BUDGET SOWS SEEDS OF HI-TECH ORGANIC FARMING

Sandip Das

Union Budget (2022-23) presented in the Parliament by Finance Minister Nirmala Sitharaman has made a series of announcements including providing hi-tech support to farmers along with provision of specialized funds to boost processing, thrust on promotion of natural farming and specialized programme for oilseeds and millets.

The agriculture and allied sector play a critical role in providing rural livelihood, employment and food security. The sector provides the largest source of employment in the country. The proportion of the Indian population depending directly or indirectly on agriculture for employment opportunities is more than that of any other sector. It is estimated that around 55-60 percent of the country's rural households depend primarily on agriculture for their livelihood. According to the Agriculture Census (2015-16), there are 14.5 crore farmers families in the country; around 82 per cent of farmers belong to small and marginal categories, who own less than one acre of land each.

The Economic Survey (2021-22) recently tabled in the Parliament has stated that Indian economy is expected to witness real GDP growth of 9.2 per cent in

2021-22 after contracting in 2020-21. "This implies that overall economic activity has recovered past the pre-pandemic levels," the survey has stated. However, the Agriculture and allied sectors have been the least impacted by the COVID-19 pandemic and the sector is expected to grow by 3.9 per cent in 2021-22 after growing 3.6 per cent in the previous year.

According to the economic survey, the growth in agriculture and allied sector could be achieved due to good monsoon and various government measures to enhance credit availability, improve investments, create market facilities, promote infrastructure development in the agriculture sector and increase provision of quality inputs to the sector. "The timely intervention in the form of AatmaNirbhar Bharat (ANB) Abhiyan coupled with other growth promoting schemes (ANB and other schemes are discussed under respective sections) have further helped agriculture to achieve an improved growth of 3.9 per cent in 2021-22," the Survey stated.

As per Fourth Advance Estimates for 2020-21 by Ministry of Agriculture and Farmers' Welfare, total foodgrain production in the country is estimated at a record 308.65 million tonnes (MT) which is 11.15 MT higher than the output in 2019-20. The production of rice, wheat and coarse cereals has increased at compound annual growth rates (CAGR) of 2.7, 2.9 and 4.8 per cent respectively between 2015-16 to 2020-21. The CAGR for pulses, oilseeds and cotton has been 7.9, 6.1 and 2.8 per cent, respectively during the same period.

The Government's price policy for major agricultural commodities aims to ensure remunerative prices to the farmers for their produce for encouraging higher investment and production, while safeguarding the consumer interest. The Government fixes Minimum Support Price (MSP) of 22 mandated agricultural crops

EDUCATION AND CAREER OPPORTUNITIES IN AGRICULTURE

Arti S

Despite making remarkable progress in industrialization, India continues to be an agrarian economy and a top producer and exporter of several agricultural commodities. The increased government support, growing AgriTech providers, start-up ecosystem and rising digital adoption among rural farming population is providing a strong transformation impetus to the Indian agriculture sector. The transformation of the agriculture sector also encompasses the plethora of new employment and entrepreneurial opportunities the sector has to offer. If agriculture interests you as a subject, you can explore many career opportunities in the agriculture field, beyond being a farmer. For this, you need to have an academic foundation with agriculture as a core.

Bachelor of Science (Agriculture) can be pursued after completing 10+2 with science background. Syllabus of

this course covers topics like classification of crops, principles of crop production, soil preparation, seed and sowing, post sowing-tillage, water/ irrigation/ nutrient management, plant protection measures, harvesting, threshing and storage, crop sequencing, weather and weather forecasting, calculation of fertilizer requirement, fundamentals of soil science, elements of genetics, horticulture, systems of irrigation, agricultural meteorology, rural/ educational sociology, working of basic rural institutions, statistics and mathematics, physical education, natural resources and farm management, plant biochemistry, extension education and rural management, crop physiology, basics of microbiology/ entomology, use of computers in agriculture, principles of plant breeding, field crops, vegetable crop production, principles and methods of soil and water conservation, objectives and uses of remote sensing, farm power and machinery, agricultural marketing, co-operatives, plant pathology, methods of insects and pests management, livestock production and management, silviculture, agro-forestry, weed management, spices, aromatic and medicinal plants, animal nutrition, soil fertility, crop diseases and their management, environmental science and agro economy, milk production and processing, plant biotechnology, post-harvest management of fruits and vegetables, crop diseases and management, seed technology, farming systems and sustainable agriculture, water-

BUDGET SOWS SEEDS OF HI-TECH ORGANIC...

on the basis of the recommendations of Commission for Agricultural Costs and Prices and after views of State Governments and the concerned Central Ministries or Departments are taken into consideration. The 22 mandated crops include 14 Kharif crops viz. paddy, jowar, bajra, maize, ragi, tur (arhar), moong, urad, groundnut, soybean, sunflower seed, sesamum, niger seed, cotton and six Rabi or winter crops such as wheat, barley, gram, masur (lentil), rapeseed & mustard and sunflower and 2 commercial crops - jute and copra. In addition to that, MSP for toria and de-husked coconut are also fixed on the basis of MSPs of rapeseed & mustard and copra respectively.

While presenting the Union Budget for 2022-23 in the Parliament on February 1, Finance Minister, Nirmala Sitharaman announced a series of measures to give a boost to the agriculture and allied sector. On the procurement of foodgrains especially in rice and wheat, Sitharaman said "the procurement of wheat in Rabi 2021-22 and the estimated procurement of paddy in Kharif 2021-22 will cover 1208 lakh metric tonnes of wheat and paddy from 163 lakh farmers, and Rs 2.37 lakh crore direct payment of MSP value to their accounts.".

In 2020-21 (crop year), Rs 2.44 lakh crore was transferred to farmers for procurement of more than 128 MT of paddy and rice under the MSP operations while in 2019-20 (crop year), Rs 2.04 lakh crores was provided to farmers for procurement of 111 MT of paddy and wheat by FCI and state government agencies.

FCI and state agencies procure paddy and wheat from the farmers mostly from Punjab, Haryana, Madhya Pradesh, Chhattisgarh, Odisha, Telangana and Andhra Pradesh through MSP operations. The highly subsidized food grains procured from farmers are supplied under the National Food Security Act (NFSA) to more than 80 crore beneficiaries as well as kept as buffer stocks for dealing with exigencies.

Finance Minister Sitharaman in her budget speech has stated about promotion of chemical-free natural farming across the country and currently the focus will be on farmers' lands in 5-km wide corridors along river Ganga, at the first stage. Finance Minister Sitharaman in her budget speech 2019-20 and 2020-21 referred to Zero Budget Natural Funding as 'innovative model for doubling farmers' income'.

The Union Budget (2022-23) states that the States will be encouraged to revise syllabi of agricultural universities to meet the needs of ZBNF and organic farming, modern-day agriculture, value addition and management.

To reduce our dependence on import of oilseeds, a rationalised and comprehensive scheme to increase domestic production of oilseeds will be implemented, Sitharaman has noted in her budget speech. For reducing import dependence, the budget has also proposed formulation of a comprehensive scheme for boosting domestic production of oilseeds. In 2020-21, India imported 13.35 Million Tonnes (MT) of edible oil out of total domestic consumption of around 22 MT.

Sitharaman also announced "2023 has been declared as the International Year of Millets. Support will be provided for post-harvest value addition, enhancing domestic consumption, and for branding millet products nationally and internationally,".

The Budget has announced measures including special funds for agri-start-ups, promotion of usage of 'Kisan Drones' and launch of a public private partnership (PPP) model involving public sector research and extension institutions along with private agri-tech players and other stakeholders of agri-value chains which would delivery of digital and hi-tech services to farmers.

"The 'Kisan Drones' will be used for crop assessment, digitization of land records, spraying of insecticides and nutrients," Sitharaman said.

The Ministry of Agriculture and Farmers' Welfare recently issued guidelines for providing grants upto 100 per cent of the cost of agriculture drone upto Rs 10 lakh to Research Institutes, Krishi Vigyan Kendras and State Agriculture Universities taking up demonstration at farmers' fields while Farmers Producers Organization (FPOs) are eligible to receive a grant up to 75% of cost of drones.

For financing start-ups for agriculture and rural enterprise relevant for farm produce value chain, according to the Finance Minister Sitharaman, the government will announce a fund with blended capital raised under the co-investment model through NABARD. The activities eligible for funds include those start-ups which support FPOs, provide machinery for farmers on rental basis at farm level, and technology including IT-based support.

The implementation of the Ken-Betwa river link project, with an estimated cost of Rs 44,605 crore will be initiated in the next financial year (2022-23). This is aimed at providing irrigation benefits to 9.08 lakh hectare of farmers' lands, drinking water supply for 62 lakh people, 103 MW of Hydro, and 27 MW of solar power generation. The Union Budget has made an allocation of Rs 4,300 crore in RE 2021-22 and Rs 1,400 crore in 2022-23 for the river linking project.

The Finance Minister also announced that Draft Detailed Project Reports of five river links -- Damanganga-Pinjal, Par-Tapi- Narmada, Godavari-Krishna, Krishna-Pennar and Pennar-Cauvery have been finalized.

The Union Budget also talks about a comprehensive package to states for providing assistance to farmers to adopt suitable varieties of fruits and vegetables, and to use appropriate production and harvesting techniques. For achieving the mission of Har Ghar, Nal Se Jal programme, Finance Minister Sitharaman said, "Of this 5.5 crore households were provided tap water in last 2 years itself. Allocation of Rs 60,000 crore has been made with an aim to cover 3.8 crore households in 2022-23,".

Besides, the Union Budget has made a food subsidy allocation of Rs 2.06 lakh crore in 2022-23, while the provision of fertilizer subsidy is at Rs 1.05 lakh crore for next financial year.

Allocation of Rs 73,000 crore for the Mahatma Gandhi National Rural Employment Guarantee Programme (MGNREGA) has been made for 2022-23 financial year. MGNREGA is aimed at enhancing livelihood security of households in rural areas of the country by providing at least 100 days of guaranteed wage employment in a financial year to every household whose adult members volunteer to do unskilled manual work.

Welcoming the provisions of the Union Budget (2022-23), Union Agriculture and Farmers' Welfare Minister, Shri Narendra Singh Tomar has termed it as the budget for the villages, poor people, farmers, women and youth. Under the leadership of Prime Minister, Shri Narendra Modi, unprecedented provisions have been made in the budget for the overall development of the agriculture sector.

Tomar said that budgetary allocation for the Ministry of Agriculture and Farmers Welfare has been increased continuously, this time also it has been increased to Rs.1.32 lakh crore for 2022-23 from Rs.1.23 lakh crore in 2021-22. Tomar said that there is an emphasis on increasing agricultural production and productivity in the budget, as well as adequate provisions, have been made for oilseeds mission, linking agriculture with technology, farmers to get a fair price for their produce etc.

World Day of Social Justice

Providing Dignity, Preserving Justice

In 2007, the UN General Assembly declared that 20th February will be celebrated annually as the World Day of Social Justice.The Day is a reminder that social development and social justice are indispensable for the achievement and maintenance of peace and security within and among nations. With climate change, demographic changes, technological development and, more generally, globalisation, we are witnessing a world that is changing at an unprecedented pace and scale. There is a need to address these challenges by making strides towards poverty eradication and in promoting full employment and decent work, gender equality, and access to social well-being and justice for all, including the socially-disadvantaged sections of the society. Article 46 of the Constitution of India, inter alia, provides that the State shall protect the weaker sections, and, particularly, the Scheduled Castes and the Scheduled Tribes from social injustice and all forms of exploitation. The Government is working relentlessly to offer possibilities for the achievement of social justice.

Liberation & Rehabilitation of Manual Scavengers

Cleaning of septic tanks is mostly an unregulated activity and people resort to deploying private labour who neither have the skills nor are provided with necessary safety gear required for this work. To check this inhumane practice of manual scavenging, correct the injustice and indignity suffered by the manual scavengers, and to rehabilitate them to a life of dignity, the Parliament enacted the "Prohibition of Employment as Manual Scavengers and their Rehabilitation Act, 2013" in September, 2013, which came into force in December the same year. The legislation aims to eliminate insanitary latrines by converting them into sanitary latrines; prohibit employment of persons for manual scavenging and hazardous cleaning of sewers and septic tanks; and identify the manual scavengers and rehabilitate them in alternative occupations.Under the Act, manual cleaning of sewers and septic tanks with safety precautions including protective gear and devices can be undertaken under exceptional cases only with the permission of Chief Executive Officer of the Municipality for reasons to be recorded.

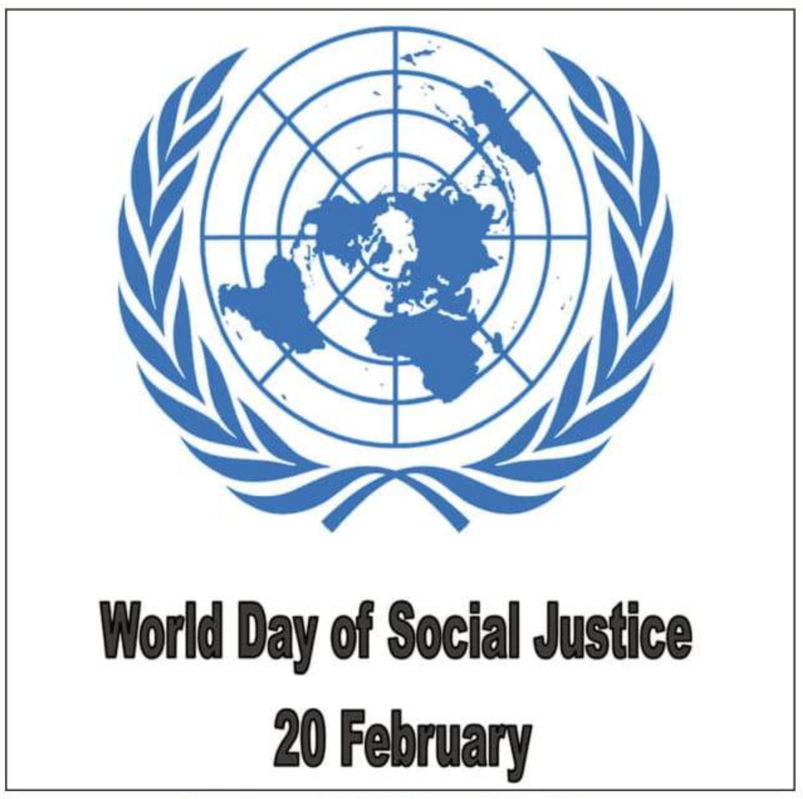

A National Action Plan for Mechanised Sanitation Ecosystem is under implementation. The goals of the Action Plan is to modernise the existing sewage system and setting up of sewage system in new areas, to set up faecal sludge and septage management systems in non-sewered areas, to equip Municipalities and Panchayats for mechanised cleaning of sewers and septic tanks, to set up Sanitation Response Units with helplines, to eliminate

human entry in sewer systems and septic tanks, to rehabilitate persons previously engaged in manual cleaning, and to train and certify sanitation professionals.

Government is implementing a Central Sector Self Employment Scheme for Rehabilitation of Manual Scavengers (SRMS). The scheme provides for one-time cash assistance to one identified manual scavenger in the family, skill development training of manual scavengers and their dependants, capital subsidy for those who availed loans for self-employment projects, and health insurance under Pradhan Mantri Jan Arogya Yojana to the families of all the identified manual scavengers.

Ministries of Drinking Water and Sanitation and Housing and Urban Affairs are implementing schemes under Swachh Bharat Abhiyan for conversion of insanitary latrines into sanitary latrines to eliminate the need for manual cleaning of latrines.The toilets constructed under Swachh Bharat Abhiyan (Rural) implemented by the Ministry of Drinking Water and Sanitation are based on the 'twin leach pit' technology, and therefore do not require to be emptied. Similarly, Ministry of Railways have taken the several initiatives to eliminate manual cleaning by construction of cemented aprons on platforms where the passenger trains stop for longer durations and providing safety gear and devices for regulating the cleaning of water flush sanitary latrines. A provision has been made under Pradhan Mantri Awas Yojana for special coverage of identified manual scavengers for providing them housing facilities in rural areas. Even the non-BPL families of manual scavengers are eligible for the benefits of the scheme.

EN EXPLAINS

Empowering the Elderly

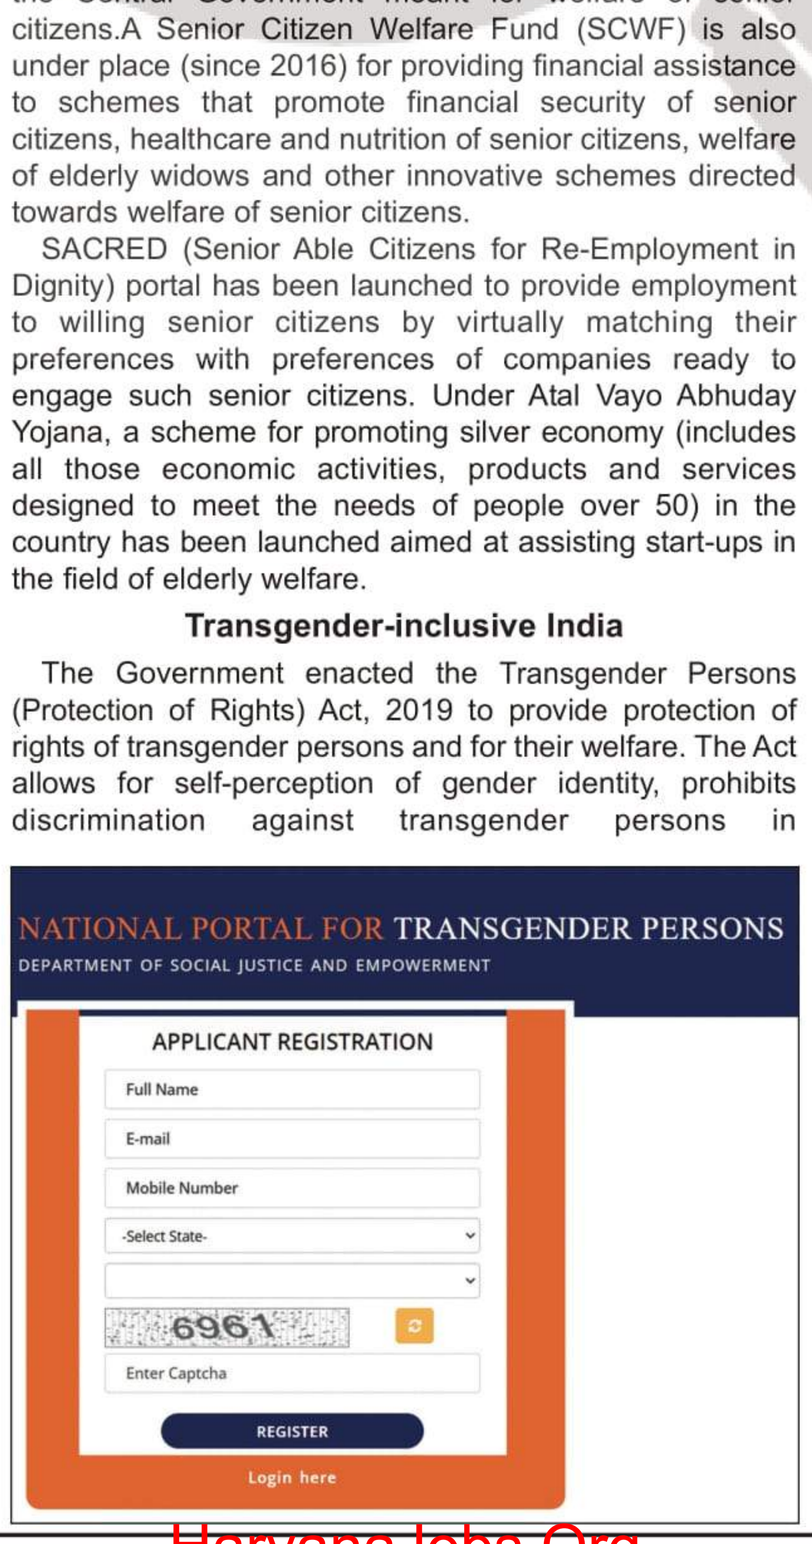

Continuous increase in life expectancy and general improvement in the health care facilities over the years have seen an increase in proportion of population of senior citizens. The challenge is to ensuring that they not merely live longer, but lead a secure, dignified and productive life. Rashtriya Vayoshri Yojana (RVY), or Scheme for providing Physical Aids and Assisted-Living Devices for Senior Citizens, makes way for free of cost distribution of physical aids, assisted-living devices for senior citizens belonging to BPL category. These devices include walking sticks, elbow crutches, walkers/crutches, tripods/ quadpods, hearing aids, wheelchair, artificial dentures, spectacles. The scheme has been revised w.e.f. F.Y. 2020-21 and has been extended to include not only those senior citizens belonging to BPL category but also senior citizens with monthly income not more than Rs. 15000/- and who suffer from age-related disabilities / infirmities. There is also a provision for one-year free maintenance of the aids and assisted living devices.

A toll-free National Helpline for Senior Citizens named 'Elderline' (14567) has been launched to provide a platform to the senior citizens for grievance redressal. The helpline also contributes in the field of awareness generation in respect of the Maintenance and Welfare of Parents and Senior Citizens (MWPSC) Act, 2007, and the schemes of the Central Government meant for welfare of senior citizens.A Senior Citizen Welfare Fund (SCWF) is also under place (since 2016) for providing financial assistance to schemes that promote financial security of senior citizens, healthcare and nutrition of senior citizens, welfare of elderly widows and other innovative schemes directed towards welfare of senior citizens.

SACRED (Senior Able Citizens for Re-Employment in Dignity) portal has been launched to provide employment to willing senior citizens by virtually matching their preferences with preferences of companies ready to engage such senior citizens. Under Atal Vayo Abhuday Yojana, a scheme for promoting silver economy (includes all those economic activities, products and services designed to meet the needs of people over 50) in the country has been launched aimed at assisting start-ups in the field of elderly welfare.

Transgender-inclusive India

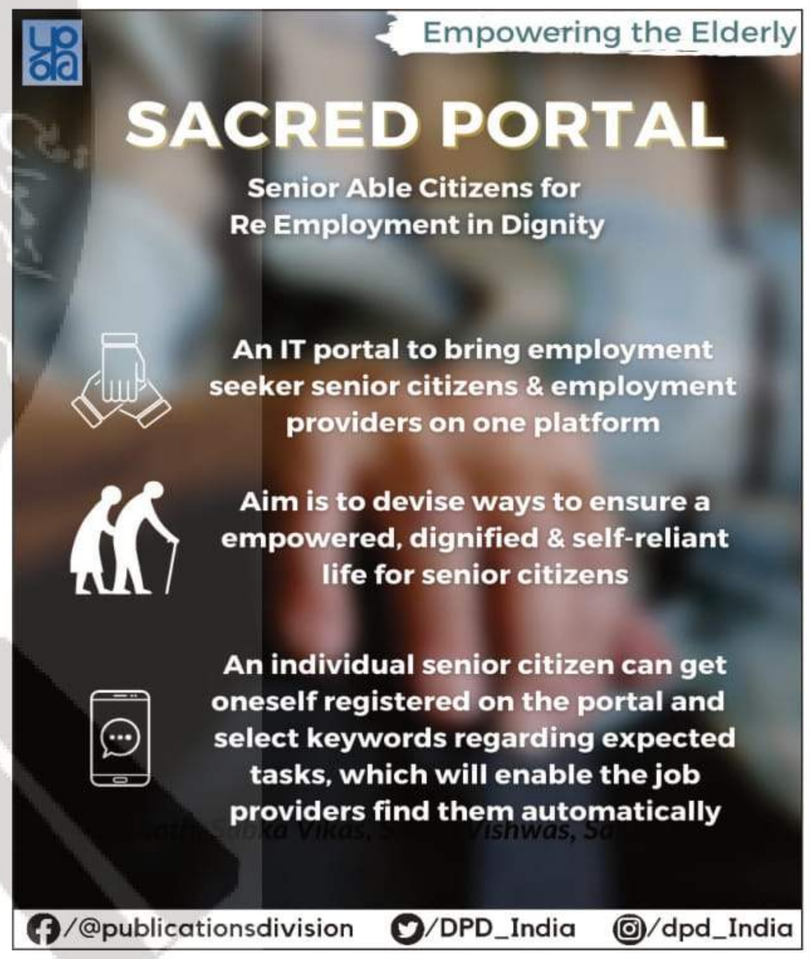

The Government enacted the Transgender Persons (Protection of Rights) Act, 2019 to provide protection of rights of transgender persons and for their welfare. The Act allows for self-perception of gender identity, prohibits discrimination against transgender persons in employment, education, housing, healthcare, and other services, prescribes offences against the transgender community, and provides right to reside in the household where parent or immediate family members reside. In addition, the Act aims to improve health facilities for transgenders, including separate HIV surveillance centres. Under the Act, States are required to set up a Transgender Protection Cell.

As a part of welfare measure, Community Based Organisations are being selected for setting up of 'Garima Greh'- shelter homes for transgender persons with provision for skill development. These homes aim to rehabilitate a minimum of 25 transgender persons in each home identified by the Government. The first pilot for the Garima Greh has been inaugurated in Baroda,Gujarat. Simultaneously, National Portal for Transgender persons has been launched wherein they can apply for obtaining certificate of identity from the concerned District Magistrate.

Empowering through Education

Pre- and Post-Matric Scholarship Scheme for students belonging to Scheduled Castes (SC) and Scheduled Tribes (ST);National Overseas Scholarship is to facilitate the low-income students belonging to the SC and ST for studying abroad, DNT, Landless Agricultural Labourers and Traditional Artisans category to obtain higher education; pre-matric scholarship to children of those engaged in occupations involving cleaning and prone to health hazards; Scholarship Scheme of Top Class Education for SC Students aimed at providing top class education opportunities to meritorious SC students; National Fellowship Scheme for SC Students; Scheme of Free Coaching for SC and OBC Students; scheme for Strengthening Education among ST Girls in low literacy

districts aimed to bridge the gap in literacy levels between the general female population and tribal women; Eklavya Model Residential Schools (EMRS) for ST students are some of the many initiatives the Government has undertaken to provide equal educational opportunities to the socially-disadvantaged groups.

De-Notified, Semi-Nomadic & Nomadic Tribes (DNT)

Scheme for Economic Empowerment of DNT Communities (SEED) provides for good quality coaching for DNT candidates to enable them to appear in competitive examinations, health insurance, livelihood initiative at community level, and financial assistance for construction of houses for members of these communities.

SMILE (Support for Marginalized Individuals for Livelihood and Enterprise)

Ministry of Social Justice and Empowerment has formulated an umbrella scheme "SMILE", which includes two sub-schemes—'Central Sector Scheme for Comprehensive Rehabilitation for Welfare of Transgender Persons' and 'Central Sector Scheme for Comprehensive Rehabilitation of persons engaged in the act of Begging'. This umbrella scheme covers several comprehensive measures including welfare measures for both the groups with focus on rehabilitation, provision of medical facilities, counselling, education, skill development, and economic linkages with the support of State Governments/UTs/Local Urban Bodies, voluntary organisations, Community Based Organisations, (CBOs) and institutions. The scheme is expected to be launched soon.

Budget 2022-23: Enhancing Infrastructural & Digital Connectivity with Sunrise Opportunities

Sameera Saurabh

Union Budget 2022-23 has a significant focus on infrastructure creation as India aims to become a US$ 5 trillion economy by 2026-27. The infra and low-cost housing push has ensured that the Budget delivers on most expectations from the real estate sector. With Rs 1 lakh crore expenditure earmarked towards infrastructure development, real estate in the peripheral and peri-urban area is likely to get a boost coupled with an allocation of Rs 48,000 cr for affordable housing under PMAY (Pradhan Mantri Awas Yojana). The Budget targets to complete 80 lakh houses for identified eligible beneficiaries in urban and rural areas. This would make land in the periphery more accessible and open for future development. It is likely to increase housing sales in the periphery. It will also boost logistic and warehousing activities. The budget pushes for better urban planning in India's cities, focusing on urban sector policies, capacity building, planning, implementation, and governance.

The central government is also to work with the state governments to reduce the required time for all land and construction-related approvals. The government and financial sector regulators will work together to help the middle class and the economically weaker sections gain access to finance for affordable housing. Developers who are building affordable houses will benefit from the affordable housing focus in the Union Budget 2022. Moreover, the Government's focus on developing urban areas will boost employment, thereby raising demand for affordable houses in urban areas. Housing is vital for economic growth as it promotes the development of steel, cement, paint and other industries.

Data centers and energy storage system have been given the infrastructure status to ensure easy financing. Capital investment holds the key to speedy and sustained economic revival and consolidation through its multiplier effect. Capital investment also helps in creating employment opportunities, inducing enhanced demand for manufactured inputs from large industries and MSMEs, services from professionals, and help farmers through better agri-infrastructure.

Private investments require support to rise to their potential and to the needs of the economy. Public investment must continue to take the lead and pump-prime the private investment and demand in 2022-23. The Centre's budgetary capital expenditure increased from Rs 5.5 lakh crore in FY22 to Rs 7.5 lakh crore for FY23. This is a 35.4 percent increase in infra Capex outlay over last year, taking the total sum to nearly Rs 7.5 lakh crore. A massive hike in financial assistance to states for Capex (in interest-free loans) from Rs 15,000 crore in FY22 to Rs 1 lakh crore in FY23 is announced.

Emphasizing the need for Indian "mega cities" to transform into centres of economic growth, tier-2 and tier-3 cities would also have to step up in terms of development. A high-level committee of urban planners will make recommendations of urban policy, capacity building, planning and governance. In keeping with the emphasis on enhanced urban planning, the modernization of bylaws governing urban planning and central government support for mass-transit projects across cities is expected. Five existing academic institutions, would be designated as centres of excellence in urban planning with an endowment fund of Rs 250 crore each. The government's aim to create 6 million new jobs over the next five years will also enable the growth of residential real estate across the country.

The Union Budget has prioritised multimodal connectivity between mass urban transport and rail network. The Finance Minister announced an outlay of Rs 20,000 crore for building a holistic infrastructure in India under the Gati Shakti National Master Plan. The initiative will increase public connectivity within the city and across the region. The PM Gati Shakti National Master Plan was launched to push the engine of growth in the Infrastructure space. It is a massive infrastructure development undertaking for seamless multi-modal connectivity. The National Master Plan is a digital platform that brings 16 ministries, such as Railways, Roadways etc., for seamless connectivity across India.

The PM Gati Shakti National Master Plan encompasses the seven engines of roads, railways, ports, airports, waterways, mass transport and logistic infrastructure for seamless connectivity and movement of people, goods and services. These engines are supported by Energy Transmission, IT and Communication, Bulk Water and Sewerage and Social Infrastructure. The PM Gati Shakti National Master Plan facilitates last-mile infrastructure connectivity, reducing travel time and increasing job opportunities.

The Government will expand the National Highways network by 25,000 Km in 2022-23 under the National Master Plan. It will cost the Government Rs 20,000 crore mobilised through innovative financing. The National Master Plan brings in a new Unified Logistics Interface Platform or ULIP to facilitate data exchange between operators across different transport modes. It promotes efficient movement of goods across different modes of transport, cuts logistics costs and encourages just-in-time inventory management to eliminate tedious documentation. Moreover, the plan also facilitates an open-source mobility stack for seamless travel of passengers across India.

The Railways play a crucial role in the National Master Plan. It will develop new products for small farmers and Micro, Medium and Small enterprises or MSMEs. Moreover, it brings a 2,000 km railway network under 'Kavach' to augment safety and capacity. PM Gati Shakti Master Plan for Expressways will be formulated in 2022-23 to facilitate faster movement of people and goods. The National Highways network will be expanded by 25,000 km in 2022-23. Rs 20,000 crore will be mobilized through innovative ways of financing to complement the public resources. As a part of Atmanirbhar Bharat, 2,000 km of network will be brought under Kavach, the indigenous world-class technology for safety and capacity augmentation in 2022-23. Four hundred new-generation Vande Bharat Trains with better energy efficiency and passenger riding experience will be developed and manufactured during the next three years. One hundred PM Gati Shakti Cargo Terminals for multimodal logistics facilities will be developed during the next three years.

Mass Urban Transport including Connectivity to Railways

Innovative ways of financing and faster implementation will be encouraged for building metro systems of appropriate type at scale. Multimodal connectivity between mass urban transport and railway stations will be facilitated on priority. Design of metro systems, including civil structures, will be re-oriented and standardized for Indian conditions and needs.

The National Master Plan ensures that local businesses benefit from the 'One-Station One-Product concept. Moreover, integrating the railways and postal network promotes the seamless movement of parcels in the country. Developing and manufacturing 400 new-generation Vande Bharat trains will enhance the passenger experience.

Parvatmala: National Ropeways Development Programme

As a preferred ecologically sustainable alternative to conventional roads in difficult hilly areas, National Ropeways Development Programme will be taken up on PPP mode. The aim is to improve connectivity and convenience for commuters, besides promoting tourism. This may also cover congested urban areas, where conventional mass transit system is not feasible. Contracts for 8 ropeway projects for a length of 60 km will be awarded in 2022-23.

The Union Budget has demonstrated the government's strong commitment towards systematic urban growth with a focus on clean tech, sustainable urban living and better governance. The government is expected to build the right balance between large megacities as well as tier-2 and tier-3 cities, while it focuses on creating mass transit systems and encourage EVs, which will help in reducing overall carbon footprint.

Prime Minister's Development Initiative for North East Region (PMDevINE)

A new scheme, Prime Minister's Development Initiative for North East, PM-DevINE, will be implemented through the North-Eastern Council. It will fund infrastructure, in the spirit of PM Gati Shakti, and social development projects based on felt needs of the North-East. This will enable livelihood activities for youth and women, filling the gaps in various sectors.

Anytime - Anywhere Post Office Savings

In 2022, 100 per cent of 1.5 lakh post offices will come on the core banking system enabling financial inclusion and access to accounts through 11 net banking, mobile banking, ATMs, and also provide online transfer of funds between post office accounts and bank accounts. This will be helpful, especially for farmers and senior citizens in rural areas, enabling interoperability and financial inclusion.

Budget 2022-23: Enhancing Infrastructural ...

Digital Banking

In recent years, digital banking, digital payments and fintech innovations have grown at a rapid pace in the country. Government is continuously encouraging these sectors to ensure that the benefits of digital banking reach every nook and corner of the country in a consumer-friendly manner. Taking forward this agenda, and to mark 75 years of our independence, it is proposed to set up 75 Digital Banking Units (DBUs) in 75 districts of the country by Scheduled Commercial Banks.

e-Passport

The issuance of e-Passports using embedded chip and futuristic technology will be rolled out in 2022-23 to enhance convenience for the citizens in their overseas travel.

Urban Planning Support to States

For urban capacity building, support will be provided to the states. Modernization of building byelaws, Town Planning Schemes (TPS), and Transit Oriented Development (TOD) will be implemented. This will facilitate reforms for people to live and work closer to mass transit systems. The Central Government's financial support for mass transit projects and AMRUT scheme will be leveraged for formulation of action plans and their implementation for facilitating TOD and TPS by the states.

Land Records Management

Efficient use of land resources is a strong imperative. States will be encouraged to adopt Unique Land Parcel Identification Number to facilitate IT-based management of records. The facility for transliteration of land records across any of the Schedule VIII languages will also be rolled out.

The adoption or linkage with National Generic Document Registration System (NGDRS) with the 'One-Nation One-Registration Software' will be promoted as an option for uniform process for registration and 'anywhere registration' of deeds & documents.

AVGC Promotion Task Force

The animation, visual effects, gaming, and comic (AVGC) sector offers immense potential to employ youth. An AVGC promotion task force with all stakeholders will be set-up to recommend ways to realize this and build domestic capacity for serving our markets and the global demand.

Telecom Sector

Telecommunication in general, and 5G technology in particular, can enable growth and offer job opportunities. A scheme for design-led manufacturing will be launched to build a strong ecosystem for 5G as part of the Production Linked Incentive Scheme.

Atma Nirbharta in Defence

Our Government is committed to reducing imports and promoting AtmaNirbharta in equipment for the Armed Forces. 68 per cent of the capital procurement budget will be earmarked for domestic industry in 2022-23, up from 58 per cent in 2021-22. 88 Defence R&D will be opened up for industry, startups and academia with 25 per cent of defence R&D budget earmarked. Private industry will be encouraged to take up design and development of military platforms and equipment in collaboration with DRDO and other organizations through SPV model. An independent nodal umbrella body will be set up for meeting wide ranging testing and certification requirements

Solar Power

To facilitate domestic manufacturing for the ambitious goal of 280 GW of installed solar capacity by 2030, an additional allocation of Rs. 19,500 crore for Production Linked Incentive for manufacture of high efficiency modules, with priority to fully integrated manufacturing units from polysilicon to solar PV modules, will be made.

Circular Economy

The Circular Economy transition is expected to help in productivity enhancement as well as creating large opportunities for new businesses and jobs. The action plans for ten sectors such as electronic waste, end-of-life vehicles, used oil waste, and toxic & hazardous industrial waste are ready. The focus now will be on addressing important cross cutting issues of infrastructure, reverse logistics, technology upgradation and integration with informal sector. This will be supported by active public policies covering regulations, extended producers' responsibilities framework and innovation facilitation.

Sunrise Opportunities

Artificial Intelligence, Geospatial Systems and Drones, Semiconductor and its ecosystem, Space Economy, Genomics and Pharmaceuticals, Green Energy, and Clean Mobility Systems have immense potential to assist sustainable development at scale and modernize the country. They provide employment opportunities for youth, and make Indian industry more efficient and competitive. Supportive policies, light-touch regulations, facilitative actions to build domestic capacities, and promotion of research & development will guide the government's approach. For R&D in these sunrise opportunities, in addition to efforts of collaboration among academia, industry and public institutions, government contribution will be provided. Agriculture and farming sector are to be supported with technology usage such as kisan drones for crop assessments.

Conclusions

The infrastructure status to the data centre industry will help companies in availing easier credit and managing resources as the industry seeks to expand outside top cloud regions. The massive regulatory need for data localization has fuelled the industry's growth leading to investments from top Internet firms like Microsoft and Google along with home-grown giants like the Adani group. This may spur total investment in the Data-center industry in India to touch Rs 70,000-72,000 crore over the next five to ten years.The proportion of Capex in this budget out of total expenditure continues to show a significant increase and the introduction of schemes like PM-DevINE and Parvatmala will bring geographical equity to the expenditure. The government has chosen the path of public investment to nudge in private investment in infrastructure, particularly transportation and communications-to deliver growth. The National Highways, Railways and rural roads get the bulk of the enhanced allocations (Rs. 76,665 crores, Rs. 30,000 crores and Rs. 4,000 crores increases of 133 %, 28 % and 27% respectively). In addition, nearly Rs 1 lakh crores has been reserved for a 50 year interest free loan to be used by the states for infrastructure. The Budget builds a strong foundation for the future with a focus on infrastructure, sustainability and inclusive growth while maintaining fiscal prudence. The Budget reinforces India's commitment to addressing climate change with various initiatives around clean mobility. It is inclusive in its approach by addressing the rural sector, MSMEs and various economically vulnerable sections of society.

3. Reservation. Reservation for SC/ST/OBC/EWS/PwBDs/ESM categories are available as per extant Government Orders. The reserved vacancies will be filled up separately from amongst the eligible SCs, STs, OBCs, EWS candidates which will thus comprise of SC, ST, OBC, EWS who are either lower in merit than the last general candidate on merit list of UR category or SC/ST/OBC candidates who have availed age relaxation for respective category irrespective of their position in merit list. Similarly, reserved vacancies for PwBDs & ESM will be filled up from amongst such eligible candidates from respective **category who are lower in merit than the last general candidate on merit list of unreserved category** but otherwise found suitable for the appointment even by relaxed standard viz. age limit etc. Reservations for PwBDs & ESM fall under the category of Horizontal reservation which cuts across vertical reservation i.e. reservation for SC/ST/OBC/EWS (What is called inter-locking reservation). The candidates selected against the PwBDs & ESM quota will be placed in the appropriate category of UR/SC/ST/OBC/EWS as the case may be.

4. Age Limit. Between **18 and 25 years** as on crucial date with relaxation as under: -
(a) Relaxable for Government servants upto forty years in accordance with instructions or orders issued by Central Government from time to time and further relaxable for five years, as in the case of Scheduled Castes and Scheduled Tribes.
(b) Relaxable to apprentices to the extent of the period for which the apprentice had undergone training.

5. Educational and other Qualification.

(a)	**Essential.** Matriculation or equivalent from a recognised Institute or Board with knowledge of English.
(b)	Should have completed Apprenticeship Training in the trade. **OR** Mechanic or equivalent with two years regular service in the appropriate Technical Branch of the Army, Navy and Air Force.
Note: Qualifications are relaxable at the discretion of the Appointing Authority in the case of candidates otherwise well qualified.	

6. Method of Recruitment. By selection of ex-Naval apprentices (ex-apprentices of Dockyard Apprentice Schools of Indian Navy) and having age criteria as mentioned under the heading 'Age Limit' and 'Age Relaxation and Crucial Date'. The candidate should be in possession of Apprenticeship Certificate issued by either National Council of Vocational Training or a Naval Apprentice School depicting marks.

7. Nature of Duties/Job Profile in Brief. The Tradesman skilled as per his/ her trade is required to undertake repairs of equipment/ structures and refit of ships and submarines and shall work both onboard ships/ submarines and at the shop floor. The trade wise nature of duties/ job profile is elaborated below: -
(a) Electrical Fitter. Rewinding of all electrical rotary machineries including generators, converters, motors, armatures, transformers etc. Also responsible for repairs in shop floor and in-situ of stators, rotors, armatures, dynamos, igniters, tacho generators DC motors etc.
(b) Electroplater. All electroplating activities in the Yard viz. Hard chrome, nickel, copper, tin, zinc and lead plating. Commissioning and capacity test of different types of low power batteries, loading/unloading of main propulsion batteries of submarines.
(c) Engine Fitter. Repair/ overhaul, installation and trials of main propulsion machinery, auxiliary machinery, governors, deck machinery, flight deck machinery etc. Also work on alignment of all types of machinery, underwater valves and fittings, chemical cleaning of machinery parts, reclaiming of worn out machinery parts and extraction and fitting of equipment onboard ships and submarines.
(d) Foundry. Work on various types of cores, patterns, moulds and fettling operations.

Also work on casting operations and rectify defects arising on casts. Work on various furnaces and able to rectify defects occurring during cupola operations.

(e) Pattern maker. Construct and work on patterns. Also to work on wood working machinery and in foundry.

(f) ICE Fitter. Repair/ overhaul, installation, setting to work and trials of main diesel engines, reduction gears and diesel alternators onboard ships and submarines including lowering, foundation preparation, mounts grouping and alignment. Fitment of all auxiliary machinery, fittings and associated systems related to diesel engines onboard ships. Also undertake capital repairs and routines of various types of diesel engines, DAs and reduction gears fitted onboard ships and submarines.

(g) Instrument Fitter. Work on control systems of power and electrical systems onboard ships and submarines. Responsible for switchboard control systems, signal conditioning, data acquisition and conversions and measurement of power.

(h) Machinist. Usage of special machine tools related to the trade such as automatic lathe, multi-spindle lathe, crank turning lathe etc. Usage of advanced machines such as 3 axis, 5 axis CNC machines, reclamation of worn out components of machinery by metal deposition and other methods, heat treatment of steels, manufacture of special tools, jigs and fixtures and Die making materials and metrology related works.

(j) Millwright Fitter. Lathe, milling, boring, drilling and grinding operations. Repair and overhaul of machines, installation and erection of foundation of machines.

(k) Painter. Application of underwater anti corrosive paints, anti-fouling paints, boot topping and all types of primers and various types of paints and colour schemes onboard ships and submarines. Surface preparation by sand blasting, grit/ shot blasting, vacuum blasting etc. Also to undertake mechanical and optical spacings, standardized lettering schemes, Mechanical Engineering lettering etc.

(l) Plater. Plate preparation, priming and marking, riveting work, development of shell plates having curvature in one or two directions, cold and hot bending of steel plates and sections, lifting/handling of a prefabricated panel hull survey, testing of compartments and tanks for water and air tightness, Air pressure test and Citadel trials.

(m) Sheet Metal Worker. All types of sheet metal processes undertaken in the Yard, development of shell plates having curvature in one or two directions, cold and hot bending of steel plates and sections, joining of sheet metals riveting, spot welding, soldering, etc., various types of paneling required to be fabricated and fitted onboard ships and submarines, paneling in cold room/cool room and inside GT intakes. Also required to undertake work on various types of ventilation and exhaust systems and trunking arrangements, hangar shutters of ships, perforated strainers, filters, blower impellors, motor casings etc.

(n) Pipe Fitter. Manufacture of pipes and associated fittings of various shapes and sizes using different materials and their fitment onboard ships and submarines, chemical cleaning of pipes, annealing, hardening and burning of pipes, hot and cold bending of pipes, gauging and templating of pipes, manufacture and fabrication of various joints and fittings used for completing pipe systems, repair of valves of various sizes and shapes and of various materials, survey, fabrication, testing and inspection of various systems onboard.

(p) Refrigeration & Air Conditioning. Overhaul and repairs of different types of air conditioning and refrigeration plants. Undertake pressure test, vacuum test, charging and trial of plants. Testing, maintenance and servicing of Ref & AC Plants excluding electrical side. Calibration and testing of all instrumentation and cut outs/ alarms used on the Plants. Undertake chemical cleaning of coils, condenser shells, ATUs etc. in shop floor. Overhaul sealed unit compressor and domestic refrigeration and A/C machines.

(q) Tailor. Servicing and routines on the fabric portion of all lifesaving equipment. Undertake repairs and renewal of buoyancy chamber panels, canopy panels, towing bridle and tightening strap. Execution of detailed test procedure on completion of every repair and servicing job of life saving equipment and packing of all type of life rafts as per SOLAS regulations.

(r) Welder. Welding, brazing, soldering, metallizing onboard ships and submarines. Undertake different types of welding like MIG, TIG, metal arc, submerged arc, ultrasonic etc. onboard vessels, welding of joints and rectify defects in welding. Further, also undertake cutting of plates, sheets and other ferrous and non-ferrous metals onboard ships and in the shop floor utilising oxy-acetylene, LPG, plasma and ultra-high pressure water cutting by the use of automatic and semi-automatic procedures and non-destructive testing of weld joints by the use of various methods.

(s) Radar Fitter. Repair, maintenance, installation and setting to work and trials of all radar systems, transmitters, antennas, displays etc. fitted onboard ships and submarines.

(t) Radio Fitter. Repair, maintenance, installation, setting to work and trials of all communication systems fitted onboard ships and submarines.

(u) Rigger. Work with rigging material whilst docking/ undocking of vessels, berthing and warping of ships. Also undertake load testing and load calculations for rigging material, repair and maintenance of Fenders, Hurricane hawsers, Capstans, Masts, Arrester wires, Pulleys, blocks and tackles etc. in addition to undertaking erection and maintenance of all staging equipment including Pipe scaffolding, Quick scaffolding, Trestles etc.

(v) Shipwright. Operation of caissons, dock gates etc., laying wooden docks, deck planking, repair and erection of keel blocks, cradles, shoring, cribbing and other structures used for supporting ships in dry docks, lamination and bending of wood for fabrication of large sections, manufacture of catamarans, rafts, floats, pontoons, masts, spares, ladders etc. and work on wood working machines and portable tools. Also repair hull of all types of GRP boats, collar plates, and associated fittings and carry out leak checks.

(w) Blacksmith. Survey and repairs of anchor and chain cable, load testing of chain cables, heat treatment of various fittings and accessories associated with anchor and anchor chain cables, examination & test of wrought iron chain cable and forged steel chain cable, carry out maintenance routines of chain testing machine and work with various types of furnaces.

(x) Boiler Maker. Removal and refitting of boilers, super heaters and economisers and associated fittings onboard ships. Undertaking of boiler expansion arrangements, refractory brickwork, welding of boiler pressure parts, bending and setting of tubes as per templates, fabrication and working with jigs and fixtures, hot insulation used for boilers fittings and equipment and maintenance of registers and records.

(y) Civil Works. Maintenance of buildings, roads, gardens, fountains, jetties, docks and wharves in the Yard. Also to undertake collection and disposal of dry/ wet garbage and debris and maintenance of sewage system of the Yard.

(z) Computer Fitter. Undertake repairs of PCB integrated circuits, modules and whole assemblies, control and stabilisation systems of weapons and their associated systems and coding. Repair, calibration and refitting of various instruments, actuators, relays, switches, timer circuits, sensors, PCBs etc. and installation, setting to work and trials of control system of weapon equipment onboard ships and submarines.

(aa) Electronics Fitter. Undertake repairs of PCB integrated circuits, modules and whole assemblies, control and stabilisation systems of weapons and their associated systems. Repair, calibration and refitting of various instruments, actuators, relays, switches, timer circuits, sensors, PCBs etc. Armament alignment and installation, setting to work and trials of control system of weapon equipment onboard ships and submarines.

(ab) Gyro Fitter. Repairs, maintenance, installation and trials of gyro, ring laser gyros, Fibre optic gyros and magnetic compass onboard ships and submarines. Also responsible for installation and commissioning of new generation navigation equipment onboard ships and submarines.

(ac) Machinery Control Fitter. Repair/ overhaul, installation and setting to work and trials of control systems of steam propulsion plants, boiler combustion control system, diesel main engine and DA control systems, steering and stabiliser control systems, winch control systems, lub oil and fuel tank level control systems etc. Repair and refit control equipment used in hydraulic, pneumatic and electric control systems. Repair, calibration and refitting of various instruments, actuators, relays, switches, timer circuits, sensors, PCBs etc.

(ad) Sonar Fitter. Repair, maintenance, installation, setting to work and trials of all sonars, logs, echo sounders, underwater telephones and other systems including their PCBs and modules onboard ships and submarines. Also responsible for repairs and overhaul of all underwater systems, associated hull-outfits, winches, towed arrays.

(ae) Weapon Fitter. Repair, maintenance, setting to work and trials of light gun mountings, launchers, torpedo tubes and mine laying equipment of ships and submarines. Installation of new gun mountings and launchers onboard ships and submarines.

(af) Hot Insulator. Lagging of main steam pipes, manifolds, bellows, spring pipes, bends and exhaust pipes of DGs onboard ships and submarines. Also lagging/ relagging of various pumps, valves, exhaust lines, turbines etc. and usage of templates for lagging purpose.

(ag) Ship Fitter. Undertake repair, overhaul and maintenance of ships and submarine services relating to Fresh water, sanitary, pump, flooding and draining arrangements and other fitted systems. Also to repair rod gearing and various types of valves used in systems and service various doors, hatches, scuttles, manholes, ventilation flaps and other associated arrangements. Undertake repairs of various appliances like gantry, davits, derricks etc. used in ships and submarines, aircraft lifts, telescopic and rolling shutters and dome operating mechanisms and their associated systems.

(ah) GT Fitter. Installation of gas turbines, reduction gears and Gas Turbine generators (GTGs) onboard ships including lowering, foundation preparation, mounts grouping and alignment. Fitment of all GT auxiliary machinery, fittings and associated systems onboard ships. Undertake Setting to work and various trials of GTs and GTGs. Also undertake capital repairs and routines of GTs, Reduction gears and GTGs.

(aj) ICE Fitter Crane. Drive commercial vehicles, tractors, lister, platform trucks, fork lifts and mobile cranes. Also responsible for working on a mobile crane and equipment including lifting, lowering and slewing and traversing.

Note. The duties indicated here are only illustrative and not exhaustive. User Department of Indian Navy may add in the list, duties ordinarily performed by personnel of this level.

8. Age Relaxation and Crucial Date.

(a) Age Relaxation.

S. No.	Category	Age relaxation permissible beyond the upper age limit
(i)	SC/ST	05 Years
(ii)	OBC	03 Years
(iii)	PwBDs	UR - 10 Years, OBC – 13 (10+03) Years, SC/ST – 15 (10 + 05) Years.
(iv)	ESM	Period of Military Service plus 03 Years.

Note. Age relaxation for all other eligible categories will be as per extant rules issued by the Govt. of India from time-to-time.

(b) Crucial Date. The Crucial date for determining the age limit will be the **closing date for receipt of online applications.** Only matriculation or equivalent/ Birth certificate issued by concerned Education Board / Competent Authority will be considered as proof of date of birth.

9. Mode of Selection. The **selection of ex-Naval apprentices** will be carried out as per extant guidelines promulgated by Competent Authority. The other provisions are as follows:-

(a) Screening of Applications. Indian Navy will not carry out detailed scrutiny of applications received online to allow candidates to appear for the examination. Detailed scrutiny of documents will be carried out at a subsequent stage.

(b) Shortlisting of Applications. All eligible ex-Naval apprentices will normally be allowed to appear for selection purpose. Merely fulfilling the basic selection criteria does not automatically entitle a person/applicant to be called for the written examination. If the number of applications received are too large in proportion to the vacancies, the Appointing Authority reserves the right to shortlist the applications, as deemed appropriate, and only the shortlisted candidates will then be called for the written test.

(c) Scheme of Written Examination. NAVAL SHIP REPAIR YARD, PORT BLAIR

RECRUITMENT OF CIVILIAN MOTOR DRIVER (OG)

ADVT NO. ANC-02/2021

ONLY OFFLINE APPLICATION WILL BE ACCEPTED

WRITTEN EXAM FOR CIVILIAN MOTOR DRIVER (OG) WILL BE HELD IN PORT BLAIR ONLY

NO INTERVIEW WILL BE HELD FOR RECRUITMENT

1. Indian Navy invites applications for the post of **Civilian Motor Driver** (Group "C" Non-Gazetted, Non-Industrial) from the eligible candidates to apply in proforma appended below by **Registered / Speed Post** (Application in other forms of mailing will not be accepted). Selected candidates normally will have to serve in the units under administrative control of **Andaman and Nicobar Command, Port Blair,** however they can be posted anywhere in India, in Naval Units/ Formation as per administrative requirement.

Sl. No.	Name of the Post (Classification with pay scale as per 7th CPC)	Distribution of vacancies*						Horizontal Reservation
		UR	OBC	SC	ST	EWS	Total	ESM
(i)	**Civilian Motor Driver (Ordinary Grade)** Level in the Pay Matrix Level-2 (Rs. 19900-63200)	07	04	01	01	01	**14**	01

*** Subject to variation of vacancies**

Suitability for EWSs: Persons who are governed under DoP&T OMs F.No 36039/1/2019-Estt(Res) dated 19 Jan 19 and 31 Jan 19 are identified as EWSs for the benefit of reservation.

Suitability for PwBDs: The post of Civilian Motor Driver (Ordinary Grade) is not identified suitable for PwBDs.

2. Abbreviations Used: - UR- Unreserved, **SC-** Scheduled Caste, **ST-** Scheduled Tribes, **OBC-** Other Backward Class, **ESM-** Ex-Serviceman, **EWS-** Economically Weaker Section.

3. Reservation. Reservation for SC/ST/OBC/EWS/ESM categories is available as per extant Government Orders. The reserved vacancies will be filled up separately from amongst the eligible SCs, STs, OBCs, EWS & ESM candidates which will thus comprise of SC, ST, OBC, EWS, & ESM who are lower in merit than the last general candidate on merit list of unreserved category but otherwise found suitable for the appointment even by relaxed standards viz. age limit etc. Reservations for ESM fall under the category of Horizontal reservation which cuts across vertical reservation i.e. reservation for SC/ST/OBC/EWS (in what is called interlocking reservation). The candidates selected against the ESM quota have to be placed in the appropriate category of UR/ SC/ ST/ OBC/ EWS, as the case may be. EWS who are not covered under the scheme of reservation for SCs, STs and OBCs shall get 10% reservation as per DOP&T orders / guidelines indicated in the OM No 36038/1/2019-Estt (Res) dated 31 Jan 2019.

4. Age & Essential Qualification.

Sl. No.	Name of the Post (refer para 1)	Age	Essential Qualifications
(a)	**Civilian Motor Driver (Ordinary Grade)**	Between 18 and 25 years	**Essential : (a)** Matriculation from a recognized Board or Institution and knowledge of first line maintenance. **(b)** Must possess a Driving License for Heavy Vehicles and Motor Cycles. **(c)** One year practical experience in Heavy Motor Vehicles (HMVs) driving.

Note: The Qualifications(s) regarding experience is/are relaxable at the discretion of Competent Authority in the case of candidates belonging to the Scheduled Caste/ Scheduled Tribes, if at any stage of selection the Competent Authority is of the opinion that sufficient numbers of candidates from these communities possessing the requisite experience are not likely to be available, to fill up the vacancies reserved for them.

5. Job Profile: - Indicative duties and responsibilities of Civilian Motor Driver (OG) are listed as follows:-

(a) Carry out driving duties of Heavy Motor Vehicles as per Office requirement.

(b) Be thoroughly aware about rules of the road, highway codes, road signs and other aspect of road safety and maintenance.

Note. The above list of duties is only illustrative and not exhaustive Section/ Department of the Indian Navy may add in the list, duties ordinarily performed by personnel at this level.

6. Age Relaxation and Crucial Dates:-

(a) Age Relaxation is applicable as per Government orders on the subject:-

Ser.	Category	Age Relaxation permissible beyond the upper age limit
(i)	**SC/ST**	05 Years.
(ii)	**OBC**	03 Years.
(iii)	**ESM**	Period of Military service plus 03 years.

Note. Age relaxation for Departmental candidates, persons domiciled in J&K etc., will be as per extant rules issued by the Govt. of India from time to time.

(b) Crucial Date for determining the Age.

(i) The crucial date for determining the age limit will be the closing date for receipt of Applications from candidates in India i.e. **50 days from the date of publication of advertisement in Employment News** (and not the closing date prescribed for those in Assam, Meghalaya, Arunachal Pradesh, Mizoram, Manipur, Nagaland, Tripura, Sikkim, Ladakh Division of Jammu and Kashmir State, Lahaul and Spiti District and Pangi sub-division of Chamba District of Himachal Pradesh, Lakshadweep). The additional period for submission of Application for candidates from regions mentioned as above shall not reckon to determine their age. Only Matriculation/SSC/Birth Certificate issued by concerned Education Board/Competent Authority will be considered as proof of Date of Birth.

7. Mode of Selection:

(a) Shortlisting of Applications. Where the number of application received is too large (for posts with Matriculation as Educational qualification) in proportion to the vacancies and it is not convenient Administratively for the Department to call all the candidates for the written test, Indian Navy at its discretion, may restrict the number of eligible candidates, whose applications are registered, by short listing as per merit up to the ratio of 1:25 to the number of vacancies based on the marks obtained in the minimum requisite educational qualification for this recruitment/post i.e. **Matriculation** or equivalent from a recognized Board. Merely fulfilling the basic selection criteria does not automatically entitle a person/applicant to be called for the written test.

(b) Scheme of Written Examination. not be eligible for any age and passing marks concession/relaxation. SC/ST candidates can only be exempted from payment of application fee.

5. Selection Procedure. The selection of Officer recruits is based on an all India order of merit which is based on the performance of candidate in various stages (I – V) of examination (explained in detail below) and the number of vacancies available for the post. Clearing of Stage I, II, III, IV and V is compulsory for recruitment in ICG. All candidates will be compulsorily subjected to biometric, photo identification and document verification during various stages of examination. The candidate can apply for a single post only in one recruitment cycle. The details of various stages of examination are as follows:-

(a) Stage-I (CGCAT). The Stage-I would include conduct of screening Test for the eligible applicants which will be a Computer Based Examination conducted at various centers all over India. Screening test is to be conducted for candidates applying for the post of GD/CPL and Technical (Mechanical/Electrical & Electronics).The screening test will be conducted in MCQ pattern with maximum marks of 400 consisting of 100 questions with four marks for each correct answer and one negative marking for each incorrect answer. The duration of the exam will be of two hours and medium of test paper will be English. The candidate has to take following tests depending on post applied:-

Section	Subsection				Duration
	Subjects	No. of Questions (100 per section)	Total Marks (200 per section)	Passing Marks	
Section-I (for GD/ CPL-SSA entry)	A: English	25	100	200 (UR/EWS/ OBC) 190 (SC/ST) {50 (UR/EWS/ OBC) 45 (SC/ST) (for each sub-section)}	2 Hrs
	B: Reasoning & Numerical Ability	25	100		
	C: General Science & Mathematical aptitude	25	100		
	D: General Knowledge	25	100		
Section II (for Mechanical entry)	A: English	10	40	80 (UR/EWS/ OBC) 72 (SC/ST) (for sub section A to D)	2 Hrs
	B: Reasoning & Numerical Ability	10	40		
	C: General Science & Mathematical aptitude	10	40		
	D: General Knowledge	10	40

	D: General Knowledge	10	40		
	E: Electrical & Electronics	60	240	120 (UR/EWS/ OBC) 108 (SC/ST) (for sub section E)	

Note. All India category wise merit list will be prepared on the basis of marks scored in Stage-I (CGCAT) of CGCAT examination. In case of two or more candidates having the same marks, then the tie will be broken in steps as follows (Wherever tie is broken next stage will not be proceeded):-

(i) Candidates scoring more marks in screening test.

(ii) Candidates older in age will be higher in merit.

(iii) If both the above parameters are identical for more than one candidate, then all the candidates older in age whose date of birth falls on the same day, will be shortlisted for Stage-II (PSB).

(b) Stage-II {Preliminary Selection Board (PSB)}. Based on the performance in the Stage-I, candidates will be shortlisted for appearing in Stage-II (PSB) which will be conducted for a day at Noida, Mumbai/Goa, Chennai and Kolkata centres.Candidates will be screened through Computerised Cognitive Battery Test (CCBT) and Picture Perception & Discussion Test (PP&DT). The CCBT will be in English only and will be of objective type. During PP&DT the candidates are expected to speak and discuss in English. However, they are free to speak in Hindi if they wish to do so. The Stage-II examination is only of qualifying nature i.e. either Pass or Fail.

Note.

(i) Candidate's Verification. Candidates reporting for Stage-II will first undergo photo and biometric verification. The photo captured & biometric recorded during Stage-II is to be verified with the captured photo & biometric recorded during the Stage-I. If the biometric is not matching with the screening data, then the candidature will be cancelled.The biometric database will be stored for further stages of examination.

(ii) Documents Verification. The candidates who have cleared PSB will undergo document verification. The original documents brought by candidates will be verified as per the documents uploaded by the candidates during registration for Stage-II. In case of any discrepancy, the candidature will be cancelled and a 'Rejection Slip' indicating the reasons for rejection will be handed over to the candidate.

(c) Stage-III: Final Selection Board (FSB). Stage-II shortlisted candidates will be intimated through their login ID for appearing for Stage-III (FSB) and candidates are required to bring e-admit card for Stage-III. FSB is conducted at the Coast Guard Selection Board (CGSB) located at Noida and spans over five days. The candidates are subjected to Psychological Test, Group Task and Interview (Personality test). The Final Selection will be conducted tentatively from Jul to Oct 22. All documents/certificates verified during PSB are also required to be produced in originals during FSB. Board conference is held on last day and thereafter recommended candidates are sent for Stage-IV i.e. initial medical examination.

Note.

(i) If, total marks of two candidates are same.

(ii) Then, the candidate with more marks in Stage-III will be higher in merit. If, Stage-III marks are same for two candidates.

(iii) Then, Date of Birth (DOB) of candidates will be compared and candidate older by age will be higher in merit.

(d) Stage-IV (Medical Examination). The candidates who clear Stage-III are required to undergo a special medical examination at Base Hospital, New Delhi. Candidates declared unfit in Special Medical Board (SMB) are included in the merit list, because the candidates declared unfit in SMB have the liberty to appeal the verdict and will report for appeal medicals at designated service hospital within 42 days of completion of SMB. If declared unfit during appeal medicals, they have the option for asking for a review of the results. In this case, the approval of the review is accorded from Director General of Armed Forces Medical Services (DGAFMS) through Directorate of Medical Services/CGHQ. If the review is approved, the designated hospital for the conduct of the review is indicated in the approval. The decision of Review Medical Board (RMB) will be final and no further appeal will be accepted.

(e) Stage-V (Induction). The candidates who clear Stage - IV and stand in All India Merit List as per the vacancies available will be provisionally selected for training and will be required to report at INA Ezhimala for Naval Orientation Course (NOC) as per the instructions. All India Merit List will be based on combined marks of Stage-I and Stage-III.Candidates reporting at INA Ezhimala for training will first undergo photo and biometric verification.

EDUCATION AND CAREER OPPORTUNITIES IN AGRICULTURE

shed management, agriculture finance, social-forestry etc.

Candidates have option to go for a general B.Sc. (Agriculture) course or take up a course which specializes in a particular branch of agriculture or allied subjects like Horticulture, Forestry, Sericulture and Agronomy among others.

Master of Science (Agriculture) is more specialized and options include Agricultural Chemistry/Physics, Aquaculture Agronomy, Entomology, Extension Education, Horticulture, Forestry Nematology, Plant Physiology, Pathology, Plant Breeding and Genetics, Soil Science etc. For pursuing a particular specialization, candidates need to check if they have requisite qualification at their graduation level. To illustrate M.Sc. (Ag) in Plant Physiology at Dr Rajendra Prasad Central Agricultural University, Pusa is open to only those whose qualification is simple B.Sc. (Ag) or B.Sc. (Ag) with Horticulture. Thus someone having B.Sc. (Ag) Forestry would not be considered eligible.

A large number of candidates after their M.Sc. (Ag) or similar qualification prefer to enroll for research as there are immense number of opportunities for research in agriculture and allied subjects.

Agricultural Economics: Agri-cultural Economics is a branch of Economics in which we apply principles of economics to agriculture. It is a social science that deals with how producers, consumers, and societies use scarce and natural resources in the production, processing, marketing, and consumption of food and related products. Agricultural economics has both micro-economic and macro-economic dimensions. At the micro level, it is concerned with issues related to resource use in the production, processing, distribution, and consumption of products in food and other agriculture produce. Agricultural economists involved at the macro level are interested in how agriculture and agri-businesses affect domestic and world economies and how the events taking place in other sectors affect these and vice versa. For students of Master Degree in Economics, it is possible to choose specialization in agricultural economics. At the same time, courses such as M.A. or M.Sc. in Agricultural Economics/ Agricultural Statistics are also available. Bengaluru based Dr Ambedkar School of Economics and many others have Agricultural Economics as an elective paper.

Agricultural Engineering: This stream of academics applies engineering principles to find solutions in agriculture and agriculture related work. Agricultural engineers design and develop equipments and machinery and also work on soil and water conservation, irrigation and water drainage systems etc. They contribute in making farming activities easier, more productive and profitable. B.Tech in Agricultural Engineering may be pursued after 10+2. Those who want to pursue M.Tech in Agricultural Engineering may choose specializations like Farm Machinery & Power Engineering, Soil & Water Engineering, Processing & Food Engineering etc.

Agri-Business Management: Introduction of courses related to Agricultural Management and Agri-Business Management is relatively a new development. In about the last two decades, management education in the country has gained much popularity. Considering the role and importance of agriculture in our country, it is heartening to see availability of courses in management of business related to agriculture. In some cases, graduates from any discipline can find admission in such courses otherwise one needs to be a graduate in agriculture or in related subjects to pursue a postgraduate course in Agri-Business Management. Very few opportunities are available to study Agri-Business Management at undergraduate level one of which is B.Sc. (Agri-business Management) at Tamil-nadu Agricultural University, Coimbatore.

Where to Study?

India has one of the best educational infrastructure when it comes to education in different disciplines related to agriculture. The Indian Council of Agri-cultural Research (ICAR) was established as the apex body for co-ordinating, guiding and managing research education and research in agriculture in our country. There are 71 agricultural universities and 111 ICAR-affiliated institutes spread across the country. This is one of the largest national agricultural education and research systems in the world. The ICAR has played a pioneering role in ushering Green Revolution. All agricultural universities offer B.Sc., M.Sc., B.Tech., M.Tech. and Ph.D in Agriculture (and its branches). Courses in Agri-cultural Economics/Statistics as well as Agri-Business Management are available with only some of the agricultural universities.

Job Opportunities

A qualification in Agriculture opens many pathways of work. Campus placement happens at many of the institutes offering courses in Agriculture. Some of the companies which have made campus selection in recent years include Amul, ITC, Nestle, KPMG, Syngenta, KRIBHCO, Rallis India Limited, Godrej Agrovet, Mosanto, DUPONT, DCM SRIRAM, Dhanuka Agritech, BASIX, Aga Khan Foundation, Aditya Birla Group etc. The list gives an idea of the kind of organizations which look for people with qualification in agriculture.

Job opportunities exist in fertilizer, pesticides, agro-chemical, agricultural equipment, tractor manufacturing companies and also micro-finance organizations, cooperatives etc. Agro and rural tourism can also be among options.

Banking sector comprising both public and private sector banks recruit graduates in Agriculture as Agricultural/ Field/ Rural Development Officers. For Public Sector Banks, Institute of Banking Personnel Selection conducts centralized test every year. If you want to choose All India Services, Indian Forest Service (IFS) can be your bet for which examination is conducted every year by Union Public Service Commission. Intensive preparation is required to succeed in this competitive examination.

Agricultural Scientists Recruitment Board has a scheme of National Eligibility Test and Agricultural Research Service and from time to time advertises vacancies for senior positions in government organizations involved in research in agriculture. Various other institutes offering research opportunities include National Rice Research Institute, Cuttack, Indian Institute of Vegetable Research, Varanasi Central Potato Research Institute, Shimla Central Research Institute of Dryland Agriculture, Hyderabad; Central Coastal Agricultural Research Institute, Goa; Central Plantation Crop Research Institute, Kasargod; Indian Grassland and Fodder Research Institute, Jhansi; Central Institute of Cotton Research, Nagpur; Indian Institute of Pulses Research, Kanpur and many others.

Bodies like Central Institute of Agricultural Engineering, Bhopal recruit senior research fellows and research fellows.

Many start-ups now are working in the agriculture domain. You may have your own start-up or work with one. Organizations involved in rural development, non-governmental organizations and the area of corporate social responsibility also offer work opportunities.

Agriculture offers worldwide opportunities. Students with higher qualification in Agriculture may work with international organizations like SAARC Agriculture Centre, Food and Agricultural Organization, International Food Policy Research Institute, International Crop Research Institute for the Semi-Arid Tropics etc.

One can also explore opportunities in other domains related to agriculture such as animal husbandry, fisheries, dairy/poultry farming, floriculture, forestry, sericulture, food processing.

Young Dreams get Wings with Start-ups

Chandan Kumar Choudhary

Mayur Patil, a resident of Pune in Maharashtra, had a motorcycle. In 2011, he tried to increase the mileage of his motorcycle and successfully increased its mileage upto 62 km. In 2017-18, he developed the technology and tested it in buses. This reduced emissions by 40 percent and in 2021 he also got its patent. After receiving a grant of Rs 90 lakh from the Atal New India Challenge, he is now running his own start-up along with four of his friends. Today Mayur is making a device to reduce air pollution of vehicles and increase their mileage. While on one hand the environment is getting benefit from his unique work, he is also becoming self-reliant and giving employment to others. Mayur said that the mileage of the motorcycle which was 25 km earlier, has been increased to 39 km. Like Mayur, Angad Singh, who hails from Ahmedabad, wanted to do something different. This is the reason that when he got the opportunity, he started his own Start-up and started running a website to transport goods. Seeing the success of this Start-up, some of Angad's friends have left their jobs and started working with him. If this change is happening in India today, it has been possible because of Start-up India, which was first announced by Prime Minister Narendra Modi on 15 August 2015 from the ramparts of the Red Fort and was launched on 16 January 2016. Actually, the average age in India is 29 years now and the country is included in the list of world's youngest countries today. The average age of 65 per cent of our population is 35 years. So this is a country of youth whose dreams are also young and they want to do something different by going away from the traditional way, in which Start-up India is proving to be helpful for them and giving new flight to their dream.

The vision behind Start-ups

It is the dream of Prime Minister Narendra Modi that the youth of the country should not be job seekers but job givers, be independent. For this, there is a need to show the right path to the dreams of these youth. The main objective of the Start-up India scheme is to promote overall entrepreneurship, which will increase employment opportunities in the country. The youth of today are the job creators of tomorrow and the leaders of the Fourth Industrial Revolution for Innovation. This is the reason that since the beginning of the Start-up Scheme, the recognized start-ups have now expanded to 623 districts and at present each state and union territory has at least one start-up. When this scheme was launched, 10,000 start-ups were able to start functioning in 808 days, 743 start-ups were recognized in the first year 2016-2017 of the scheme. In the year 2020-2021 alone, more than 16,000 start-ups have been recognized.

Start-ups changed the thinking of New India

These days we hear the buzz of start-up, start-up, start- up everywhere. This proves that this is the era of start-ups, and it is also true that in the world of Start-ups today, India is leading the way in the world. Record investments are being received in start-ups year after year and this sector is growing at a very fast pace. The reach of start-ups has increased even in small towns of the country. Till a few years ago, if someone used to say that he wants to do business or start a new company, then the answer of the elders of the family was - "Why don't you want to do a job? There is security in the job and there is salary. The hassle is also less". But, today if someone wants to start his own company then all the people around him are very excited and also fully support him in this. This scheme became a turning point in the development story of India, after which now people are dreaming of not only becoming job seekers but also becoming job givers. With the Prime Minister's mantra **'Sabka Saath, Sabka Vikas, Sabka Vishwas and Sabka Prayas'**, 'Start-up India' has become a symbol of national participation and national consciousness and is further strengthening India's position on the world stage. This is the reason why Prime Minister Narendra Modi says, "Wherever you look, go to any family, no matter how rich a family, an educated family, but if you talk to the young man in the family, what does he say. He goes out of his family traditions and says, I will start a start-up, I will go to a start-up. That is, his mind is jumping to take risks. Today the start-up culture is expanding even in small towns and I see signs of a bright future in it."

Unicorn has become the focus point

The word 'unicorn' is in a lot of discussion these days. You all must have heard about it. This is a start-up whose value is at least 1 billion dollars, that is, more than seven thousand crore rupees. Till 2015, there were hardly nine or ten unicorns in the country. Now India is soaring high even in the world of unicorns. According to a report, there was a big change in the year 2021 and in just 10 months, India has created a unicorn every 10 days and India has added about 40 unicorns to the Start-up world in the last 50 weeks. This is also a big thing because our youth have achieved this success in the midst of the corona pandemic. Today there are more than 70 unicorns in India. That is, there are more than 70 start-ups that have crossed the value of more than 1 billion. The success of the start-ups have attracted everyone's attention and the way they are getting support from investors from across the country and abroad. May be a few years ago no one could have imagined that.

Youth started a start-up called Saaf-water

Recently some youths have started a Start-up called Saaf-water. The purpose of this campaign run by the youth is to spread awareness about the purity and quality of water with the help of artificial intelligence and internet. The campaign started by some youth aims to create awareness in the areas affected by water quality related matters. This is the next step for cleanliness. Considering the importance of this start-up for a healthy future, it has also received a global award

What is start-up?

Simply put, start-up means starting a new company. Young entrepreneurs start such companies on their own or in collaboration with two or three people. The person who starts the company along with investing the initial capital in the company also operates the company. This company works on relatively new products or services, and services that are not available in the market at that time. However, according to the Department of Industrial Policy and Promotion (DIPP), a Central Government Department, "Start-up company is a company which is registered in India within the last five years and whose turnover does not exceed 25 crores in any financial year so far. It is expected that such company should work in the direction of innovation, development, deployment, commercialization of new products, technology-based services or intellectual property". Through Start-up India, the government not only provides financial assistance, proper platform and incentives to these new and small start-ups, but also through programs like Atal Incubation Center, they are taught the skills to grow in challenging environment.

Government facilities for Start-ups

If your business idea is liked, then the government provides necessary facilities. Also, the government provides the facility of funding. For this, the Ministry of Industry and Commerce can be contacted or information can be obtained from the Website- **www.startupindia.gov.in**. Any entity has to apply and get recognized as Start-up by DIPP to avail various facilities under Start-up India Scheme. Besides, many other benefits are also available for start-ups, such as easy approvals, simple process of company winding up, legal aid, fast-tracking patent applications and filling information gaps. Income tax and capital gains tax exemption for eligible start-ups under Grants and Incentives; Fund of funds and credit guarantee schemes are available to infuse more capital into the start-up ecosystem. Along with this, there is also a provision for many incubators and innovation labs, programs, competitions and support under the Incubation and Industry-Academia Partnership. Apart from this, small business loans for setting up start-ups, easy access to funds, meeting other entrepreneurs, crowd funding facilities are other government benefits.

What is the current status?

Capital raising opportunities for start-ups have increased through the Rs 10,000 crore Fund of Funds scheme and Rs 945 crore Start-up India Seed Fund Scheme (SISFS). At present, the number of DPIIT-accredited start-ups in the country is 60,704. Food processing, product development, application development, IT consulting and business support services have the largest number of start-ups and currently 45% of start-ups in the country are led by a female entrepreneur in the team. In addition, with an average of 11 employees per start-up, a total of 48,093 start-ups in the country created 5,49,842 job opportunities so far and around 1.7 lakh jobs were created by recognized start-ups in the period 2020-2021.

Organizing events in 2022

To mark the 6th anniversary of the launch of the Start-up India initiative, the Department for Promotion of Industry and Internal Trade (DPIIT) organized a week-long event "Celebrating Innovation Eco-system" in January 2022. The main objective of this Innovation Week was to bring together the entrepreneurs, investors, policy-makers and other national, international stakeholders for a specially organized event on Innovation and Entrepreneurship and to exchange information about best practices for development of Start-up eco-system. The initiative is likely to help in motivating youth for innovation and entrepreneurship and to develop the potential of the entrepreneurial ecosystem. The innovation week will help in providing market access opportunities to the Start-ups and provide opportunities for investment in Start-ups from both global and domestic entities.

Let us know which of Mahatma Gandhi's ideals inspire you and how that has motivated you in your life.

1. Nandini Bhatia

New Rajinder Nagar, New Delhi-110060

Mahatma Gandhi once said that, "as human beings, our greatness lies not so much in being able to remake the world as in being able to remake ourselves."

There is so much to learn from the Mahatma that a lifetime is short to correct our ways and follow his ideals. However, I believe that his humility and kindness are the first of his principles that we should learn. For kind women and men build kind societies.

I was 12 years old when I first learnt about Mahatma Gandhi's humanitarian approach. He teaches us that big changes lie in small first steps and that to work on oneself and become a better person is to set the first brick of an ideal society.

It is thanks to his teachings that I now try to be more conscious about the little mistakes I make such as being angry when I can be communicative; being lazy when I can be productive; and being afraid and doubtful when I can focus on the present moment instead. Gandhi has taught us, who we are and who we can be is a matter of choice.

More than 150 years after his birth, we are yet to inculcate his teachings into our individual and national conscience. It is time we take the first step, so that others follow. After all, leading by example is also a Gandhian quality.

2. Ritvik K

Sector 20, Panchkula (Haryana)

When in doubt, who is better to look up to than Mahatma Gandhi. I have always found answers to my problems in his lifelong ideals. His ideals have inspired world leaders like Martin Luther King Jr. and Nelson Mandela. Nothing motivates me better than his commitment to truth, even in the toughest of situations. Whenever I am in a fix, I find myself going down the path shining with truth as it works the best for me than any other. Besides, it makes me confident in my decision making and helps in dealing with tense situations with great ease. My predicament no longer haunts me when I grab the baton of truth. Sure, it is a bit daunting in the beginning but no human relationship can foster without a strong foundation of truth. Being truthful and honest to myself has helped me deal with my anxiety issues in a healthy way. To quote Gandhiji from his memoir My Experiments with Truth, "Truth is like a vast tree, which yields more and more fruit, the more you nurture it. The deeper the search in the mine of truth the richer the discovery of the gems buried there, in the shape of openings for an ever greater variety of service."

I hope to learn more from Bapu and implement them in my life ahead.

3. Anirban Patra

Village- Kesikocha, PO- Bondubrajpur, District- Bankura (West Bengal)

I am deeply motivated by Gandhi's philosophy on basic education. It inspired me to pursue Basic Training after my graduation. Gandhi realized that man is a multi-dimensional entity that's why he aptly said, "Man is neither mere intellect, nor the gross animal body, nor the heart or soul alone. A proper and harmonious combination of all three is required for making of the whole man and constitutes the true economics of education." He advocated the importance of skill based education so that every student can earn their livelihood as future citizen without much hardship. He always believed in the dignity of labour and his concept of "Ram Rajya" was based on labour centric economy with a motto of sustainability and equality. In basic educational pedagogy, the emphasis on craft based education is much needed in today's world where rising unemployment and inequality is a burning issue. In the post Covid world, we have to create a resilient and self sustained economy. Gandhian philosophy of education combined with his economic thoughts could be a panacea for us. The goal of "Atma Nirbhar Bharat" could be crystallized if we follow Gandhi and his philosophy of basic education. Let us take Gandhi as our saviour.

Legendary singer Lata Mangeshkar passes away

Legendary singer Lata Mangeshkar passed away at the Breach Candy Hospital in Mumbai on February 6, 2022. The veteran singer, popularly known as the Melody Queen, was 92. She had been admitted to hospital on 8 January after having tested positive for COVID-19.

Government announced a two-day national mourning in memory of Bharat Ratna Lata Mangeshkar. As a mark of respect, the national flag flew at half-mast for two days. A state funeral was accorded to the legendary singer, who received the Bharat Ratna in 2001. Expressing his condolences, President of India Shri Ram Nath Kovind said in a tweet: 'Lataji's demise is heartbreaking for me as it is for millions the world over. A Bharat Ratna, Lataji's accomplishments will remain incomparable.' Vice President of India Shri M. Venkaiah Naidu said India has lost its voice, in the death of Lata ji, who has enthralled music lovers in India and across the globe for many decades with her mellifluous and sublime voice. Prime Minister Shri Narendra Modi in his tribute said that he had always received immense affection from Lata Didi and that interactions with her will remain unforgettable. In a tweet, the PM said: "Lata Didi's songs brought out a variety of emotions. She closely witnessed the transitions of the Indian film world for decades.' Union I&B Minister Shri Anurag Thakur said the demise of the melody queen is an irreparable loss, adding that she will live forever through her songs. Lata Mangeshkar was born on September 28, 1929, to a Marathi and Konkani musician Pandit Deenanath Mangeshkar. Originally named Hema, she was the eldest of five siblings, including veteran singer Asha Bhosle. Her father Pandit Deenanath Mangeshkar was a classical singer and theatre actor. Lata Mangeshkar recorded her first playback song for a Marathi film, Kiti Hasaal, at the age of 13, and even acted in a Marathi film, Pahili Mangalagaur in the year 1942. In year 1946, she recorded her first Hindi film playback song for Aap Ki Seva Mein, directed by Vasant Jogalekar. In 1972, Lata Mangeshkar won the first National Award for Best Female Playback Singer for the film Parichay. Over the years, the veteran singer won numerous national and international awards including the prestigious Bharat Ratna, the title of Officer of the French Legion of Honour, Dadasaheb Phalke Award, three National Film Awards, four Filmfare Best Female Playback Awards, Filmfare Lifetime Achievement Award and many more. In 1984, the State Government of Madhya Pradesh instituted the Lata Mangeshkar Award, while the Government of Maharashtra also instituted a Lata Mangeshkar Award in 1992 to promote singing talent.

Export Import resumes at the India-Bangladesh border

The export-import activity resumed at the Benapole-Petrapole Integrated Check Post (ICP) on February 5 after remaining suspended since February 1 due to strike by the truckers and workers union at the landport. Trading resumed after the Land Port Authority of India (LPAI) issued a notification allowing the truckers a month's time during which the BSF will not check the driving licences and registration certificates of the vehicles entering the check post at Petrapole on the Indian side of the border. The truckers and workers union have been demanding six months time for renewal of the licences and papers which have expired during the Covid period over the last two years. They have also been protesting against the requirement of a newly introduced ID card system at the ICP.

Inflation rate stands at 6.2% despite Covid-19

Finance Minister Nirmala Sitharaman has asserted that the government's inflation management is robust and the inflation rate stands at 6.2 percent despite the challenges posed by the unprecedented Covid-19 pandemic. She countered opposition's allegations over the inflation while replying to discussion on the Union Budget 2022-23 in the Rajya Sabha. Referring to the global financial crisis in 2008-09, she said, the Indian economy witnessed a contraction of 2.12 lakh crore rupees during that time, whereas the country witnessed contraction of 9.57 lakh crore rupees during the Covid-19 pandemic. She said, despite the huge contraction in the economy during the pandemic, the country's CPI inflation is at 6.2 per cent whereas it was 9.1 percent in 2008-09. The Minister said, Union Budget 2022-23 talks about the stability and creating modern infrastructure in the upcoming 25 years. She said, if the country does not have a vision for the next 25 years, it will suffer like in the past 70 years. She said the Budget will bring continuity and stability in the economy. She stressed that stability will ensure growth of the economy. Talking about the various initiatives of the government, she said, PM Gatishakti is guiding the government to create modern infrastructure across the country. Countering the opposition allegation that the economy is running on treadmill, the Finance Minister said, the size of the GDP was 1.1 lakh crore rupees seven years ago and now it is 2.32 lakh crore rupees.

India win ICC Under 19 Men's Cricket World Cup 2022

India beat England by four wickets to win their fifth ICC Under 19 Men's Cricket World Cup in the West Indies on February 5. The two unbeaten sides met at the Sir Vivian Richards Cricket Ground in Antigua and Barbuda as England went in search of only their second title, but it was India who extended their record of most tournament wins. Raj Bawa took five for 31 as England lost wickets early in their innings before 95 from James Rew restored hope in the push for a first trophy since 1998. It was not to be as both Shaik Rasheed and Nishant Sindhu made fifties before Dinesh Bana crashed back-to-back sixes to seal the win.
