

Recommended System Requirements: P4, 1GB RAM, DVD-ROM Drive

64-bit live

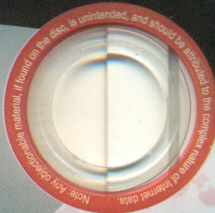

Linux Mint 18.1 Cinnamon

A Linux distro for the desktop which comes with long term support (LTS) until 2021. It uses Cinnamon 3.2, which has had some visual changes that had been disabled in the past for stability reasons.

Fedora Security Lab provides a safe test environment to work on security auditing, forensics, system rescue and teaching security testing methodologies in universities and other organisations.

February 2017

DVD

32-bit PEPPERMINT 7

A lightning fast, lightweight Linux based operating system.
