## Contents

- Enhancing Organization's Performance Through Ergonomically Enabled Environment ..... 101-111  
*Rajeshwar Sahai and Sandeep Grover*
- Finite Element Ananlysis of Composite Leaf Spring ..... 113-117  
*O. Venkatesh, M. Rama Krishnan and N. Ramaniah*
- Study of MRR in Electric Discharge Machining with Side Flushing ..... 119-121  
*Navdeep Malhotra and Hari Singh*
- Property Evaluation of as Cast and Heat Treated Aluminium 7075 Alloy Based ..... 123-126  
Composites Reinforced with Hematite Particulate  
*N. V. Yoganand Murthy, D. Abdul Buddan &  
H. B. Niranjana*
- Parameter Independent Image Processing Software for Dimensional Characterization ..... 127-130  
of Lack of Penetration from Weld Thermograms in GTAW of AISI 316 Stainless Steel  
*N. M. Nandhitha, N. Manoharan, B. Sheela Rani,  
B. Venkatraman, M. Vasudevan, N. Chandrasekar,  
P. Kalyana Sundaram & Baldev Raj*
- Determining the Essential Characteristics of Six Sigma Black Belts Results from a ..... 131-136  
Pilot Study in Indian Manufacturing Companies  
*Ashish Soti and O. P. Kaushal*
- Numerical Studies on Helical Non Adiabatic Capillary Tube ..... 137-141  
*Hemachandra Reddy, K. & Krishna Reddy, V.*
- Four-bar linkage Mechanism above-knee Prosthesis for Walking and Squatting ..... 143-148  
*S. S. Chauhan and S. C. Bhaduri*
