedure. Canvassing in any form will result in disqualification of candidature.
- Candidates should ensure Internet connectivity, Webcam, and necessary software at their end to attend the online interview through video conference and

DEBEL shall not be responsible for any connectivity failure or communication faults during the online interview.

- Based on the online interview, a Panel of candidates for the anticipated vacancies will be drawn and the Panel would operate for a period of one year. However, the mere fact of empanelment will not entitle any candidate to an offer of Fellowship, which is contingent upon occurrence of vacancies during the year and actual number of vacancies may vary as per Organisational requirement. Director, DEBEL reserves the right not to select any candidate, if suitable candidates are not available.
- The Fellowships shall be awarded initially for a period of two years (extendable as per rules), with monthly emoluments of Rs. 31,000/- plus House Rent Allowance as admissible under the rules.
- It may be noted that offer of Fellowship does not confer on Fellows any right for absorption in DRDO.
- Candidates presently employed in Government Departments/ PSUs/ Autonomous Bodies will be required to produce NOC at the time of interview.
- Antecedents of candidate will be verified again at the time of joining, if selected.
- The selected candidate(s) may be allowed to register for PhD as per extant regulations with any recognized University/Institution during the tenure of fellowship.

Pictorial Book on India's Women Unsung Heroes of Freedom Struggle

A Pictorial book on India's Women Unsung Heroes of Freedom Struggle was released by Union Minister of State for Culture Smt Meenakashi Lekhi on 27th January in New Delhi as part of Azadi ka Mahotsav. The book has been published by Ministry of Culture in partnership with Amar Chitra Katha which is a household name in India.

The book celebrates the lives of some of the women who led the charge and lit the flame of protest and rebellion throughout the country. It contains the stories of queens who battled colonial powers in the struggle against imperial rule and women who dedicated and even laid down their lives for the cause of the motherland.

On the occasion, Minister Smt Meenakashi Lekhi said that if we go through the glorious past of Indian history, we find that the Indian culture was the one which celebrated women and there was no place for gender discrimination. This is amply evident from the fact that women had the courage and physical strength to fight like soldiers in the battlefield. Narrating the tales of valor of some of the unsung women heroes included in the book, the Minister said that women were equally vocal in expressing dissent against imperial powers. For example Rani Abbakka repulsed the Portuguese attacks for several decades. However, history has hardly been written with this perspective and now as part of Azadi ka Amrit Mahotsav, the sacrifices of these unsung heroes will be brought to light.

The movement to gain India's Independence brought together millions of people from every walk of life in protest of the colonial rule. However, we all know only few legendary, iconic leaders of the freedom struggle. In view of this, as a part of the Azadi Ka Amrit Mahotsav commemorating 75 years of India's Independence, the Government of India has decided to recall and remember forgotten heroes of our freedom struggle, many of whom might be renowned yet unknown to the new generation.

Ministry of Culture has decided to release pictorial books on 75 Unsung Heroes of the Freedom Struggle in partnership with Amar Chitra Katha. The second edition, which is under process, will be on 25 unsung tribal freedom fighters. The third and final edition will be of 30 unsung heroes drawn from other areas.

REVIEW OF THE YEAR 2021

MINISTRY OF CIVIL AVIATION

UDAN 4.1

- Regional connectivity scheme RCS-UDAN entered the fifth year.
- Under UDAN 4.1, 168 routes were awarded during the year.
- 100 new routes commenced as part of the vision to improve connectivity across India.
- 12 new airports were operationalised which included 3 heliports.

Krishi UDAN 2.0

- Krishi UDAN 2.0 launched on 27.10.2021, with aim to ensure seamless, cost-effective, time-bound air transportation for farmers.
- Logistics for all agri-produce originating especially from Northeast, hilly and tribal regions of the country.
- Ministry of Civil Aviation, Ministry of Agriculture & Farmers Welfare, Dept. of Fisheries, Dept. of Animal Husbandry and Dairying, Ministry of Food Processing Industries, Ministry of Tribal Affairs, DONER are coordinating for implementation of the scheme.
- Under the scheme, full waiver of Landing, Parking, TNLC, and RNFC charges for Indian freighters and P2C has been implemented at 25 airports from NER, Hilly and Tribal region and 28 airports from remaining parts of the country.
- 50% of Air Freight Charges and 50% of TSP charges of Cargo Terminal operators proposed for subsidy.
- 7 focus routes identified to support region specific products like Lichi from Darbhanga, Pineapple from Agartala, etc.

Drone

- Drone Rules 2021 notified on 25th August 2021 with the commitment to make India a global hub for R&D, testing, manufacturing and operations
- To facilitate further growth, the Government approved the Production Linked Incentive (PLI) scheme on 30 Sep 2021 for drones and drone components in India.
- Digital Sky Platform (DSP) has been launched to regulate the entire gamut of activities pertaining to drone operations as well as to function as a single window online platform to ensure smooth functionality of the applications.
- Unmanned Aircraft System (UAS)

Traffic Management (UTM) Policy framework, 2021 has been released on 24 Oct 2021 to enable complex operations of drones and increase the overall safety in the UTM airspace.

Liberalized FTO Policy

- On 25 Sep 2021, the Airports Authority of India (AAI) announced a liberalized FTO (Flying Training Organizations) policy to support growth of aviation industry in the country.

Flight Information Display System (FIDS) etc at strategic locations at over 80 airports.

- Pending grievances on AirSewa portal has been reduced from 1,354 on 20 Jul 2021 to 59 on 15 Dec 2021 (96% reduction).

Disinvestment & Strategic Sale

- For Air India sale, share purchase agreement signed with Talace Pvt Ltd on 25th October 2021.
- Winning bid of Rs.18,000 crore as

inefficiencies, minimize personal interaction, improve regulatory reporting, enhance transparency and increase productivity.

- Mobile app has also been launched for Pilots and Aircraft Maintenance Engineers to view their profiles and update their log books on the go.

Airport Monetization & Development

- 6 airports including Lucknow, Ahmedabad, Mangaluru, Jaipur, Guwahati and Thiruvananthapuram handed over for management under the PPP (Public-Private Partnership) model.
- Under National Monetization Pipeline, 25 additional airports have been identified for monetization in next 3 years.
- Three airports including Kushinagar, Kurnool and Sindhudurg have been operationalized this year under RCS-UDAN scheme.
- The foundation stone for Jewar International Airport was laid.

(Source: Press Information Bureau)

- Under the extant policy, airport royalty was abolished, and annual fee was rationalized significantly for new FTOs.
- AAI issued award letters to establish nine flying schools at Five AAI airports (Lilabari, Khajuraho, Belagavi, Kala-burgi and Jalgaon).
- With growth of aviation industry, opportunities for pilots is increasing- 787 Commercial Pilot Licenses (CPL) were issued during Jan-Nov 2021, an all time high.

AirSewa3.0

- AirSewa 3.0 made live on 02 Oct 2021 with enhanced feature of grievance redressal. It serves as a single window digital solution for all stakeholders
- New features include - Grievance escalation by users or on Service Level Agreement (SLA) expiry, grievance transfer among stakeholders, enhanced roles and permissions for nodal officers, Enhanced flight information and tracking of flights, public forum for discussions, mobile app for nodal officers.
- The service has been promoted extensively by printing AirSewa QR code on the boarding cards and tickets, promotion through

Enterprise Value (EV) consideration.

- Non-core assets including land & building, valued at Rs.14,718 crore, to be transferred to Air India Asset Holding Ltd (AIAHL).
- Entire disinvestment process carried out in a transparent manner through multi-layered decision making.
- PIM for the sale of Pawan Hans issued.

eGCA: An Innovative Step Towards Digital India

- e-Governance in Directorate General of Civil Aviation (eGCA) was launched on 11 Nov 2021 with an aim of bringing about ease of doing business, transparency and automation of the processes and functions of DGCA.
- Under this initiative, services provided to various DGCA stakeholders such as Pilots, Aircraft Maintenance Engineers, Air Traffic Controllers, Air Operators, Airport Operators, Flying Training Organizations, Maintenance and Design organizations etc. are now available on the eGCA.
- Around 300 services of the eGCA have been implemented.
- This single window platform will eliminate operational

IndianOil

(Pipelines Division)

RECRUITMENT FOR FILLING NON-EXECUTIVE VACANCIES IN PIPELINES DIVISION

Pipelines Division of Indian Oil Corporation Limited invites applications from eligible Indian Nationals for the Non-Executive vacancies in Group C and D in various locations of Pipelines Division in the posts of **Engineering Assistant** (Electrical, Mechanical, Telecommunication & Instrumentation and Operations) and **Technical Attendant** in states of Gujarat, Rajasthan, Madhya Pradesh, Maharashtra, Andhra Pradesh, Tamil Nadu, Odisha, Chhattisgarh, Assam, Jharkhand, Bihar, Uttar Pradesh, Punjab, Delhi, West Bengal and Haryana.

NUMBER OF VACANCIES AND RESERVATION:

Total number of vacancies in Group C & D								
State	Total	UR	SC	ST	OBC	EWS	PwBD	ExSM
Assam	4	2	1	0	0	1	0	0
Bihar	21	9	3	0	6	3	1	3
Jharkhand	1	1	0	0	0	0	0	0
Uttar Pradesh (ERPL)	4	3	1	0	0	0	0	1
West Bengal	3	2	1	0	0	0	0	1
Delhi	1	1	0	0	0	0	0	2
Haryana	1	1	0	0	0	0	0	
Punjab	2	2	0	0	0	0	0	
Rajasthan (NRPL)	1	1	0	0	0	0	0	
Uttar Pradesh (NRPL)	2	2	0	0	0	0	0	
Odisha	12	5	1	3	1	2	0	7
Andhra Pradesh (SERPL)	20	10	3	1	5	1	0	
Chhattisgarh	4	2	0	2	0	0	0	
Andhra Pradesh (SRPL)	1	1	0	0	0	0	0	1
Tamil Nadu	7	3	2	0	1	1	0	10
Gujarat	25	12	0	4	6	3	1	
Rajasthan (WRPL)	5	4	0	1	0	0	0	
Madhya Pradesh	3	2	0	1	0	0	0	
Maharashtra	20	13	1	1	4	1	0	
Total	137	76	13	13	23	12	2	25

Out of above, 25 posts are further reserved for Ex-servicemen, 08 posts in Group C & 17 posts in Group D. For exact number of vacancies and reservation, please refer to our website notification at www.iocl.com or <https://plapps.indianoil.in/>.

QUALIFICATION REQUIREMENT:

- 1) **Engineering Assistant Grade IV**- 3 years (or 2 years through lateral entry after ITI of Minimum 1 year duration/10+2) full time Diploma in Engineering in respective Discipline
- 2) **Technical Attendant Grade I** - Matric / 10th pass and ITI pass from a Govt. recognized Institute in the specified ITI Trades

PAY AND PERK:

- 1) Engineering Assistant (Grade IV) :- Pay Scale- Rs. 25000-105000.
- 2) Technical Attendant (Grade I) :- Pay Scale- Rs.23000-78000.
- 3) Basic Pay, D.A., HRA and such other benefits shall be admissible as per the rules of the Corporation.

APPLICATION FEES:

- 1) Candidates belonging to General, EWS and OBC categories are required to remit Rs. 100/- as application fee.
- 2) The fee is to be paid through online mode only.
- 3) SC/ST/PwBD candidates are exempted from payment of application fee.

SELECTION METHODOLOGY

Selection process would consist of Written Test and Skill/Proficiency/Physical Test (SPPT). The SPPT shall be qualifying in nature. Merit List will be prepared on the basis of marks scored in the written test. Candidates have to secure a minimum of 40% marks in Written Test to qualify for SPPT. For SC/ST/PwBD candidates, minimum qualifying marks shall be 30% against the reserved posts only.

For detailed notification, please visit www.iocl.com in the section *Indian Oil For You→Indian Oil For Careers→Latest Job Openings*. The last date for receipt of online applications at <https://plapps.indianoil.in/> is **18.02.2022**.

All future announcements shall be published only in IOCL website at www.iocl.com. It shall not be made available on any other website/medium. Candidates are advised to visit IOCL website from time to time for updates on the above notification.

EN 45/30

Continued from page 2

MAKING INDIA A GLOBAL DRONE HUB

equipped with bulky and expensive hardware, which is neither feasible nor advisable. This requires the creation of a separate, modern, primarily software-based, automated UAS Traffic Management (UTM) system. Such systems may subsequently be integrated into traditional ATM systems.

The aim of National Unmanned Aircraft System Traffic Management (UTM) Policy Framework is to lay down a policy framework for enabling high density, complex unmanned aircraft operations in Very Low Level Indian airspace. This framework has defined the overall architecture of the UTM ecosystem and has recognised various stakeholders and their primary responsibilities. The operational scenarios, standards, business rules and technical requirements for UTM systems are evolving across the world. The Central Government plans to carry out an evidence-based policy formation for enabling UTM systems in India. The

- key steps involved therein are as follows.
- a) The Central Government will publish a Request for Expression of Interest (RFEOI) for UTM experiments.
- b) The duration of such UTM experiment will not exceed six months.
- c) The experiments will be outcome-based and each participating UTMSP will propose recommendations as per the RFEOI requirements.
- d) The experiments will provide an opportunity for participating UTMSP to conduct sample integration with the DigitalSky Platform.
- Question: The value chain of the drone sector comprises hardware, software and service delivery. What kind of employment generation are we looking at in these domains?**
- Amber Dubey:** Thanks to the liberalised drone rules and the PLI

scheme, the drones and drone components manufacturing industry may see an investment of over INR 5,000 crore over the next three years. The annual sales turnover of the drone manufacturing industry may grow from INR 60 crore in 2020-21 to over INR 900 crore in FY 2023-24. The drone manufacturing industry is expected to generate over 10,000 direct jobs over the next three years.

The drone-based service delivery industry (operations, logistics, data processing, traffic management etc.) is far bigger in scale than the drone manufacturing industry. It is expected to grow to over INR 30,000 crore in next three years and generate over five lakh jobs in three years.

Question: Do you think it is necessary to ensure industry-academia connect in order to prepare skilled manpower for this sector? What efforts are being made on this front?

Amber Dubey: A close connect

between Government, regulators, industry and academia is extremely important in any sector, especially one that is so technology-driven like drones. The fact that the UAS Rules, 2021 (notified in March 2021) were repealed in merely five months and replaced by the highly liberalised Drone Rules, 2021 (in August 2021) shows the close collaboration between the Government, industry and academia.

Leading academic institutions are helping the drone industry by way of cutting edge research projects and by providing incubator facilities to drone startups at a very low cost. Examples include the swarm drone projects at IIT Delhi and IIT Kanpur, drone taxis at IIT Madras, petrol-engine based agri-drones at Anna University etc. Most of the leading drone companies like IdeaForge, Aarav, Marut etc. are products of the incubation programs at leading academic institutions of India. This trend will grow multifold with time.

(The interviewee is an Officer of Press Information Bureau, Government of India).

INDIA'S REGULATORY LANDSCAPE FOR COMMERCIAL USAGE OF DRONES

In March 2021, the Ministry of Civil Aviation (MoCA) published the UAS (Unmanned Aircraft Systems) Rules, 2021. They were perceived by the academia, Start-Ups, end-users and other stakeholders as being restrictive in nature as they involved considerable paper-work, required permissions for every drone flight and very few "free to fly" green zones were available. Based on the feedback, the Government decided to repeal the UAS Rules, 2021 and replace the same with the liberalised Drone Rules, 2021.

The government estimates that the drones and drone components manufacturing industry may see an investment of over Rs 5,000 crore over the next three years. The annual sales turnover of the drone manufacturing industry is projected to reach Rs 900 crore in FY 2023-24, generating over 10,000 direct jobs over the next three years.

The drone services industry (operations, logistics, data processing, traffic management etc.) is far bigger in scale. It is expected to grow to over Rs 30,000 crore in next three years and is expected to generate over 5 lakh jobs in three years.

DRONE RULES, 2021

Forms, Fees and Approvals

- As compared to 25 forms that were mandatory earlier, anyone seeking to operate drones now needs to fill only 5 forms.
- Total number of fees to be paid has been reduced to just 4 as compared to 72 earlier.
- The quantum of fees, which was earlier linked to the size of drone, has been reduced and delinked from the size.
- The ambit of these rules has been increased to cover drones up to 500 kg in weight from 300 kg earlier, thereby bringing drone taxis under the fray too.
- The following approvals are no longer required:
 - Unique Authorisation Number
 - Unique Prototype Identification Number
 - Certificate of Manufacturing and Airworthiness
 - Certificate of Conformance
 - Certificate of Maintenance
 - Import Clearance
 - Acceptance of Existing Drones
 - Operator Permit
 - Authorisation of R&D Organization
 - Student Remote Pilot Licence
 - Remote Pilot Instructor Authorization
 - Drone Port Authorization

DIGITALSKY PLATFORM

DigitalSky, which was first unveiled in December 2018, has been revamped to become compliant with India's new drone policy. The platform serves as:

- Single window platform for all required clearances
- Minimal human interface. Most permission is self-generated.
- Interactive airspace map showing three zones — yellow, green and red to tell drone operators where they can and cannot fly their aircraft systems

DRONE PILOT LICENSE

- DGCA (Directorate General of Civil Aviation) prescribes drone training requirements, oversees drone schools and provides pilot licenses online.
- Remote pilot license is issued by DGCA within 15 days of the pilot receiving the remote pilot certificate from the

Certification and Unique Identification Number.

- Nano and model drones (made for research or recreation purposes) are exempt from Type Certification.
- Easier process has been specified for transfer and deregistration of drones

government and industry.

- The process will now ensure minimum requirements for airworthiness—safety and security requirements for drones.
- This will encourage enthusiasts to undertake the development and manufacturing of the five

platform <https://digitalsky.dgca.gov.in/home>. Key features of the map are:

- Interactive map that demarcates the Green, Yellow and Red Zones across the country.
- Green zone is the airspace upto 400 feet that has not been designated as a red or yellow zone; and upto 200 feet above the area located between 8-12 km from the perimeter of an operational airport.
- In green zones, no permission whatsoever is required for operating drones with an all-up weight upto 500 kg.
- Yellow zone is the airspace above 400 feet in a designated green zone; above 200 feet in the area located between 8-12 km from the perimeter of an operational airport and above ground in the area located between 5-8 km from the perimeter of an operational airport.
- Drone operations in yellow zone require permission from the concerned air traffic control authority – AAI, IAF, Navy, HAL etc. as the case may be.
- Yellow zone has been reduced from 45 km earlier to 12 km from the airport perimeter.
- Red zone is the 'no-drone zone' within which drones can be operated only after a permission from the Central Government.
- The airspace map may be modified by authorised entities from time to time.
- Anyone planning to operate a drone should mandatorily check the latest airspace map for any changes in zone boundaries.
- The drone airspace map is freely available on the digital sky platform to all without any login requirements.

PLI SCHEME

The Central Government approved the Production-Linked Incentive (PLI) scheme for drones and drone components in September 2021. The PLI scheme along with the new drone rules are intended to catalyse super-normal growth in the drone sector. Key features of the scheme are:

- The total amount allocated for the PLI scheme for drones and drone components is Rs 120 crore spread over three financial years. This amount is nearly double the combined turnover of all domestic drone manufacturers in FY 2020-21.
- The incentive for an enterprise manufacturing drones and drone components shall be as high as 20% of the value addition made by it.
- The Government has agreed to keep the PLI rate constant at 20% for all three years, an exceptional treatment given only to the drone industry. In PLI schemes for other sec-

authorised drone school through the digital sky platform.

- Remote pilot license not required for micro drones (for non-commercial use) and nano drones.
- Remote Pilot Licence not required by R&D entities operating drones in own or rented premises, located in a green zone.

DRONES TESTING

- Testing of drones for issuance of Type Certificate is carried out by Quality Council of India or authorised testing entities.
- Type Certificate is required only when a drone is to be operated in India.
- Manufacturers and importers may generate their drones' Unique Identification Number on the digital sky platform through the self-certification route.
- Importing and manufacturing drones purely for exports are exempt from Type

through the DigitalSky platform.

DRONE CERTIFICATION SCHEME

The Ministry of Civil Aviation (MoCA) further liberalised the drone certification scheme (DCS) on 26 January 2022 with the aim to make type-certification of drones simpler, faster and transparent. Key features of the scheme are:

- Indigenous manufacturers, assemblers and importers will have to submit data and test results on drone weight, type of launch and recovery mechanism installed, speed, range, endurance, battery performance, the material used in construction.
- The application can be submitted on the DigitalSky Platform.
- The certification will be overseen by the Quality Control of India (QCI) and aided by a multi-stakeholder steering committee of

varieties of drones in India—a boost to the phenomenally successful Make in India campaign.

SECURITY CLEARANCE

- Earlier, prior to issuance of a registration or licence, a security clearance was necessary. Now, the security clearance has been done away with.
- Foreign companies are now allowed to operate drones in India.
- Import of drones will continue to be regulated by the Directorate General of Foreign Trade.
- Industry will have to comply with safety and security features like 'No Permission—No Takeoff' (NPNT), real-time tracking beacon, geo-fencing etc. notified from time to time.

DRONE AIRSPACE MAP

India's airspace map for drone operations was released on 24 September 2021. The map is available on DGCA's digital sky

Continued from page 36

INDIA'S REGULATORY LANDSCAPE FOR COMMERCIAL ...

tors, the PLI rate reduces every year.

- The Government has agreed to fix the minimum value addition norm at 40% of net sales for drones and drone components instead of 50%, another exceptional treatment given to the drone industry. This will allow widening the number of beneficiaries.
- The value addition shall be calculated as the annual sales revenue from drones and drone components (net of GST) minus the purchase cost (net of GST) of drone and drone components.
- The PLI scheme covers a wide variety of drone components: Airframe, propulsion systems (engine and electric), power systems, batteries and associated components, launch and recovery systems; Inertial Measurement Unit, Inertial Navigation System, flight control module, ground control station and associated components; Communications systems (radio frequency, transponders, satellite-based etc.) Cameras, sensors, spraying systems and related payload etc.; 'Detect and Avoid' system, emergency recovery system, trackers etc. and other components critical for safety and security.
- The list of eligible components may be expanded by the Government from time to time, as the drone technology evolves.
- The Government has agreed to widen the coverage of the incentive scheme to include developers of drone-related IT products.

- The Government has kept the eligibility norm for MSME and Startups in terms of annual sales turnover at a nominal level - INR 2 cr (for drones) and INR 50 lakhs (for drone

year if it makes up the shortfall in the subsequent year.

DRONES IN AGRICULTURE

In a major boost to promote precision farming in India, the Union Ministry of Agriculture and

- A contingency expenditure of Rs 6000 per hectare would be provided to implementing agencies that do not want to purchase drones but will hire drones for demonstrations from Custom Hiring Centres, Hi-tech Hubs, Drone Manufacturers and Start-Ups.

RKVY or any other Schemes can also include drone as one of the machines along with other agricultural machines in the projects of CHCs/Hi-tech Hubs.

- Agriculture graduates establishing Custom Hiring Centers would be eligible to receive 50% of the basic cost of drone and its attachments or up to Rs 5 lakhs in grant support for drone purchases.
- Rural entrepreneurs should have passed class tenth examination or its equivalent from a recognized Board; and should have remote pilot license from Institute specified by the Director General of Civil Aviation (DGCA) or from any authorized remote pilot training organization.

The subsidized purchase of agriculture drones for CHCs/Hi-tech Hubs will make the technology affordable, resulting in their widespread adoption. This would make drones more accessible to the common man in India and will also significantly encourage domestic drone production.

The Department of Agriculture & Farmers Welfare has also brought out Standard Operating Procedures (SOPs) for use of Drone application with pesticides for crop protection in agricultural, forestry, non-cropped areas, etc. and for Drone Application in Spraying for Soil and Crop Nutrients. The demonstrating institutions and all the providers of agricultural services through drone application have to comply with these rules/regulations and SOPs.

Compiled by EN Team.
(Source: PIB/AIR/DGCA/Invest India)

components). This will allow widening the number of beneficiaries.

- Eligibility norm for non-MSME companies in terms of annual sales turnover has been kept at INR 4 crore (for drones) and INR 1 crore (for drone components).
- The incentive payable to a manufacturer of drones and drone components shall be simply one-fifth of the value addition.
- PLI for a manufacturer shall be capped at 25% of total annual outlay. This will allow widening the number of beneficiaries.
- In case a manufacturer fails to meet the threshold for the eligible value addition for a particular financial year, it will be allowed to claim the lost incentive in the subsequent

Farmers Welfare issued guidelines on 22nd January 2022 to make drone technology affordable to the stakeholders of this sector. Key features of the guidelines are:

- Upto 100% of the cost of agriculture drone or Rs. 10 lakhs, whichever is less, as grant for purchase of drones by the Farm Machinery Training & Testing Institutes, ICAR institutes, Krishi Vigyan Kendras and State Agriculture Universities for taking up large scale demonstrations of this technology on the farmers' fields.
- The Farmers Producers Organizations (FPOs) would be eligible to receive grant up to 75% of the cost of agriculture drone for its demonstrations on the farmers' fields.

- The contingent expenditure to implementing agencies that purchase drones for drone demonstrations would be limited to Rs 3000 per hectare. The financial assistance and grants would be available until March 31, 2023.
- 40% of the basic cost of drone and its attachments or Rs.4 lakhs, whichever less would be available as financial assistance for drone purchase by existing Custom Hiring Centers which are setup by Cooperative Society of Farmers, FPOs and Rural entrepreneurs.
- The new CHCs or the Hi-tech Hubs that will be established by the Cooperative Societies of Farmers, FPOs and Rural entrepreneurs with financial assistance from SMAM,

TEMPLE ARCHITECTURE IN INDIA

shaped *stupika*. It is in this temple that one notices for the first time two large *gopuras* (gateway towers) with an elaborate sculptural programme which was conceived along with the temple.

The Deccan

Many different styles of temple architecture, influenced by both North and South Indian temples,

**Kailashnath Temple
Ellora**

are found in regions like Karnataka. This hybridised style, that seems to have become popular after the mid-seventh

century, is known in some ancient texts as *vesara*. The hybridisation and incorporation of several styles was the hallmark of Chalukyan buildings. The most elaborate of all Chalukyan temples at Pattadakal made in the reign of Vikramaditya II is Virupaksha temple. At the same time, the Durga temple at Aihole is unique having an even earlier style of an apsidal shrine which is reminiscent of Buddhist chaitya halls and is surrounded by a veranda of a later kind, with a shikhara that is stylistically like a *nagara* one.

By about 750 CE, the early western Chalukya control of the Deccan was taken by the Rashtrakutas. Their greatest achievement in architecture is the Kailashnath temple at Ellora, a culmination of at least a millennium-long tradition in rock-cut architecture in India. It is a complete *dravida* building, with a

gopuram-like gateway, surrounding cloisters, subsidiary shrines, staircases and an imposing tower or *vimana* rising to thirty metres. And all of this is carved out of living rock.

Also found in Karnataka are the temples built by the Hoysalas. The most characteristic feature of these Hoysalas' temples is that they have several projecting angles emerging from the previously straightforward square temple, such that the plan of these temples starts looking like a star (also known as a stellate-plan). These temples were made out of soapstone.

Buddhist and Jain Architectural Developments

The Mahabodhi Temple at Bodhgaya (Bihar) is an important reminder of the brickwork of that time. The design of the temple is unusual-neither *dravida* or *nagara*. It is narrow like a *nagara* temple, but it rises without curving, like a *dravida* one.

The sculptural art of Nalanda, in stucco, stone and bronze,

**Mahabodhi Temple
Bodhgaya**

developed out of a heavy dependence on the Buddhist Gupta art of Sarnath. The Nalanda sculptures initially depict Buddhist deities of the Mahayana pantheon, such as standing Buddhas and bodhisattvas.

Jains were prolific temple builders like the Hindus, and their sacred shrines and pilgrimage spots are to be found across the length and breadth of India except in the hills. The oldest Jain pilgrimage sites are

to be found in Bihar. The Jain temples at Mount Abu were constructed by Vimal Shah. Notable for a simplistic exterior in contrast with the exuberant marble interiors, their rich sculptural decoration with deep undercutting creates a lace-like

**Dilwara Temple
Mount Abu**

appearance. The temples are famous for their unique patterns on every ceiling, and the graceful bracket figures along the domed ceilings.

CAREER OPPORTUNITIES IN DRONE SECTOR

training from a training centre approved by the Directorate General of Civil Aviation (DGCA). Upon completion of the training and upon submission of required documents, you will be registered as a 'Remote Pilot' with a 'Pilot Identification Number' as well as 'Unmanned Aircraft Operator Permit.'

Eligibility: You need to be 18 years of age and have a 10th pass certificate. You will also have to clear a medical examination as specified by the DGCA, and a background check. The maximum age limit for a remote pilot licence for commercial activities is 65 years. No pilot licence is required for operating nano drones and micro drones for non-commercial use. But to operate any other type of drone you need to get a licence and training.

Duration: The duration of courses varies according to the types of drones you want to operate. Most drone training programmes are less than two weeks long. To get trained, you do not need to own a drone. The training institutes provide all necessary training kits, including the drone.

Training Institutes: Currently, there are 8 training centres authorised by the DGCA in India from where one can study and get trained in drone technology:

- Alchemist Aviation Pvt. Ltd, Jamshedpur
- Ambitions Flying Club Pvt. Ltd, Aligarh
- Flytech Aviation Academy, Secunderabad
- Indira Gandhi Rashtriya Udaan Academy, Amethi
- Pioneer Flying Academy Pvt. Ltd, Aligarh
- Redbird Flight Training Academy Pvt. Ltd, Baramati
- The Bombay Flying Club, Mumbai
- Telangana State Aviation Academy, Hyderabad

Course Fees: The fee varies depending on the type of course. Course fees start from Rs 30,000 and may go up to around Rs 1 lakh, depending on the type of course and institute.

Skills Required: Even though the basic requirement is just a 10th pass, one must also have basic understanding of avionics, weather, wind speed, and other mechanics. Drone operations are rapidly expanding in various sectors, and each sector has its specific requirements. Therefore, drone pilots looking for jobs in specific sectors like filmmaking, geosensing, construction, mining, real estate, agriculture, and telecommunications should ideally have sound understanding of the sectors of their interest.

Institutes: Other than the institutes approved by the Directorate General of Civil Aviation (DGCA), the Indian Institutes of Technology (IITs) as well as other technical universities in association with private organisations offer courses on the design and development of drones.

Drone Pilot Trainers: Certified trainers shall be required to train people who aspire to be drone pilots and undergo the certification process. This role assumes great significance as good training will lead to safer flying of drones.

Hardware Engineers and Technicians: Drone manufacturing and

Drone-based applications being explored in India

Source : PWC India

maintenance has become a growing industry and many tech enterprises including Startups have opened up job opportunities for design engineers, mechanical engineers, aeronautical engineers, Research and Development teams, assembly engineers, on-field support engineers, analysts and instructors.

Addressable market size for drone powered solutions

Source : PWC India

Courses: Courses on unmanned aerial vehicles (UAV) design introduce the designing and sizing process in simulated conditions, stability analysis and prototype testing for UAV technology. Added knowledge of electronics is always a big plus in this domain. Anyone from any background can pursue a course on UAV design.

Software Engineers: To effectively fit in various industries, there has been increased development of software for drones. By integrating image optimization software and machine learning with drone technology, operators can inspect assets in real-time quickly and efficiently. Software development team include industry-specific technology specialists who create custom drone software solutions for use in construction, agriculture, land surveying, media, aviation, real estate, mining, forestry, and other drone mapping services fields. The most common type of software used in the drones include drone mapping software, drone inspection software, drone swarm software (facilitates simultaneous controlling of more than one drones for purposes such as mission-based or choreographed aerial light shows), enterprise drone solutions for data analysis, software for AI capable collision avoidance and landing calibration, photogrammetry software that transforms imagery into maps and 3D digital terrain models into custom drone

surveying solutions. In addition to this, all enterprises engaged in the drone business have their internal Program Management Software as managing a drone program is a complex operation,

covering many functions. Looking across the drone software market, you will find a plethora of products targeted at one or a few of these functions. For example, there are popular software products focused only on flight logging, or only on equipment management, or only on data management. However, using a single

software solution for as many functions as possible - work ordering, resource management, flight planning and tracking, program reporting, compliance, and data management - helps the company streamline operations and manage their program more efficiently. Therefore, software developers and software maintenance and support staff play crucial role in the drone industry.

Maintenance & Repair Staff: For an enterprise involved in drone business, having a structured drone maintenance and repair setup will eliminate many potential safety hazards in the field, reduce unproductive downtime due to malfunctioning equipment, and lessen instances of poor quality data acquisition. Maintenance staff handle procedures ranging from preflight inspection to bench testing to complete overhauls, dictating the frequency with which these should occur.

Data Processors & Analysts: There are many different ways to use drone data. Sometimes, simply capturing a few pictures and reviewing them on-site is all that is required. But, to get the most value out of drones, many images need to be captured and have them processed and analyzed. In other words, a company needs to create a data product. There are many different data products. In some cases, a company uses industry-specific software platform and an internal data

team to process and analyze the data. In other cases, they will send the captured data out to a third party. The role of data analysts is to create such data products by properly organizing and uploading the data collected by the drone for processing. Depending on the type of inspection, data may be organized by location, mission, flight number, and/or an asset identifier system (for example, solar fields may use row numbers; wind farms may use turbine and blade numbers, etc.). Such data may be saved to a cloud storage system and shared with the client.

Drone Operations Manager: Most companies will designate someone to lead the charge, be an internal champion, and most importantly, manage the many aspects of the program. Depending on the size of the organization and how it is structured, this can be one person from a central location, or it can be several people managing operations in their region. Typically, this would be the Drone Operations Manager who is responsible for ensuring all the functions of the program are running smoothly, whether accomplished in-house or outsourced.

The Drone Operations Manager must be an excellent communicator as the job will require coordination between many different parties. Also, the ability to respond to emergency situations and high-pressure events is important. Managing a corporate drone program requires the coordination, oversight, and execution of a wide range of tasks and functions. The Drone Ops Manager will work with a team that might include full-time and/or contract pilots, trainers, drone engineers, and data analysts, among others.

Drones have recorded increased adoption in the recent years owing to their widespread capabilities—from simple photography to surveillance, monitoring roads and railway lines and even delivering essentials to customers and to remote locations. Moreover, even amid the ongoing COVID-19 pandemic, drones played a crucial role in carrying out a host of activities—from surveillance and sanitisation to temperature checks and public broadcasting—across the country. This not only helped in minimising the risk of virus spread, but also helped authorities in ensuring the safety of healthcare and police personnel. Moreover, the liberalised norms have helped in increasing the application of drones that were previously limited to government agencies alone. With this, more companies and startups have geared up their investments in this sector. India is focusing more on being 'Aatmanirbhar' (self-reliant). With the waiver of pilot licenses in certain categories, reduced formalities; launch of new drone corridors and incentivising local manufacturers, drones could change the scenario across various sectors in the country as well as generate large-scale employment opportunities.

Question: Tell us how accessible your neighborhood / workplace/ institution is for Divyangjans and what more could be done to make it more accessible?

ANKUSH TANEJA

Pawanpuri Bikaner, Rajasthan

It does not make sense to exclude such a big part of the population simply when just a few structural changes can allow them to be a productive and contribute to the society like any other person. The law also requires non-discriminatory attitude towards persons with special needs.

The following measures can be helpful in fulfilling this objective

- Begin with an equal opportunities policy.
- Right to Education is to be made more effective in terms of ensuring inclusiveness.
- For proper implementation of inclusive education in schools, the differently abled students should not be looked at sympathetically rather they should be recognized by their talents, capabilities and abilities.
- Parents are to be made partners in the education system so that a collaborated effort would result in effective and inclusive education. Sincere efforts should be made to develop good relations among families of students. In this way, both types of students i.e, with or without disabilities, will develop good relation among themselves. It will be helpful in creating an inclusive environment.
- Allocate responsibility for creating and maintaining necessary facilities at public places.
- Create a safer work environment.
- Have an accessible digital entrance.
- Collaborate with disability consultants.
- Make amenities and utility services accessible.
- Enhance facilities at Airports, Railway stations and in public transport.
- Enhance access to public documents and websites so that they meet internationally recognized accessibility standards.
- Create a pool of sign language interpreters.
- Daily captioning and sign language interpretation of public television news programmes.

TUSHAR MAHATO

Dwarka, Delhi

One can be born with a disability, or one can acquire a disability due to illness, accident or a man-made tragedy like a terror attack or a physical confrontation.

Very often, people get disabled during natural disasters, strokes or even while serving the Armed Forces. Hence, disability is a reality and it is not as rare as it often seems.

Ways we can make our workplace accessible and inclusive to people with disabilities:

- a) An Equal Opportunity Policy will act like a guideline. It'll give us a well-defined set of do's and don'ts in our daily life, infrastructure management, redressal system etc.

BEST ENTRY

EMPLOYMENT NEWS**QUESTION OF THE WEEK**

Vasant Panchami/Saraswati Puja/Sri Panchami is a festival that marks the arrival of spring. The festival is celebrated by people in the Indian subcontinent in various ways. **Share with us how you celebrate Vasant Panchami** and what significance does it hold for you?

Entries may be sent to writetous.en@gmail.com latest by **16/02/2022** in English/Hindi/Urdu and should be of **200 to 250 words**. Entrants must clearly mention their **Name, Age, Full Address, Email ID and Contact No.** The entry adjudged best will be published in **Employment News/Rozgar Samachar (issue dated 26 Feb - 04 March, 2022)** and will be eligible for a three-month free subscription of Yojana/Kurukshetra/Ajkal as per the winner's choice.

- b) It is often difficult to implement far-reaching plans without allocating responsibility. There should be a responsible incumbent for maintaining an accessible and inclusive environment at the workplace and people should know whom to approach in-case there is a problem.
- c) The staff is a big part of creating an accessible and inclusive environment at workplace in any establishment. It is the staff that will be mostly interacting with people with disabilities. It may help to partner with an accessibility and inclusion consulting organization that has horizontal as well as vertical experience delivering high-quality accessibility and inclusion training to organizations and businesses.
- d) People with disabilities are more prone and vulnerable in case the working environment is unsafe. If we have a retail store, one should be free to keep walking floor space in the aisles free of obstacles. Instruct staff to avoid leaving boxes and crates just about everywhere. Make sure there are no protruding objects a person with visual impairment can run into.

Creating an accessible and inclusive environment will have a long-term impact at the workplace or in public spaces. Structural changes are important and with little planning and investment, they can be implemented without much problem.

**NATIONAL HEALTH SYSTEMS RESOURCE CENTRE**

Technical Support Institution with National Health Mission
Ministry of Health & Family Welfare, Government of India

National Health Systems Resource Centre (NHSRC), New Delhi, on behalf of Ministry of Health and Family Welfare (MoH&FW) is seeking applications from eligible candidates for the following position;

Sl. No.	Name of Position	Experience	Age	Compensation
1	Senior Consultant - Blood Cell (NHM)	As per TOR	Upto 55 Years	Rs. 90,000/- to Rs.1,50,000/-

Qualification & Experience: The Terms of Reference (TOR) with details of required Qualification and Experience is available on the websites www.nhsrindia.org, www.mohfw.gov.in and www.devnetjobsindia.org.

Applications must reach in the prescribed online application format only (as mentioned in the websites). Last date of receiving of application : **15-Feb-2022**.

PM unveils hologram statue of Netaji at India Gate

Prime Minister Shri Narendra Modi unveiled the hologram statue of Netaji Subhas Chandra Bose at India Gate in New Delhi on his birth anniversary (23rd January). Shri Modi said, the statue is a tribute of a grateful nation to the great hero of freedom struggle. The grand statue of Netaji, who had established the first independent government on the soil of India, has been installed digitally near India Gate and soon this hologram statue will be replaced by a granite statue. Meanwhile, the Subhas Chandra Bose Aapda Prabandhan Puraskar 2022 has been conferred on the Gujarat Institute of Disaster Management (Institutional Category) and Professor Vinod Sharma (Individual Category) for their excellent work in Disaster Management.

Railways launch investigation into alleged recruitment irregularities

Indian Railways has formed a high power committee to look into the concerns and doubts raised by job aspirants in regard to the shortlisting process for the Non-Technical Popular Categories (NTPC) examination and 1st Stage Computer Based Test (CBT) of Centralized Employment Notification. The Committee will look into the results of 1st Stage CBT and methodology used for shortlisting candidates for 2nd Stage CBT without affecting existing shortlisted candidates. It will also look into introduction of 2nd Stage CBT in Centralized Employment Notification. The candidates can lodge their concerns and suggestions to the committee at email id- rrbcommittee@railnet.gov.in up to 16th February, 2022. All Chairpersons of Railway Recruitment Boards (RRBs) have also been directed to receive the grievances of candidates through their existing channels, compile these grievances and send the same to Committee.

Revised guidelines for management of COVID-19 in children

Health and Family Welfare Ministry has issued revised comprehensive guidelines for the management of COVID-19 in children and adolescents. The Ministry has recommended not using antivirals or monoclonal antibodies for children less than 18 years of age irrespective of the severity of infection. It is also recommended that anticoagulants should not be used on regular basis. The guidelines state that self-medication of steroids must be avoided and use of steroids is harmful in asymptomatic and mild cases of Covid-19. It further added that steroids must be given in hospitalized and critically-ill Covid-19 cases under strict supervision. It said, steroids should be used at the right time in the right dose and for the right duration. The Ministry has also clarified that no data has been leaked from Co-WIN portal.

Govt orders blocking 35 Pakistan-based social media channels

The Centre has ordered blocking of 35 Pakistan-based YouTube channels and two websites that were involved in spreading anti-India fake news in a coordinated manner over digital media. Besides, two Twitter accounts, two Instagram accounts, and one Facebook account have also been blocked by the Government for being involved in spreading coordinated anti-India disinformation over the internet. These include the Apni Duniya Network operating 14 YouTube channels, and Talha Films Network operating 13 YouTube channels. A set of four channels and a set of two other channels were also found to be acting in synchronization with each other. All these networks appeared to be operated with a single goal of spreading fake news oriented towards the Indian audience, according to Secretary in Ministry of Information and Broadcasting, Shri Apurva Chandra.

Indian Navy inducts two Made in India Advanced Light Helicopters

In a boost to maritime security, the indigenous Advanced Light Helicopter (ALH) MK III aircraft was formally inducted at INS Utkrosh by Andaman and Nicobar Command (CINCAN) chief Lieutenant General Ajai Singh at Port Blair. The induction marks a continuing increase in the capabilities of the Andaman and Nicobar Command in the past two decades of its raising as India's only joint theatre command. The ALK MK III aircraft is manufactured by Hindustan Aeronautics Limited and represents a tremendous leap towards self-reliance in the field of military aircraft, in line with the government's push towards 'Aatmanirbhar Bharat.' Till date, over 300 of these aircraft have been delivered by HAL and are being flown by the Armed Forces. Amongst its variants, the MK III variant is a maritime role variant encompassing state-of-the-art sensors and weapons that add punch to India's prowess at sea.

Chinese PLA return missing Arunachal youth

Following the efforts of the Indian Army along with all government agencies, China's People's Liberation Army (PLA) handed over Miram Taron, the missing Indian teenager from Arunachal Pradesh on 27th January at Damai, Border Personnel Meeting Point, across Anjaw District of Arunachal Pradesh. The 17 year old

teenager, Miram Taron from Upper Siang District of Arunachal Pradesh had inadvertently strayed and went missing from the border on 18th January 2022. Indian Army has thanked China's PLA for upholding the Border Defence Cooperation Agreements.

Philippines to purchase India's BrahMos Anti-Ship Missile System

BrahMos Aerospace Private Limited (BAPL) signed a contract with the Department of National Defence of the Republic of Philippines on January 28, 2022 for supply of Shore Based Anti-Ship Missile System to Philippines. The BAPL is a joint venture company of the Defence Research and Development Organisation (DRDO). The contract is an important step forward for Government of India's policy of promoting responsible defence exports.

ECONOMY

Scheme on Enhancement of Competitiveness in Indian Capital Goods Sector Phase-II

Ministry of Heavy Industries (MHI) has notified the Scheme on Enhancement of Competitiveness in the Indian Capital Goods Sector- Phase-II for providing assistance to common technology development and services infrastructure. The scheme has a financial outlay of Rs 1207 crores with budgetary support of Rs 975 crore and industry contribution of Rs 232 crore. The objective of Phase-II is to expand and enlarge the impact created by Phase-I pilot scheme, thereby providing greater impetus through creation of a strong and globally competitive capital goods sector that contributes at least 25% to the manufacturing sector.

Air India officially handed over to Tata Sons

Air India has been officially handed over to the Tata Sons Limited with the completion of the disinvestment process. The Tata Group takes over the management and control of the airline. The transaction covers three entities, Air India, Air India Express and AI SATS. Civil Aviation Minister Shri Jyotiraditya Scindia said, this proves the Government's ability and the resolve to carry out disinvestment effectively in non-strategic sectors in the future.

In a statement by the Tata Group, Chairman of Tata Sons Private Limited Shri N. Chandrasekaran said that Tata Group is excited to have Air India back and the group is committed to making this a world class airline. He said, Tata Group warmly welcomes all the employees of Air India to the Group. The Air India strategic disinvestment transaction has been completed with Government receiving a consideration of Rs. 2,700 crore from the Talace Private Limited - a wholly owned subsidiary of Tata Sons.

SPORTS

Fit India Quiz Prelims: Two UP students top the charts

The results of the Preliminary Round of the first-ever Fit India Quiz have been announced. In nationwide competition organized by the Ministry of Youth Affairs and Sports, two students from Uttar Pradesh have outperformed students from all other states to become the top scorers of the Preliminary Round. While Divyanshu Chamoli of Delhi Public School, Greater Noida won the top spot, he was closely followed by Shashwat Mishra of Sunbeam School, Lahartara, Varanasi. The preliminary round of the Fit India Quiz, saw participants from 13,502 schools from more than 659 districts across the country. Out of these, students of 361 schools across 36 States and Union Territories have been shortlisted for the State-rounds. The Quiz carries a total prize money of Rs 3.25 crore which will be given out to winning schools and students at various phases of the quiz. The Preliminary round of the quiz was conducted by the National Testing Agency.

Smriti Mandhana named ICC Women's Cricketer 2021

India's opening batter Smriti Mandhana has been named the ICC Women's Cricketer of the Year for 2021. Smriti has won the Rachael Heyhoe-Flint Trophy awarded to the ICC Women's Cricketer of the year for the second time after 2018. The left-handed opener beat competition from Tammy Beaumont of England, Lizelle Lee of South Africa and Gaby Lewis of Ireland to clinch the honour. Smriti has also become the second woman cricketer after Australia's Ellyse Perry to win the honour more than once.

Syed Modi International: PV Sindhu wins Women's Singles; Ishan Bhatnagar - Tanisha Crasto bags Mixed Doubles trophy

Two-time Olympic medalist, P.V. Sindhu has won the Women's singles title at the Syed Modi International badminton tournament. Sindhu defeated compatriot Malvika Bansod 21-13, 21-16 in the summit clash in Lucknow. The Men's singles final of the tournament was declared as a 'No Match' after one of the finalists tested positive for Covid-19. The all-French clash was scheduled between Arnaud Merkle and Lucas Claerhout. Meanwhile, the Indian duo of Ishan Bhatnagar and Tanisha Crasto clinched the Mixed Doubles title. The pair defeated compatriots T. Hema Nagendra Babu and Srivedya 21-16, 21-12 in the summit clash.
