EIGHT YEARS OF MINISTRY OF AYUSH PROMOTING HEALTH THE TRADITIONAL WAY

Sarbananda Sonowal

Human civilization has been in existence from time immemorial. It has survived the test of time through human intelligence and ancient knowledge on uncountable instances. The reliance of humans on nature has remained the solution for several problems encountered by human race in different epochs. For instance, different plants were always known to humans for their medicinal and healing properties. They are still widely used for their medicinal benefits. Many would have looked askance at the fact that 80% of the world's population, in this age and time, use traditional medicines and systems. In a way, this means that the majority of the world's population still relies on ancient traditional medicine.

However, from the twentieth century onwards, human civilization has progressed so rapidly due to advancements in science and technology that somewhere in between the new pace of life and several renaissances, many old ways of doing things have become unexciting or even obsolete. Till recently, we Indians, were also grappling with the same

concern. For long, traditional medicine system was used in the Indian subcontinent for multiple benefits and properties to provide curative treatment. However, this knowledge and system needed to be made mainstream and for this, it required visionary leadership.

Hon'ble Prime Minister Shri Narendra Modi took a major step by forming a separate Ministry of AYUSH in November 2014 for propagating not only Ayurveda but also Yoga and Naturopathy, Unani, Siddha and Homeopathy and Sowa Rigpa systems or as we call it today "AYUSH"

system. The objective was to revive the profound knowledge of our ancient systems of medicine and ensuring the optimal development and propagation of the AYUSH systems of healthcare by leveraged adequately in our public healthcare systems.

In the last eight years, the Ministry of AYUSH under able leadership and guidance of Hon'ble Prime Minister, has taken Indian traditional medicine system to global stage. Be it International Day of Yoga, which is now celebrated across the globe on 21 June each year, or establishment of World's first WHO-Global Center of Traditional Medicine in India, Government of India has formulated policies and taken various initiatives to mainstream AYUSH system in our public healthcare system, which directly benefit all stakeholders i.e. community, students, farmers and others.

The positive features of the Indian traditional systems of medicine namely their diversity and flexibility; accessibility; affordability, a broad acceptance by a large section of the general public;

The system of alternative medicines in India entails Ayurveda, Yoga, Naturopathy, Unani, Siddha, and Homeopathy (AYUSH). Owing to the various measures of the government to lend a fillip to this sector, the AYUSH market has witnessed tremendous growth in the last eight years. The growth has opened doors for all stakeholders to work together to harness the emerging potential of AYUSH in India and across the world, leading to manifold employment and human resource intake in the sector. The Ministry of AYUSH, constituted on 9th November 2014, has taken Indian traditional medicine system to global stage by taking several initiatives. The declaration of 21st June as the International Day of Yoga, allowing 100% FDI in the sector, and the establishment of the WHO Global Centre for Traditional Medicine in Jamnagar, Gujarat, have been the most commendable steps

taken by the Government of India aimed at optimizing the contribution of traditional medicine to global health and sustainable development.

Likewise, encouraging Research and Development, investing in supporting infrastructure, and carrying out publicity campaigns have been the key focus of the AYUSH ministry to promote the sector. In the last eight years, the AYUSH infrastructure has strengthened significantly. The present AYUSH network consists

of around 7.99 lakh AYUSH practitioners, 702 AYUSH teaching institutions, 4035 hospitals and 27951 dispensaries in the government sector.

The expanding network of AYUSH itself tells the story of growth and opportunities. As on date, there are 7.99 lakh

registered practitioners of AYUSH. Among them, Ayurveda has the largest share (443704), Unani (51110) comes next, Homeopathy (293455), then Siddha (91250), after that comes Yoga and Naturopathy (2485). There are more than 700 teaching institutes in all the streams taken together. Apart from these, there are five major research councils-CCRAS, CCRUM, CCRH, CCRYN and CCRS. There are around 9000 drug manufacturing units. To expedite research, the Ministry of AYUSH has developed linkages with research institutes like CSIR, DST, DBT, international universities and have encouraged high quality research in AYUSH systems.

The Republican Ethic/Loktantra Ke Swar

Selected Speeches of President Volume IV Released

The Republican Ethic - Volume IV (English) and Loktantra Ke Swar - Volume IV (Hindi) - selected speeches of President Ram Nath Kovind delivered during his fourth year of Presidency, compiled and published by Publications Division is now available on sale platforms in both print and digital versions. The books were released by Shri Dharmendra Pradhan, Union Minister for Education and Skill

Development & Entrepreneurship, and Shri Anurag Singh Thakur, Union Minister for Information & Broadcasting and Youth Affairs & Sports, on 8th June 2022 at Rashtrapati Bhawan.

Addressing the audience at event, Shri Dharmendra Pradhan said that the compilation of speeches by the President is a good barometer for the state of our democracy. He added that the book will enrich public

discourse and serve as guiding light in India's forward march in the Amrit Kaal.

Speaking on the occasion, Shri Anurag Thakur observed that the wise words of our Head of the State are part of our heritage-preserving the vision, the aspirations and the achievements of the nation. Lauding the efforts of Publications Division in completing the prestigious assignment, Shri Thakur said that the President's speeches

are timeless and serve as a window to the journey of India during this period. The Minister congratulated all stakeholders involved in the process of publishing the books.

The books contain selected speeches delivered by the President on numerous occasions during the fourth year of his presidency. A total of 38 speeches have been selected and categorized into eight sections. Shri Thakur also presented the first copy of the books to the Hon'ble President, Shri Ram Nath

Kovind at his residence.

MoS for Education, Shri Subhas Sarkar; MoS for I&B and Fisheries, Animal Husbandry & Dairying, Dr. L. Murugan also graced the book release function. Secretary to the President, Shri KD Tripathi; Secretary, Ministry of I&B, Shri Apurva Chandra, Secretary, Higher Education Shri Sanjay Murthy, and senior officials of the President's Secretariat, Ministry of Education and Ministry of I&B were also present on the occasion.

EIGHT YEARS OF MINISTRY OF AYUSH

comparatively lesser cost and growing economic value, have great potential to make them providers of healthcare that the large sections of our community needs.

National AYUSH Mission (NAM) has been conceptualized to address the gaps in health services through supporting the efforts of State/UT Governments for providing AYUSH health services/ education in the country, particularly in vulnerable and far-flung areas. Under NAM, special focus is given for specific needs of such areas and for allocation of higher resources in their annual plans.

NAM has been efficiently delivering on the improvement of AYUSH education through enhancement in the number of upgraded educational institutions, better access to AYUSH services through increase in number of AYUSH hospitals and dispensaries, availability of drugs and manpower, providing sustained availability of quality raw material for AYUSH systems of medicine and improving availability of quality Ayurvedic, Siddha, Unani, Sowa Rigpa and Homeopathy (ASUS&H) drugs through increase in number of pharmacies, drug laboratories and improved enforcement mechanism of ASU&H drugs.

Government of India has been working on vision of making all processes of governing, the institutions, practices through which issues of common concern are decided upon and resolved. Working on the same approach the Ministry of AYUSH has been progressively working to achieve it through AYUSH Grid Project, which is digitalization of AYUSH healthcare delivery at all levels.

AYUSH Grid is envisaged as an omnibus digital eco-system to develop a network of people, knowledge and technology for radical, sustainable and wholesome transformation of AYUSH sector, and play a pivotal role in taking care of holistic health care needs (i.e. curative, preventive and promotive health) and socio-economic wellbeing of Indian citizens and further extending the benefits to entire world population.

Ministry of AYUSH has taken initiatives to achieve this goal, mainly through interventions in areas like AYUSH education, AYUSH research, establishing and running national level institutes, setting guidelines for drug regulation, setting benchmarks for AYUSH digitization and forgoing international collaboration in relevant activities.

When the whole world was struggling with COVID-19 pandemic, the Ministry of AYUSH issued various guidelines and conducted extensive research for medicines to deal with the virus. It formed an Inter-disciplinary AYUSH R&D Task Force having representation from the Indian Council of Medical Research (ICMR), Department of Biotechnology (DBT), Council of Scientific and Industrial Research (CSIR), All India Institute of Medical Sciences (AIIMS) and AYUSH Institutions. The Inter-disciplinary AYUSH R&D Task Force formulated and designed clinical research protocols for prophylactic studies and add-on interventions in COVID-19 positive cases for studying four different interventions - Ashwagandha, Yashtimadhu, Guduchi+Pippali and a polyherbal formulation (AYUSH-64).

It has been scientifically found that AYUSH 64 is useful in the treatment of asymptomatic and mild cases as standalone. It is used for the management of mild and moderate COVID-19 infection as an adjunct to standard care. This conclusion has been achieved through robust clinical trials conducted by the Ministry of AYUSH in collaboration with CSIR and by CCRAS (Central Council of Research in Ayurveda and Siddha) and National Institutes under the Ministry of

AYUSH. AYUSH 64 is also recommended in "National Clinical Management Protocol based on Ayurveda and Yoga for management of COVID-19".

Ministry of AYUSH, through National Medicinal Plants Board, has undertaken to support market driven cultivation of prioritized medicinal plants in identified cluster/zones with in selected districts of states and implemented in a mission mode throughout the country. As per the scheme guidelines, the support is provided for cultivation of prioritized medicinal plants on farmer's land, establishment of nurseries with backward linkages for rising and supply of quality planting material, post-harvest management with forward linkages, primary processing, marketing infrastructure etc. This initiative has made the

cultivation of medicinal plants a lucrative agribusiness, thanks to the increasing use of relatively safe and affordable plant-based remedies for common ailments.

Recently, Prime Minister Shri Narendra Modi, while inaugurating Global AYUSH Investment & Innovation Summit said "Our heritage is like a legacy to the entire humanity". The Prime Minister hoped that "Amrit Kaal" of next 25 years will prove to be the golden period of traditional medicines. Ministry of AYUSH also believes that we are on the pathway to achieve it sooner than later.

PATH-BREAKING INITIATIVES UNDERTAKEN BY THE GOVERNMENT OVER THE LAST 8 YEARS

Part III- Target Olympic Podium (TOP) Scheme

Sports is a state subject. It is the primary responsibility of the State Governments to develop sports including the creation of sports infrastructure of international standards. The Central Government also provides financial assistance under its scheme of 'Khelo India' to States/UTs to develop critical sports infrastructure and other

decided as part of the Annual Calendar of Training and Competitions (ACTC) in consultation with the concerned National Sports Federations and SAI.

Features

The scheme provides added impetus towards the athlete's preparations, over and above what is planned under the ACTC. The selected athletes can seek assistance under the scheme for

as Commonwealth Games or in which India has good chance of winning medals in the upcoming Olympics of 2024 (Paris) and 2028 (Los Angeles). Presently, nine sports disciplines viz., (i) Athletics, (ii) Badminton (iii) Hockey (iv) Shooting (v) Tennis (vi) Weightlifting (vii) Wrestling, (viii) Archery and (ix) Boxing have been categorised as 'High Priority'.

Under the Scheme of Assistance to National Sports Federations (NSFs), assistance is also provided to sports disciplines other than High Priority Sports disciplines. Assistance is given for participation in international sporting

EN EXPLAINS

events, conduct of international events in India, conduct of National Championships and coaching camps. Further, identification and nurturing of identified talented sportspersons belonging to various sports disciplines is done under the promotional schemes of Sports Authority of India and 'Khelo India' Scheme.

Target Olympic Podium Scheme (TOPS), which covers the junior and sub-junior athletes also, is a dynamic exercise, wherein review of performance is done periodically fixing targets and intermediate milestones for individual athletes; and the sportspersons who fail to achieve the targets despite providing additional support and adequate time are dropped from the scheme.

Further, on the basis on key performance indicators brought out by the Sports Authority of India (SAI) in collaboration with the National Sports Federations (NSFs), Coaches and other stakeholders, a periodic performance review is conducted for all athletes under the Scheme.

the following:

- Customized training under reputed coaches at institutes having world-class facilities
- Participation in international competition
- Purchase of equipment
- Services of support staff/ personnel like Physical Trainer, Sports Psychologist, Mental Trainer and Physio-therapist etc
- Any other support specific to the sport discipline
- Out-of-pocket allowance of Rs. 50,000 a month to the athletes as an incentive

How does it work?

High priority category of sports discipline has been identified to put focus on and incentivize those sports disciplines played in the Olympics in which India has won medals in the last conducted Asian Games as well

Mission Olympic Cell (MOC)

The Mission Olympic Cell is a dedicated body created to assist the athletes who are selected under the TOP Scheme. The idea of the MOC is to debate, discuss and decide the processes and methods so that the athlete receives best assistance. The MOC also focuses on selection, exclusion and retention of athletes, coaches, training institutes that can receive TOPS assistance. The MOC also approves customized programs for athletes under TOPS and support, monitor and review progress of the athletes in accordance with the training programs.

Noteworthy Stats

A total of 148 athletes, including 20 new inductees, in seven Olympic disciplines and six Paralympic disciplines have been identified for support under the Target Olympic Podium Scheme till December 2021. As many as seven athletes earned elevation from the 'Khelo India' scheme and are among the new inductees to TOPS Development Group.

The MOC comprising of seven former athletes as new members, offered suggestions for preparations for the Paris Olympic Games so that India can build on the gains of Tokyo 2020 where Indians won several medals. India won total 7 Medals in Olympics, 2020 which is the highest medal tally from India in any Olympic including 1 Gold, 2 Silver and 4 Bronze. A record number of 54 para-Athletes participated in 9 different sports disciplines. India won 19 medals in Tokyo Paralympics. Till Tokyo, India had won a total of only 12 medals in all previous Paralympics.

Part IV- Startup India

Startups and the entire innovation ecosystem are the engines of growth for any country. Young Indians today have the conviction to venture out on their own and a conducive ecosystem lets them watch their ideas come to life. In today's environment we have more Startups and entrepreneurs than ever before and the movement is at the cusp of a revolution. However, many Startups do not reach their full potential due to limited guidance and access. The Government of India has taken various measures to improve the ease of doing business and is also building an exciting and enabling environment for these Startups, with the launch of the "Startup India" movement.

What is Startup India?

Startup India is a flagship initiative launched by the Government of India in January, 2016 to build a strong ecosystem for nurturing innovation

and startups in the country which will drive economic growth and generate large scale employment opportunities. The Government through this initiative aims to empower startups to grow through innovation and design. The aim is to foster entrepreneurship and promote innovation by creating an ecosystem that is conducive for growth of Startups. India must become a nation of job creators instead of being a nation of job seekers. Fostering a fruitful culture of innovation in the country is a long and important journey. This initiative has today made India the hub of innovation, design and Startups.

Features

The salient features of Startup India are as follows:

- Simplification and Hand-holding
- Simple Compliance Regime for startups based on Self-certification
- Launch of Mobile app and Portal for compliance and information exchange
- Startup India Hub to handhold startups during various phases of their development
- Legal support and fast-tracking patent examination at reduced costs
- Relaxed norms of public procurement for startups
- Faster exit for startups

Pushing the Startup economy in India

Government of India as part of Startup India initiative has implemented Fund of Funds for Startups Scheme and Startup India Seed Fund Scheme across all States/UTs to provide financial assistance and boost private investment in the Startups through Alternative Investment Funds (AIFs) and incubators. A corpus of Rs. 10,000 crore has been sanctioned, spread over 14th and 15th Finance Commission cycles. Small Industries Development Bank of India (SIDBI) is the nodal bank under this Scheme. The FFS Scheme does not directly provide financial assistance to startups, instead supports SEBI-registered Alternative Investment Funds (AIFs), who in turn invest money in growing Indian startups through equity and equity-linked instruments.

Under the Startup India Seed Fund Scheme (SISFS), Rs. 945 crore has been sanctioned for a period of 4 years starting from 2021-22. The funds are released to Startups through approved Incubators.

Startups have actively contributed in Government's flagship programs such as Atal Mission for Rejuvenation and Urban Transformation (AMRUT), Smart Cities Mission, Swachh Bharat Mission, National Heritage City Development and Augmentation Yojana (HRIDAY scheme) to improve urban infrastructure and service provision.

infrastructure, where there are gaps, including for sports science and sports equipment on the basis of viable proposals.

Training of sportspersons preparing to participate in major international tournaments such as Olympics is mainly held at centres of the Sports Authority of India (SAI), which have adequate facilities. In order to realize India's Olympic medal dream, at the 2016 (Rio) and 2020 (Tokyo) Olympics, the Ministry of Youth Affairs and Sports (MYAS) established the Target Olympics Podium Scheme (TOPS or TOP Scheme) in 2014.

What is Target Olympic Podium (TOP) Scheme?

Target Olympic Podium (TOP) Scheme was formulated under the overall ambit of National Sports Development Fund (NSDF) with the aim to identify, groom and prepare potential medal prospects for Olympic and Paralympic Games. The scheme was revamped in April 2018 to establish a technical support team for managing the TOPS athletes and providing holistic support. This flagship program of the Ministry of Youth Affairs and Sports is an attempt to provide assistance to India's top athletes and to add a premium to the preparations of these athletes so that they can win medals in the Olympics and Paralympics.

Preparation of Indian sportspersons and teams for international events, including Olympics 2028, is a continuous process. Talented sportspersons are provided competitive exposure and training under the Scheme of Assistance to NSFs and Target Olympic Podium Scheme (TOPS). Under TOPS, customized training is provided to the medal probables for international events, including Olympics 2028. Training and competition requirements of various sports including those of Olympics are considered and

Startup India Innovation Week

To bring together the country's key startups, entrepreneurs, investors, incubators, funding

virtual week-long innovation celebration was organised to commemorate the 75th year of India's independence 'Azadi Ka Amrit Mahotsav' and was designed to showcase the spread and depth of entrepreneurship across India.

The startup and innovation festival aimed to celebrate entrepreneurship and promote innovation; to exchange knowledge on nurturing startup ecosystems; to develop entrepreneurial ecosystem capacities; to mobilise global and domestic capital for startup investments; to encourage and inspire the youth for innovation and entrepreneurship; to provide market access opportunities to startups; and to showcase high-quality, high-technology, and frugal innovations from India. Furthermore, it was an exercise to identify good practices, learn from each other and helping each other in formulation and implementation of policies in true spirit of cooperative federalism, a momentum has been built across states to build favourable policy landscape for startups. Mentorship has been a key pillar of evaluation during this innovation week which played an important role in enabling mentorship to startups across the country.

Noteworthy Stats

The Indian Startup Ecosystem, the third-largest in the world in number of Unicorns, as of 5th May 2022, is home to 100 unicorns with a total valuation of USD 332.7 billion. 2021 experienced a huge surge in the number of unicorns, registering a total of 44 startups entering the

Healthcare and Lifesciences, Renewable Energy, etc. Over 4,500 recognized startups are in Sectors like Construction, House-hold Services, Logistics, Real Estate and Transportation

entities, banks, policymakers, and other national and international stakeholders, a week-long celebration "Startup India Innovation Week" was launched in January 2022. This

Opportunities in Yoga

On the initiative of Hon'ble Prime Minister Shri Narendra Modi, Yoga has now become a global movement with the 21st June being celebrated as International Day of Yoga, not only in India but across the world. This has also opened up unprecedented opportunities in the field of Yoga and Naturopathy. Morarji Desai National Institute of Yoga provides training to about 4 lakh people every year. According to the information provided by MDNIY, there are some 300 million Yoga practitioners in the world. Wellness service in India consists of opportunities worth Rs 295 billion. India's retail fitness service market is estimated at about USD 2.6 billion out of which Yoga contributes to about USD 80 billion. Demand for Yoga equipment grew by 154 percent during Covid-19. There is a bright future and great opportunity in the field of Yogasna sports.

Opportunities in Medicinal Plants Value Chain

There are immense investment and funding opportunities in the medicinal plants value chain. According to World Health Organisation, around 80 percent of world population relies on plant-based medical treatment. Out of these, 6500 plant species can be cultivated in India alone.

Opportunities in Medical Tourism and Wellness

Growth in medical value tourism and wellness sector also has resulted in manifold rise of job and career opportunities in India and abroad. The new start-ups bear witness to this and it will be no surprise that some of the start-ups in near future become Unicorns.

EVOLVE & SHINE, IT'S YOGA TIME

Dr Neha Gupta

Yoga is not limited to physical exercise/ activity, rather it incorporates rituals and lifestyle to be followed daily to heal our past, present, and future and promote better unity of our body, mind, and soul. Here are easy-to-follow yogic practices for every day to progress inside-out.

Despite being India's ancient wisdom and one of the most practiced physical-mental exercises globally, 'yoga' (including meditation) is still considered a luxury for many. In fact, given the current approach towards yoga, I would like to clarify that it would not be right to put yoga only under the category of exercise or recreational activity; as it is much beyond. It involves still-asanas/postures, dhyana (meditation), and adoption of certain disciplines/rules for external body and inner layers. This practice aims to take us on the path of not only healing our physical body but also working on our thoughts and emotional patterns as well as purification of our Chakras (to be briefly explained subsequently). As per the eight limbs of Ashtanga Yoga, some other disciplines include Yamas (covering moral values of non-violence, truth, non-attachment, etc.), Niyamas (covering cleanliness, mental abilities such as persistence), Dharana (introspection), Pratyahara (less use of senses), Pranayama (breathing techniques), and so on. Thus, yoga is essentially a living style for today and every day which allows the better realization of self, as all aspects of life start from us and flow through us. Yoga even regulates the matters of what to think, feel and believe, when to eat, when to sleep, how to manage morning rituals, etc.

Prior to the COVID-19 pandemic (2020) and the launch of the International Day of Yoga (IDY) in 2015, India's yoga knowledge and its market were largely concentrated (and flourishing) in the West. The pandemic has actually helped yoga to make a great comeback in India. Why should we again miss the bus?

First of all, let me explain why I say that yoga is treated as a 'luxury'? It's primarily because people do not consider yoga/ meditation essential unless they reach their 40s or 50s and/or get some significant mental or physical ailments, which then require them to heal the root cause to make the body and the mind stronger, boost immunity, etc. Although the pandemic has brought to fore the crucial role of many yoga schools, teachers, and professionals in India - at least in the understanding of why and how it is to be done, yoga is still practiced more out of compulsion or as a rigorous exercise to reduce weight or to meditate for fighting depression/anxiety. This is evident from the fact that ever since covid-induced lockdown has been relaxed and life seems to be back to the normal (almost pre-covid level), a number of people have reduced their physical activities, even simple asanas, and cut down on essential Pranayama and Dhyana. However, I want to emphasize that yoga and meditation

International Day of Yoga - 21st June

require long-term practice to stay healthy, active, and agile. Agreed that busy routines, long working hours, rising traffic, and even long-distance traveling prevent us from enjoying the fruits of this specialized knowledge, but don't forget the recent increase in the incidences of heart attacks even among young people.

Normal life has changed forever as we now cannot afford to play with nature. Let me ask you a question: Have you been practicing yoga just out of obligation and without feeling any connection with it? Or do you actually comprehend the need for it? Do you care enough for your physical, mental, and emotional wellbeing (without giving in to any side-effects of over-gyming and medicines)?

Secondly, I intend to apprise you of some basic and easy-to-adopt yogic practices and lifestyle, which can help you to grow and evolve into a better version of yourself (even if practiced for a few minutes daily). Mind it, you have to be consistent enough as you are the 'best work-in-progress' that you can ever work upon.

Yoga in the Sanskrit language is called Yuj, which implies the union of mind, body, and soul. We are beings/souls, who got this body as a costume and the mind is given to us as a tool to function effectively in our day-to-day lives. In order to manage them, different yoga postures have been prescribed: sitting asanas (viz. Padmasana/Lotus Pose, Baddha Konasana/Butterfly Pose, Malasana/Squat Pose, etc.), standing asanas (Tadasana/Mountain Pose, Virabhadrasana/Warrior Pose, etc.), forward-bending (viz. Adho Mukha Svanasana/Downward-Facing Dog Pose, Paschimottanasana/Seated Forward Bend, etc.) or backward-bending (Bandha Sarvangasana/Bridge Pose, Ustrasana/ Camel Pose, etc.), inverted asanas (such as Sirshasana/Headstand), arm balancing asanas (namely, Kakasana/Crow Pose, Mayurasana/Peacock Pose, etc.), and so on. Each has its own utility and functions. For example, backward-bending asanas open up the heart and heal the abdomen, spine, ribcage, etc., while inverted asanas make the mind sharp, reduce stress-

related hormones, and treat cervical. So, half an hour of yoga practice must include various types of postures, depending on your body's strength, capability, and comfort. 'Never overdo' is the mantra!

In fact, all such yoga postures calm down the restless mind and body as well as coordinate/regulate subtle forces in our body, i.e., effectively heal the entire energy system of our body, known as Chakras (located in the astral body along the spinal column). There are seven main Chakras: Root Chakra (located at the base of the spine), Sacral Chakra (below navel), Solar Plexus (upper abdomen), Heart Chakra (centre of the chest), Throat Chakra (throat area), Third Eye Chakra (space between eyebrows), and Crown Chakra (top of the head). If Chakras get underactive or overactive, i.e., unbalanced, then people experience diseases/ disorders in their physical body and mental health. For example, imbalance in the Root chakra can cause fears and insecurities and can lead to problems of the prostate; imbalance in the Heart Chakra can affect the lungs, heart, etc. and can lead to a lack of trust in the Self and the Universe and impact the success of relationships. Yoga postures like Malasana can heal Root Chakra, while Camel Pose can heal Heart Chakra, and so on. Once Chakras get balanced, via yoga, our energies get balanced and aligned and we can then manifest correct functioning of the body organs, governed by the concerned Chakras, and have a joyful and happy life with immense positivity.

Now, let me explain, how I see yoga (including meditation and so many wonderful lifestyle hacks). A healthy mind lives in a healthy body, and for both their good health, it's important to observe how you manage your time during the night before sleeping and just after waking up:

1. Just before going to bed, sitting in silence and journaling can do wonders. That is, at least for 5-10 minutes, close your eyes and observe how your breath is moving in and out, or just listen to the silence and observe what's going on inside of you. Don't get terrified by this term - inside of you is the movement of Prana-shakti/air/energy, the flow of

emotions and feelings, and any state of bliss, or where God-Self exists - whatever one can feel or relate to, may be its stillness or wholeness. This takes practice- just observe the inner body, to start with, or be in the present moment and see what's happening inside the physical boundary of the body. Next, pick up a journal/diary and write down what are you feeling at that time? and, how was the day for you? Forgive people every day before sleeping and be so much grateful to the people/events/situation (mention reasons too). Also, whenever possible, just vent out your emotions/ feelings 'as they are' without any filters or judgments. Do perform deep breathing; you can perform a '4-7-8' breathing technique (inhale on a count of 4, hold for a count of 7, and exhale on a count of 8, say by pursed lips), and/or chant OM 13 times.

2. Get up early! Yoga and Ayurveda speak about the immense importance of Brahma Muhurta (one and a half hours before sunrise, roughly around 3.30/4 AM, which stays upto 5.30 AM). This is the best time for meditation, journaling, and walking. This is because at this time, most of the world is sleeping and the environment is purer and free from negativities; so it is easy to connect with the cosmic energies and create fresh neural patterns. I know it's difficult to be a part of the 5 AM club, but still, try to get up as earliest as possible. And the main things that need to be done in the early morning are: whenever you get up, first wish to the Divine, feel connected to the Supreme Power and be thankful for a new day, and then set the intention, which is one of the most powerful exercises. For example my intention is to read 5 pages of a book, walk 2 km, etc. Be as specific as possible, but don't forget to surrender the intention with trust in the Universe. One can read good motivational books or scriptures. Further, proper body cleansing is a must in the morning.

3. One must do at least simple Pranayama or breathing techniques: minimum of 5-10 rounds of Anulom-vilom/ Alternate Nostril Breathing/Nadi-Shodhan, 4-5 rounds of Brahmari, and 3 times OM chanting. One can do Kapalabhati, but only if learned properly (don't do it during periods). Pranayama regulates breathing and our vital life force.

4. I now list some yogic postures which one can do daily, especially in the morning, for 5-10 minutes even on your bed (which I also regularly do): lie down and stretch your hands above your head; then 5-7 Uttanpadasana/Raised Leg Pose (one-legged and not at 90-degree angle if suffering from backache or leg pain; just do not bend knees); then 4-5 alternate leg rotation pose (Chakra Padasana); followed by 4-5 rounds of Wind-Relieving Pose/Pawanmuktasana. Then rest in Savasana. One can do Bhujangasana/ Cobra pose 2-3 times, followed by Cat-Cow Pose and Child Pose (one can learn from a reliable online platform or from a

Continued on page 28

Continued from page 27

EVOLVE & SHINE, IT'S YOGA TIME

trained teacher). Importantly, also perform simple twist postures, such as Easy Pose/ Sukhasana with a twist or Ardha Matsyendrasana/ Spinal Twist, as these are useful for the spine, kidney, spleen, etc. Do Vajrasana after meals for 5-7 minutes (always keep your back and spine straight).

5. Walking is a necessity, but avoid headphones/earphones; just feel the earth below you, even with shoes, stay connected to it, and preferably do it in the area where there are trees, plants, etc. Morning is the best time, but don't miss the evening also. Learn to connect with nature when you walk. 'Grounding' is a must to stay protected in today's turbulent time. Even from your balcony, see the greenery around, feel its soothing effect, hear the sounds of chirping of birds, and hear sounds of water if you stay near water bodies.

6. Have more plant-based food as our body can easily

digest them. Have a light warm breakfast by 10 AM, as per Ayurveda as it is the period of Kapha. So, one can also follow Ayurvedicdinacharya in terms of timings as per tri-doshas: Vata, Pitta, and Kapha. The idea is to be mindful of what you eat and at what time, and what you should not eat. What you eat is what you become - always remember this part of a yogic lifestyle.

7. At least 10-20 minutes of morning meditation is essential to feel complete and manifest a beautiful life. This helps to bring us back to the present moment and remove negativity and pain. However, it's not that meditation at one time is enough; one must keep a watch on his/her thoughts every 2 hours and pause if something is disturbing or if there is an unpleasant feeling. That time, just check 'how are you feeling right now' and then slowly come back to the core

and say affirmations to yourself that 'I am the best creation of God, my life is beautiful, I am deserving of all the love, I am worthy, I feel abundance' and so on, and eventually your life will be improved. You can also learn to 'talk to your body' and heal it naturally as the body is made with limitless intelligence.

Notably, since the pandemic, so many life healers, motivational speakers, and spiritual healers have come on board to invoke people to heal. Nothing wrong with this path! But take it easy too; start with yoga and meditation first every day to assist better in releasing and healing process. During the current period of spiritual ascension, most of us continuously feel so heavy and emotionally overwhelmed and thus even procrastinate in our work areas. This is because our body is made to move and our mind is supposed to be guided, and we must do activities to keep our soul happy. However, due to long working hours, pandemic-based stress, or too much work at home, we tend to avoid these crucial aspects of our lives, which then shift us from 'ease to disease'. Yoga helps

us to deal with triggers, stressors, and ailments in the most inexpensive ways. Nevertheless, one can do asanas even on office chairs such as seated twists, heel raises, pigeon pose, etc. I suggest, just get up and stand, walk, whenever possible. Keep taking deep breaths as the process is like sending love notes to your body - it takes care of your mind too. Keep blinking eyes in front of the computer. Do some eye exercises and face yoga poses.

The above mentioned yogic lifestyle and techniques may sound time-consuming, but if you can't take out a few minutes daily for yourself, what's the use of earning or working so much? Health is Wealth! You need clear dedication and persistence to do it; start with one week first, then for two weeks, then 21 days, 40 days, and slowly you will develop the habit. Have the will, you will find the right way! Why struggle all your life to attain little joy and luck; give yoga a good chance with all your heart and see how life would miraculously change. Yoga heals you physically and mentally, and also deep inside of you, makes you look glowing and younger, that too without

any adverse effects.

Yoga connects us with our higher self or divinity within us, leading us to realize that we are already pure, powerful, whole, and complete. We thus grow spiritually as well. We can then better honor our feelings and emotions and give adequate love to our body and realize the truth of the Self. This is not just a philosophical talk, but now it's the time to take hold of your life (which cannot be attainable just by going to the gym, over-exercising, or eating supplements). Let the people see the new light shining from you - in fact, yoga heals planetary energy. So, practice yoga for healing everyone.

Try to live in the present moment as much as possible, and this is what yoga is all about. Enjoy your growth and evolution in a yogic way!

ISSUE DATED 28 MAY - 3 JUNE 2022

Question: Minister for Information and Broadcasting, Shri Anurag Singh Thakur recently interacted with the radio jockeys who play a pivotal role in reaching the masses through radio. Do you listen to radio? What is your take on the relevance of radio in today's time?

BHUMIKA MISHRA
KOLKATA

Sometimes staying connected to our roots and embracing them can be something as simple as listening to a radio. Many find it to be old school, passe and that's why not prefer to listen to it. But don't we all listen to audio books and listen to news on YouTube just because we are short of time, but then how much different is a radio from that, it is portable, easy to carry, and unlike our smart phones, it does not require to be charged as well, it is something that presents with it a vast treasure trove of knowledge without the distractions offered by the digital medium in today's time. Yes, I do listen to radio and I believe not only does it helps me to gain lot of knowledge in a short period of time, it also averts me from the urge to look at the screen

several times to check the visuals going on while seeing the news on the TV. It is a portable and inexpensive medium of acquiring information. And audio programs can even be accessed by illiterate people allowing them to comprehend news and stay in tune with the daily happenings. It helps even the unlettered to gain a perspective about the world and also know the government policies and programmes and make educated choices. It also allows cheaper broadcasts in a variety of languages, dialects and audio forms. The accessibility of the radio and the economy of the medium have led to a proliferation of the local radio stations that can cater to niche populations in limited geographies. Today there are 180 community radio stations across India broadcasting in languages and dialects which would typically find no mention in the television. Radio has reached the last man standing in times of calamities and disasters. Radio personalizes the experience of the listeners driving them to use their imagination while deciphering what's unfolding. Radios should be continued to be listened to because they are irreplaceable.

PM Modi Launches LIFE Movement on World Environment Day

On the occasion of World Environment Day on 5th June, PM Shri Narendra Modi launched the 'Lifestyle for the Environment (LIFE) Movement'. The launch also initiated the 'LIFE Global Call for Ideas and Papers', inviting individuals, universities, thinktanks, non-profits and others worldwide to submit measurable and scalable behavior change solutions that can drive climate-friendly behaviors among individuals, communities and organisations. The PM said that the vision of LIFE is to live a lifestyle that is in tune with our planet and does not harm it. Mission LIFE borrows from the past, operates in the present and focuses on the future. Reduce, Reuse and Recycle are the concepts woven into our life. The Circular Economy has been an integral part of our culture and lifestyle, he added.

First Ever National Air Sports Policy Announced

Union Civil Aviation Minister Jyotiraditya Scindia announced the National Air Sports Policy-2022 in New Delhi on 6th June. The objective of this policy is to include India among the top air sporting nations by 2030 by promoting safe, affordable and sustainable air sports ecosystem in the country. Eleven air sports including Aerobatics, Ballooning, Gliding, Parachuting, Powered aircraft and Rotorcraft will be promoted through this policy. Speaking on this occasion, Mr. Scindia said, this will help in generation of one lakh jobs in the sector and increase the revenue from existing 100 crore rupees to 10,000 crore rupees in coming years.

Govt Widens Eligibility for Appointing New Chief of Defence Staff

The Ministry of Defence has issued three separate notifications amending the rules of the Army, the Navy and the Air Force for the appointment of the next Chief of Defence Staff, CDS. Serving three-star Lieutenant General in Army, Air Marshal in Air Force and Vice-Admiral in Navy or retired Service Chiefs or three-star officers can be appointed Chief of Defence Staff if considered necessary in the public interest. India, Vietnam Sign Joint Vision Statement for Defence Partnership

India and Vietnam have signed a Joint Vision Statement on 'Defence Partnership Towards 2030' which will significantly enhance the scope and scale of existing defence cooperation on 8th June. Defence Minister Rajnath Singh was in Hanoi to hold bilateral talks with Vietnam's Minister of National Defence General Phan Van Giang. On the occasion, a Memorandum of Understanding on Mutual Logistics Support was also inked, the first such major agreement which Vietnam has signed with any country. The two sides have also agreed for early finalisation of US\$ 500 million Defence Line of Credit extended to Vietnam. Implementation of the projects will add substantially to Vietnam's Defence capabilities and further PM Modi's vision of Make in India, Make for the World.

RBI Proposes Linking of Credit Cards with UPI

The Reserve Bank of India (RBI) has proposed to allow linking of credit cards to the Unified Payments Interface (UPI). RBI said, the facility would initially be enabled for Rupay Credit Cards after the required system development is complete. The proposal has been made owing to

the fact that the UPI is the most inclusive mode of payment in India with over 26 crore unique users and 5 crore merchants onboard the platform. It added that 594 crore 63 lakh transactions amounting to Rs 10.40 lakh crore were processed through UPI in the month of May 2022 alone. The apex bank hopes that the linking of credit cards with UPI will provide more avenues and convenience to the customers in making payments.

Govt Enhances TDF to Rs 50 Cr to Encourage Atmanirbharta in Defence

The Ministry of Defence has approved the enhancement of funding under Technology Development Fund (TDF) scheme to Rs 50 crore per project from Rs 10 crore. The TDF scheme supports indigenous development of components, products, systems and technologies by MSMEs and start-ups. The scheme aims to provide a major fillip to the defence manufacturing sector by encouraging the industry to innovate and develop defence technologies to place India on the 'Atmanirbhar' (self-reliance) trajectory. In Union Budget 2022-23, 25 per cent of defence R&D budget was earmarked for private industry, start-ups and academia.
