OPSEARCH

Journal of the Operational Research Society of India

For Circulation in India only

Official Publication
of the Operational Research
Society of India

Springer

Theoretical Articles

1. Parametric optimization of fused deposition modelling process using integrated GRA-PCA approach and experimental validation
N.N. Gotkhindikar, M. Singh and R. Kataria 1
2. A fuzzy inventory model: stock dependent demand considering salvage value with deferred payments
Sahedev, A. Kumar, A.P. Singh and A. Chauhan 19
3. Inverse DEA-R models for merger analysis of electricity distribution units
M. Soltanifar, M. Ghiyasi and H. Sharafi 47
4. Optimizing IoT edge device task offloading using adaptive search strategies framework and contextual bandit algorithm
B. Vijayaram and V. Vasudevan 79
5. Sufficiency and duality for set-valued optimization problems with k -cone arcwise connectedness of higher-order
K. Das and C. Nahak 104
6. On approach for analysis of distribution of temperature during radiation processing of biological tissues
E.L. Pankratov 129
7. Sustainable evaluation of the raw material providers based on industry 5.0 and circular economy aspects: a new stochastic method
S. Nayeri and Z. Sazvar 134
8. Food supply chain disruptions and its resilience: a framework and review for resilience strategies in the digital era
P.S. Sutar, G.C. Kolte and S. Yamini 164
9. $\mathcal{E}$ -LU-pareto solutions for semi-infinite programs with multiple intervals
J. Khatri and A.K. Prasad 199
10. Network data envelopment analysis with interval intermediates under different types of link control
S. Mohammadnia Ahmadi, A. Mostafaei, S. Sohraiee and S. Saati 223
11. A partial information-based preference elicitation procedure for intracriteria evaluation in multicriteria additive models
Y.P.G. de Araújo, E.A. Frej, L.R.P. Roselli and A.T. de Almeida 251

12. Spectral properties of king's graph
A. Dhanalakshmi 283
13. Understanding the influence of strategic reverse logistics management
on the sustainable performance of the organization
F. Hammad, F.A. Sattar, W. Ahmed and M.A. Akram 294

Application Articles

14. Reliability modelling and profit analysis of a fly ash bricks
manufacturing system
R. Rathi, M.S. Kadyan and N. Nandal 315
15. Markov chain and RATGOS-driven fuzzy decision-making for
prioritizing cybersecurity measures in microgrid systems
S. Eti, S. Yüksel, D. Pamucar, H. Dincer, M. Deveci and Y. Gökalp 334
16. Some models of grey β -coverings and their topological properties
M. Atef, S. Liu, and S.A. Javed 361
17. Parametric de-neutrosophication multi-criteria decision-making approach
and its application in an IOT-based enterprize for employee selection
M. Khatun, S. Manna and S.K. Mondal 400
18. Barriers to adoption of reusable packaging from supply chain perspective:
multi criteria decision making analysis and industry 4.0 strategies
S.B. Rane, G.J. Abhyankar and M.S. Kirkire 445
19. Exploring a discounted credit-linked multi-objective two-stage
transportation problem under triangular hesitant fuzzy environment
R.K. Bera and S.K. Mondal 497
20. Interval linear programming problem with interval valued decision
variables
J. Karmakar, S. Karmakar and S.K. Mahato 532
21. A note on the use of the Skellam probability distribution for
modeling bike station inventory over time
A. Negahban 560
22. Optimization of the food distribution process using the goal
programming technique
L.F. Godoi, F.Q. Aranha, M.C. Coral and D.R. Cantane 575
23. A mathematical model for optimization of vehicle parking space
J.T. Maina, G.W. Gachigua, D.M. Kitavi and E.M. Kawira 598
24. A transportation model minimizing total cost and time in disaster
struck zone for debris removal under a mixed neutrosophic environment
D. Sarma, A. Das and U.K. Bera 616

25. Double parametric scheme based multi-objective university course scheduling problem by fuzzy programming technique with exponential membership function
S.B. Bhoi and J.M. Dhodiya

650

The copies of the journal to members of the association are sent by ordinary post. If any of the member wishes to receive the copies by registered post or courier, kindly contact the journal/publisher's office. Membership or subscription copies returned due to incomplete, incorrect or changed address for two consecutive occasions, would force us to delete the names from the mailing list of the journal. Providing complete, correct and up-to-date address is the responsibility of the members. The editorial board, association or publisher will not be responsible for non-receipt of copies due to incorrect or incomplete address. The copy received for personal use by a member of the association/society, should not be sold or given away for commercial or library use. It is also illegal to acquire copies from any other source without subscribing to the journal.
